Application in Divorce—Sheriff Tabor. That large, fresh stock of Winter Dress Goods...

Soldiers' Orphans' Committee, for Tioga Co.

THOMAS ALLEN, Wellsboro, Chairman. Mrs. Jos. P. Morris, Mansfield, Chas. F. Swan, Tioga, Mr. John Dickinson, Wellsboro, J. B. Niles, Niles Valley.

Any one having a good Melodion for sale or rent, can find a purchaser or lessee by applying to Rev. D. B. VAN ALLEN, Principal of the Academy.

If Josiah Colledge, S. J. Loesinger, and Thomas Conway will call at this office they can hear something to their advantage.

PHENOMENON!—A load of wood was lately brought into town and sold for three-fourths of a cord. It seasoned so rapidly as to shrink into less than half a cord in piling!

Rev. J. F. Calkins will preach the funeral sermon of Calvin S. Dimmick, late a member of the Church of P. V., on Sunday, October 29th, in the church at the Big Meadows, on Pine Creek, at 2 o'clock P. M.

WELL DONE, UNCLE SAM!—The President has appointed Dr. JOHNS, of the Bloomsburg Republican, Assessor of Internal Revenue for that Congressional District. No man in the State makes a more vigorous paper than the Doctor, and never was public recognition better bestowed.

HORSE KILLED.—As Mr. Oscar Campbell, of Mr. Newell Campbell, of Delmar, were coming on this thorough with apples last Saturday morning, a team of the former took fright and ran away, colliding with the wagon of the latter and killing one of his horses instantly.

A BIG BEAR.—The carcass of a big black bear was brought into town last Saturday, and was purchased by Townsend, of the upper meat market. It was a monster, weighing upward of 400 pounds, and by no means fat. The brute was shot by Mr. Ben. Mann, of Mansfield, not far from Round Lake.

Mr. Wallace Moore, of Charleston, will call on the citizens of Sullivan with "The Sea at Service, the Field, the Dungeon, and Escape," a most fascinating book, by A. D. Richardson, war correspondent of the Tribune. We have read the book, and certainly consider it the best yet published.

MUSIC.—Miss F. I. Wood, of Massachusetts, having decided to remain in Wellsboro during the winter, will receive a limited number of Music Scholars at her rooms at Mr. Darby's, opposite Dr. Webb's office. She has had considerable experience in teaching and trusts that she is qualified to give good satisfaction to patrons. Terms liberal.

FATAL ACCIDENT.—Mr. Samuel Rogers, a bold and respectable citizen of Covington township, was instantly killed one day last week while assisting Mr. Philip Wetmore in building a house. Mr. Rogers was holding up a joist by means of a strip of board, while it was being fitted to its place, when the joist fell, striking him on the temple. He was buried on Thursday.

Our citizens will see that Mr. Roy now resides on the march of improvement. The new dwelling, and the elevation of the awning in front of his building, are as fine improvements as have been made.

Mr. Bigoney, of the Pennsylvania House, about to convert the building opposite the Bank into a spacious hall and Lecture room. The structure is to be extended back so as to cover the whole lot.

Our readers will not fail to read the beautiful little poem on the first page, by Mr. J. G. CLARK, the court singer and composer, who will sing in the Court House Tuesday evening, Oct. 31. As stated last issue, he will sing in Tioga Nov. 1st, evening, and at Mansfield, Thursday and Friday evenings, following. The Utica Herald says:

"One great feature of Mr. Clark's songs and singing is their onward and upward spirit. He is making the world better whenever he sings."

The Baptist Christian Herald says: "We almost fancied, during his rendering of 'Rain on the Roof,' that we were listening to a choir of angels."

THE OIL-HUNTERS—EUREKA!—We have to congratulate the good-folk of Tioga, and the "Lucky Well" Company, especially, upon having, after patient search, reached a crevice which produces oil in quantities sufficient to be appreciable. The discovery was made on the 16th inst. Two corresponding ponds, both of whom would be considered entirely reliable, if named, assure us that there is no mistake about the finding of oil. The Directors immediately dispatched their Manager to Buffalo for the tubing and pump, and the question as to there being oil in paying quantities to be obtained from that crevice will soon be settled. The oil was found at a depth of 901 feet.

