Oct. 17, 1865. THE OIL HUNTERS .- Jaobs "Well" is down 350 feet, the rock being compact slate. The flow of salt water still continues. At 268 feet the bit passed through a layer of fossil limestone, the shells in which were preserved even to their delicate linings. The company will procure tubing in a few-days. The Lucky Well" is down 900 feet. It is proposed

to carry it down to 1200 feet. The well on Cance Camp Ceeek is down about 400 feet, with a strong smell of petroleum. The well on Salt Lick Creek is down 315 Teet .-We know nothing of the indications. No report either from Westfield or Occols.

The late appearance of Gen. Cox's reply to Major Elliott, is owing to a misunderstanding touching the space to be allowed the parties. Gen. Cox sent his rejoinder to us some two weeks after the publication of Elliott's last; but it covered about three times the space to which we had limited Mnj. E., and we immedictely notified the General that the matter foust be cut down to 12 columns. He was from horger and did not receive the notice until a later day ; no that the manuscript was not withdrawn for revision till late in September. The delay had been so great, and the demands upon space by the campaign there so pressing, that at our suggestion publication is as deferred until now

BERIOUS ACCIDENT.-A correspondent westes ufrom Oceola, that on last Wednesday evening a runaway occurred in that place, resulting in seri us in jury to a Mr. and Mrs. Murdock. The driver of the extra stage from Addison, on its arrival ht coolse dropped the reins and left his seat. The horse started, and a passenger, in recovering the reins, g t hold one, thus turning the team short about, and finging Mr. and Mrs. M. dick violently to the parth. The fall broke Mr. M's. right arm near the sk sulder and bruised him of erwise; his wife was considerably injured, also. Cur informant says that this is the second runaway on that line within two months; and reprehends the gross careleseness of the driver in leaving vicious horses unattended. The Biggest Apple. We shall have to give the proise for big apples to Mr. B. Claus, of Charleston. He has entered some Pound Sweetings, one of which weighs 21 ounces, and girths 15 inches! He has left with us camples of other varieties which are real

P. S. Latest and biggest! We must alk Mr. Claus to cave. Our colored fellow-citizen, Mr. II. O. Stiles, has shown us a golden pippin from his orchard, which weighs 231 ounces! . We conclude that the black man is a little ahead, as fur as heard from. However, Mesers. John Neal and A. Eaton, of the tally township of Charleston, have shown us at lot of msmmoth winter apples, equal to anything to that kind taken by the lot. We reckon Tiogu can't be beat on apples and cheese.

MUSICAL ENTERTAINMENT. It gives us great pleaswe to achounce to our readers, that the famous bal lad writer and composer, Mr. J. G. CLARE, will hold one of his delightful "Sociables," in the Court House in this borough, Tuesday evening, October 31 Mr. Clark is reputed one of the finest ballad-writers and singers in America, and probably has not equal in either respect. His name has appeared in do varicus leading denominational and secular journ is for several years, accompanied by such encomiums as superior merit only can elicit. Among others, the Detroit Adrertiser gays of him : "He has proved himtelf the most effective singer of plaintive and sentimental ballads that over appeared before a Detroit audience." The New York, Rochester. Buffalo, and Beston daily papers all pronounce him "the finest belied-singer in the country."

He will sing at Tioga Wednesday evening, Nov. 1, in Mansheld, for the general public, Nov. 2, evening, and for the Normal School students, Friday-Nov. -2. The citizens in all these places may prepare for a fare treat.

A CHANCE FOR PETTIFOGGING. Two members of the Chatham election board were arrested and tried before Justice Brewster, of this village, last Solurday, for refusing to receive the vote of Wm. West, an alleged runeway from the draft. Perhaps it is as well to adjudicate a case of this kind here as/ claushere, that the function of an election board may he thoroughly understood, once and for all. But we beg leave to call the attention of the parties to the pres-

coution to the following undisputed facts: I. An election Board, by the laws of this State, is made a tribunal with power to judge of the law and the facts touching the qualifications of persons offering to voice. If is competent to determine prima

Jacie, all questions of this nature. 2. An election Board must decide whether say one effering to vote is white, or black, same, of incame, compos, or non compos, and if a citizen of he State or of the United States. These things they are re-Quired to do by law; and if the Board err in judging a case, the members are no more liable to indictment then is a Justice of the Peace for binding a man over on evidence which fails to convict in a higher triburnl, or a law judge who is reversed in the court above. Otherwise, men could not be found to accept Positions of this kind, as human judgment is fallible 8. Congr. s is competent to decide w p site, and

are not citizens of the United States; and if the complainant in this case was drafted and failed to report before the 8th of May last, he is disfranchised by the act of March last, and is not a citizen of the United States; and none, but citizens of the United States can be citizens of Pennsylvania,

We believe this to be a fair statement of the case. And we guess that no amount of pettiforging can befog court or jury.

It will abound in stirring events, and contain more of the fact, incident and romance of the war than any other work published.

HORACE GREELEY Says: " A great many books will yet be written concerning this War, in addition to the many already in print; but not one of them will give within a similar compass a clearer, fuller, more readable account, entirely from personal observation, of the nature, animus, purposes, tendencies and instrumentalities of the Slaveholders' Rebellion than does the unpretending

narrative of Mr. Richardson."

Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spiread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for home days. A skillul physician applied nitrate of silver, and other remedies, without any apparent effect. For fifteen days we gnarded his hannes, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing also we had any hope from, we began giving your Sarsaparatla, and applying the lodide of potable lotion, as you direct. The sore began to head when we had given the first bottle, and was well when, we had inished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your Sarsaparellla a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Muss., who are a prominent member of the Legislature of Mussachusetts.

"Dr. Ayer. My dear Sr: I have found your Sarsaparella. An excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadial ulcers on his legs, caused by the abuse of mercury, or mercurial disease, winch grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Ayer's Sarsaparilla relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him. Syphilis and Mercurial Disease.

From the well-known and widely-celebrated Dr. Jacob
Morrill, of Cigcinnati.

"I have found your SARRAPARILLA on excellent alterative in diseases of females. Many cases of Irregularity, Lencorrings, Internal Ulceration, and local debility, arising from the scrollous diathesis, have yielded to it, and there are few that do not, when its effect is properly sided by local treatment."

A lady, unwilling to allow the publication of her name, "My daughter and myself have been cured of a very debilitating Lencorrhea of long standing, by two bottles of your Sarsaparilla." Bheumatism, Gout, Liver Complaint, Dyspepsia,

Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly curved by this Ext. Sarsaparilla. AYER'S CATHARTIC PILLS possess so many advantages over the other purga-tres in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever
