Appealing to Projudice.

The whole Democratic press teems with the most unblushing falsehoods and the greatest misrepresentations, in their efforts to make it appear that the Union party is desirious of making the negro the equal of the white man. This is the same tune they have theen singing for the past four years, with only a slight variation. During the war, they sail " a war for the negro :" now when the war is over, they cry out "negro equality." They mean the frighten away from the campe of the Unionist any nervous or timid men why never think. hat slwave act from the impulat of the moment. They tell the people stories of ghost and hobgoblins, for the same reason that meddlesome old dames tell them to their little grand-children that they wish to reduce to obscience. They know that what they say upor this point is untrue. He that says that it is the object. purpose or design of the Union party of this State to give the negro the right to vote, is either an ignoramus or a falsifier. It is not an issue in this State, nor can it be for the next

General Election-Tuesday, October 10.

REPUBLICANS, have you attended to the very important work of ASSESSING the soldiers, and all others not bitherto assessed, in your neighborhood? If not, do so at once.

Let every man cut out the ticket at the head of this column for reference on election day. It is made up of the true-blue sort of menmost of whom have served their country in the field, and all of them have stood by the Government steadfastly in its great trial.

THE PLATFORMS.

Let no man fail to read the Platforms of the contending parties in this Commonwealth. as published on the first page of this paper. Our business is with that one labeled "dem ooratic." Read it carefully, and tell us if it

does not remind you of that axiom of doctrine practiced upon by that party for ten years past -" A lie well stuck to is as good as the truth." It will be seen that the preamble reiterates

the old indictment against the Republican party for betraying the country, violating the or-ganic law, corruptly squandering the public money, denying justice to the people, and bringing untold calamities upon the country. In reply to this it is enough to say that the Republican party has twice pleaded not guilty to every count in the bill, and twice has it been triumphantly acquitted by an immense jury, composed of the entire voting population of the loyal States. Certainly neither individual nor party should be three times arraigned for the same alleged crime under the Constitu-The first resolution displays a vast amount of the capital stock of that party-CHERE. When we reflect that Secession was accom plished during the administration of James Buchanan, and following that functionary's Message declaring that he had no constitutional right to prevent secession, we submit that it is rather extra lying to say that the "Democracy" have been "opposing the seccession of the South."

ders of that party, is a bugbear of the first markable love for the soldier ! and muddlest water. When it is known that the question of negro suffrage is not at issue they put two soldiers on the ticket. How main Pennsylvania now, nor likely to be for the ny won will be bamboosleed by such shallow next half century, it may appear strange to a pretence?" few people that ye democracie should have set upon the negro again, horse, foot, and artillery. No-it is not strange;" for that party is given to opposition to the unsubstantial shadows of things rather than to the things themselves. Negro suffrage is, not at issue. If you will examine the Republican platform you will find not the remotest allusion to anything of the sort. But the leaders of the copperhead party are at their old game of false issues. They are better at that game than at any other. They always resort to it when desperate.

The seventh resolution is an endorsement of President Johnson's policy of reconstruction qualified by so many fifs,' sands' and 'buts as to reduce the effort to the level of burlesque. We had supposed that so astute a lawyer as Hon. Jeremiah Black would have seen that the the insurgents to confer among themselves during the recess of Congress. The resolution under consideration seems to build upon the expectation that the late seconded States are to have a representation in the next Congress. That expectation is fated not to be realized.

We hazard nothing in saying that men late ly defeated in an attempt to subvert all law, will not be permitted to participate in law ma king just at present.

But we ask our readers to mark the delicate allusion to the "murder" of Mrs. Suratt & Co. by a Military Commission! In view of the fact that the trial of the aseassins by a Military Commission was ordered by the President, the quasi endorsement of the President a few lines above must appear to the public in the light of one of the most ridiculous instances of forgetfulness on record.

We incline to think that some of our cotem poraries have done well in naming this slippery party the "Suratt Democracy."

The tenth resolution sets out with thanks to the gallant soldiers of the republic, and ends with the lie that the Republican party say that of the 45th to us the other day. How many the soldiers " fought and bled, and died, mainly for the freedom of the negro." We challenge them to produce a single utterance of the Republican party of that character. We here declare that the only allegations of the kind exist in the speeches, editorials, and platforms of this mendacious "Democratic" party itself. Who does not know that that party has, from the beginning denounced the war as A.d. d nieger shalition wer !"