"Jacob's Well" is down is down 425 feet. The bit passed through a stratum of sand rock 15 feet thick, last week, the entire rock being saturated with petroleum so as to give off a strong odor. From the detritus when emptied from the pump, the water is a strong brine still, and there seems no good reason to doubt that the well will prove a success. The fact that we are in the genuine oil rock is fully established.

We have a semi-official rumor from Oneida Camp Creek which gives a flattering color to the oil prospects there. The operators are greatly encouraged, and we hope to chronicle their success as an early day.

No report from Occola, Westfield, or Farmington.

A Card from Mr. Bowman.

To the People of Knoxville: This day I leave you, but not without many feelings of regret. My most ardent desire has been that I might live with you the full length of my days...

And now dear friends, farewell, and ere we meet again, sepulchral winds may not our foreheads and oppress trees shade our tombs. Should this be our destiny, may even such a separation be but a parenthesis in our connection which shall finally terminate in an eternal union in that better country beyond the stars, where we may never hear the utterance of that word, that heart-breaking word, that word known only amid the mutations of time: Farewell.

Knoxville, Oct. 9, 1865. J. B. BOWMAN.

The Wellsboro Cemetery Company.

It has been said that the degree of civilization and refinement enjoyed by a community may be known on view of its burial-place. We believe the test to be a just one; and so believing, presume that a few words touching the efforts of our Cemetery Company to give Wellsboro and vicinity a good name among men, will not be misplaced.

The Company was incorporated by act of Assembly approved April, 1849, but nothing was done until the passage of the supplemental act of April, 1855, substituting Messrs. Chester Robinson, Wm. Bache, Geo. McLeod, S. F. Wilson, S. E. Ensworth, James I. Jackson, Joseph Riberville, and Levi I. Nichols, in lieu of the persons named as incorporators in the original act.

In November, following, the ground was cleared, plowed and laid down, and considerable progress made in improving the grounds under the superintendence of Mr. B. F. Hathaway, of Flushing, L. I. The price of lots was at first fixed at 8 and 10 cents per foot; but in June, 1856, the minimum price was fixed at 6 cents per foot, and a sale by public outcry ordered for the 18th of August.

A Board of Managers was elected September 1, of that year, as follows: Messrs. Chester Robinson, Wm. Bache, Geo. McLeod, S. F. Wilson, S. E. Ensworth, James I. Jackson, Joseph Riberville, L. I. Nichols, and Peter Green. The Managers encountered many obstacles (for the work of civilization is never light), but by dint of steady perseverance they triumphed over apathy and prejudice.

In October, 1856, Mr. William Bache was elected President of the Company, and Messrs. Jackson, and Robinson, were re-elected Secretary and Treasurer, respectively. The Board remained unchanged up to last September, when M. H. Cobb was elected Secretary, vice James I. Jackson, resigned. The original Board of Managers, with the exception of Messrs. Robert Campbell and Wm. P. Shumway, elected in place of Messrs. McLeod and C. Robinson in 1862, still continues.

At a meeting of the Board on the 16th ultimo, the President reported one-fourth of the lots sold, and the virtual extinction of the corporation indebtedness. The work of improving and beautifying the grounds will now be steadily prosecuted. The Co. is now preparing to enlarge the premises by purchase of lands adjoining, and it is to be hoped that negotiations to that end may meet with unusual hindrance. Already the improvements reflect credit upon the management. Trees have been planted, the sloughs reclaimed, and roadways improved by labor and the lapse of time. The enterprise has emerged from its embarrassments, and seconded by a generous and appreciating public can now essay a larger measure of improvement.

"LIFE AND DEATH IN REBEL PRISONS." By A. O. Abbott: New York, Harper & Brothers; pp. 300. \$1.75. This is one of the most interesting volumes which have come into our hands. The writer is not only in earnest, but a witness to what he relates.

The Lady's Friend, (Deacon & Peterson, Philadelphia) presents extraordinary attractions in the November number. "Grandmother's Portrait" is a delightful steel engraving, a perfect gem. The ladies will find the fashion, literary, and pattern department unequalled. \$2.50 per year.

The November No. of Peterson's Magazine is very fine. Its plate engraving—"Protection," is exceedingly pretty, albeit, not quite as well executed as some of its former engravings. The ladies will get the worth of the year's subscription in this number. Chas. J. Peterson, 306 Chestnut Street, Philadelphia. \$2 per year.
