

GETTING ON IN THE WORLD.—There are many different ways of getting on in the world; it does not always mean making a great deal of money, or being a great man for people to look up to with wonder.

DRESS AND DISEASE.—There is no truth more firmly established among medical men, than that disease follows fashion as much as Bonnets do.

A country editor is an individual who reads newspapers, writes articles on any subject, sets type, reads proof, works at press, folds and mails papers, prints jobs, runs errands, saws wood, works in the garden, talks to all who call, receives blame for a hundred things that are no one's business but his own, works from 5 A. M. to 10 P. M., and frequently gets cheated out of half of his earnings.

A contemporary says: "The first printers were Titans." There are too many "tight ones" among them still.

Woman is said to be a mere delusion, but it is sometimes pleasant to hug delusions.