The eleventh resolution ought to have originated in the Pickwick Club. It eulogizes the noble manner in which the Democratic press of this Commonwealth have contended in the defence of the liberties of the nation." The conductors of the 'Democratic' press in this State yied with each other in the work of undermining public predit, counseling resistance to the draft, discouraging enlistments, and in various ways giving aid and comfort to the en- of the resolution? emy. Nearly every one of these editors, inluding their candidate for Auditor Gener is morally as great a traitor as Jeff. Davis. The twelfth and last resolution reaffirms the Monroe doctrine ; this, in view of the application by the chiefs of that party to Lord Lyons in 1862, with the object to bring in France and Britain to put down the Administration, is as cool impudence as the world ever saw. We have reviewed the leading points of this pretentious platform hastily. Read and compare it with the platform upon which Gen Hartranft and Colonel Campbell stand.

And so, not expecting to carry the State,

We say to our Republican friends in all candor, that he who leans upon the majority of last fall, and site down and waite, will come to grief-That Tiogs will give a, large majority for the entire ticket at the head of this paper is not to be doubted ; but the question is-how large? We must all go to work and bring out the vote. We have the strength, but it must be brought out. And if any election district fails to get out its vote the returns will show who was lary and who active. Olone up the ranks and storm the enemy's works ! Forward ! There are but thirteen working days left. The 10th of Octo-

ber is at hand. Are you ready?

SENATORIAL.-" Ye Democracie" of this Senstorial District have nominated Mr. S. RICH-ABD PEALE, of Clinton Co., for Senator. Mr. whole work of reconstruction devolves upon Peale is only known to our people as one of Congress, the President having an advisory the gentlemen who came to Wellsboro after privilege and an executive function; only. The Seymour's election in 1862, and had a very so-called reconstruction policy of the President | hard "Drunks" he also is said to have toastis known to be no more than temporary and ed Jeff Davis. Mr. Peale is one of those "harmprovisional, adopted for the purpose of reduc- less, pleasant men," whose forte is anointed ing the military establishment, and to permit looks and pomatum. He commenced with medicine, shandoned that for the law, did not succeed, and tried theology. That proving too much for his head he returned to law, and now desires to try legislation. Not any, thank you.

> Some people are surprised that the New York "Democracy" should have flung their old leaders and distinctive principles to the dogs, and taken Republicaus, obiefly, for candidates for State officers. It does not surprise us, though it is hard on the dogs. The truth is, that party is exhibiting signs of returning reason in York State. It, had no decent men in its organization, and had sense enough to borrow from the Republicans.

But we see the cat's tail in that meal-tub.

We see that the "Democratic" papers are reporting Col. Davis as having lost a hand in the late "nigger abolition war," as they call it. This is a mistake; Col. Davis did not lose a hand in the war, but he will lose it on the 10th day of October.

"I have handed the assessor a list of all the men in my Company," said a staunch Captain more staunch captains, have been as thoughtful?

four years to come.

A provision in our State Constitution makes it impossible to amend it oftener than once in five years. We amended it last year, and can not, therefore, do anything in that direction for the next four years if we wished to do so .-Who among the Union me advocate this amendment of our Constitutie 4 giving the negro the right of suffrage? Doe not the Union party as a unit sustain Presic int Johnson ? Is there any difference in the policy of Mr. Johnson from that held and asserted by Mr. Lincoln ? If so, let us have this difference clearly

pointed out. President Lincoln's policy in regard to the reconstruction of Louisiana, Missouri and Tennessee is identical in every paticular with that pursued by Mr. Johnson in Mississippi, Georgia, Alabama and the othe States which have been in rebellion. The Democrats denounced Mr. Lincoln and called Mr. Johnson very hard names, a few months, since, yet, now when Mr. Johnson is following out the same plans and in the same manner, and is sustained by the same men who upheld Mr. Lincoln, the Democrats set up a claim that they own the President-that they are unionet and we are disunionists ! Shades of the Mighty ! but this is cool .- True Democrat, York ...

The Bedford Inquirer says : " he Domocracy claim that Davis, their candida e for Auditor General, was in the Mexican wir. So was the other Davis who is now awaid a trial for treason. True, the Democratic Tandidate went forth and fought against rebelation for a while. but at the same time had a ps per published at home opposing the war, and eturned home himself to take charge of it before the close of the war, and to oppose with al his power the cause for which he had been fighting. What are the principles of the man who denounces the cause in which he himself i fighting? Has "he any principles? He is just the man to stand upon the platform of a party whose name is indissolubly associated with treason, rebellion, and civil war, under whose ascendency rebellion was conceived, matured, and ripened, by whose chiefs it was directed, by whose politicians it was excused, defended, and declared triumphant; whose 'o gaus, orators, and conventions to day uphole; defend, and justify the false and pernicions theories from which rebellion sprung.

SUPPERING IN VIRGINIA .- The poverty and suffering of the people of Virginia are described as very great. People enjoyed riches be fore the 'evacuation of Richmond are to-day forced by their necessities to beg for bread.----A relative of Chief Justice Marshall, and one of Thomas Jefferson, have each been recipients of much charity. Many of these are aged persons, unable to labor, and deprived by war of support from their children. Others are fesmales. 🚬

5. .

When-at what time during the war-did that party oppose Secession with all its influence?

But the mendacity of the second resolution eclipses even the practiced lying of that party It declares that if "the counsels of the 'Dem ocratic' party had prevailed, the Union would have been saved without the slaughter, debt. and disgrace of a civil war." To this unblushing assumption we oppose the fact that the Southern Confederacy was in full blast a full month before the reins of power passed out of the hands of that party ; Davis had his Cabinet around him, open war was in progress, and in the face of these startling facts both James Buchanan, and Jeremiah Black, his Attorney General (the reputed author of these very res-

olutions) officially declared that there was no constitutional remedy for secession, and by inference, that the rebellion must go.on.

So much for that. Further on the resolution declares that " the democratic party sustained the Government in good faith," &c. To this we oppose the historical facts, that that party under the lead of Hughes, Woodward & Co., in Pennsylvania, Seymour, Wood, & Co., in New York, Vallandigham in Ohio, and the various secret orders of which that party is now concocted, did, during the entire period of the war, in every way endeavor to embarase the Government. Did they not strive to impair public credit by depreciating the currency and denouncing the loan? Did they not endeavor to weaken the military arm by encouraging desertion, denouncing the draft as tyranny, and the waras a failure ? is that the way men take to sustain a cause in good faith? It is such good faith as traitors are capable of. It is the only sort of faith the leaders of that party are capable of. For they are as notoriously untrue to democratic principles as Jeff. Davis has proved to be.

But the sixth resolution is most marvelonely ~ ~~

The Republicans of New York held their State Convention on the 20th. They nominated. Gen. Barlow for Secretary of State, Gen. Martindale for Attorney General, and Gen. Barnum for State Prison Inspector. Ye Democracie having ornamented their ticket with three Republicans, we don't see how our folke can be whipped. Think of Gen. Slocum, Lucius Robinson, and Martin Grover heading a modern democratic ticket ! But to show how completely New York Democracy has caved, eral, John Vau Buren ; Tressurer, Gen. M. L. we quote the following from their platform :

Resolved, That we congratulate the people of this State and of the nation upon the termination of civil war and upon the return of peace, and especially that this blessing is at adjourned sine die. tained with a preserved Union, an undivided country, and the reassertion of constitutional liberty throughout the land. · •• • •

To which should have been added : "And this in spite of the persistent and desperate ef-"Northern Democracy, to prevent the desired in the opinions entertained of them by musithe whole truth of them this fall.

This "Democratic" party is getting sweet on the soldiers,-that is, they talk that sort of thing. Of course, then, they propose to show their exceeding love for the soldiers by giving them place on their local tickets. Unfortunstely for them they have done nothing of that sort in a single county where a nomination by that party is equivalent to an election ! Not a soldier is on that party ticket in either Adams, soldier is on that party ticket in either Adams, Bedford, BERKS, Cambris, Carbon, Center, Clarion, Clearfield, Cumberland, Columbia, Fayette, Franklin, Lehigh, Luzerne, Lycomiug Jefferson, Monroe, Montgomery, Northampton, Northumberland, Schuylkill, Westmoreland, or York counties. Quite an oversight, truly ! Not a single sol-

Speaker-16. NAYS-Messrs. Bearsdale, Bucher, Clymer, Donovan, Glatz, Hopkins, Kinsley, Lamberton, Latta, MoSherry, Montgomery, Reilly, Smith, Stark, Stein and Wallace-16.

So the question was determined in the negative.

Here stands the name of every democratic Senator recorded against a vote of thanks to the gallant Genoral GRANT who brought the war to a successful close.

Among the NOES stands the name of the leader of that same party, WILLIAM A. WALLACE, the chairman of the copperhead State Central Committee, who to-day, professes such love for the soldiers.

The Democrats of New York brve nominated the following ticket: For Secretary of State, Major-Gen. Slocum; Controller, Lucius Robinson ; State Engineer, S. H. Sweet, Canal Commissioner, C. W. Armstrong ; Attorney-Gen-Patrick ; Inspector of State Prisons, A. J. Mc-Nett; Clerk of the court of Appeals, E. O. Perrin ; Judge of the court of Appeals (long term), Judge Brown ; (short term), M.
