tame rat. He will frighten off all the younger fry, as none of them will dare to enter .-The only difficult thing in the matter is to get your first rat. I have had a wire trap baited for weeks before T could entice one to enter it. To get the first, is something like Astor's receipt for getting rich: "Get a thousand dollars clear of the world, and it is all very easy." Since 1 caugh my first rat, I have failed but once for many nights in get have failed but once for many nights in get ting from one to four to keep him company .-If you readers will try my plan, I think that something may be done to abate one of the most tolerable nuisances of the country. To say that millions of dollars worth of property are annually destroyed by rats, would not be an extravagant assertion.

FACTS IN FRUIT CULTURE. - Doctor Trimble, of Newark, N. J., who has paid great attention to fruit culture gives the following as his views, the result of many years ex-1. That the most successful way to con-

quer the curculio is to gather the fruit as it falls and feed it to the stock or destroy it, as it is by this fallen fruit that the curculio propagates its species. 2. That the fruit of the apple tree can be

protected from the apple tree moth by wrapping around each tree two or three times by a rope made of straw. The moths will harbor in this rope and can then be destroy 3. That the only way to kill the peach

tree porer, is to cut him out, not once only in a season, but to follow him up every two weeks until exterminated, After the first 'going over' of an orchard this will be little or no trouble, as each tree can be attended to in two minutes.

HITCHING POETRY .- The following lines should be pondered by every one who presumes to hitch their horses to our village shade trees. They should be heeded too: Horseman, spare that tree !

'Tis not a hitching post; Though in its infancy,
It soon will shade a host; Then spare, oh, spare that tree,
For he who placed it there,
Meant not that it should be By beast of thine gnawed bare:

The leaves of the geraniums are excellent for cuts where the skin is rubbed off, and other wounds of the like kind. One or two leaves must be bruised and applied to the part, and the wound will be cicatrized in a

STIR THE SOIL .- The value of keeping all soils, well stired, among cultivated crops, is not half understood by the great mass of our farmers. Don't let the land become hard and baked, but run your cultivator and plough through your crops, and use the hand hoe thoroughly. The benefit derived from work ing the soil-keeping it mellow-admitting the air, &c., must not be overlooked if you Cloths. wish good crops. Stir the soil.

How to Build A CHIMNEY .- In building a chimney put a quantity of salt into the mortar with whice the intercourse of bricks are to be laid. The effect will be that there will never be any accumulation of soot in that chimney. The philosophy is thus stated :-The salt in the portion of morter wich is exposed absorbs moisture every damp day. The soot thus becoming damp falls down to the XANKEE NOTIONS fire place.

A correspondent writes to the Philadelphia Ledger, that six years experience have convinced him that a coat of gum copal varnish, applied to the soles of boots and shoes, and repeated as it dries, until the pores are filled, and the surface shines like polished mahogany, will make the soles waterproof. and also cause them to last three times as long as ordinary soles.

How to KILL CANADA THISTLES .- MOW them in Augest, when the sign is in the heart and it is said in the old of the moon. I have tried the experiment, and the first year it killed more than half and the second year there was very few left, and the third year there was not one to be found. Try it-it does not cost much.

PRESERVING POTATOES .- Put a foot of potatoes in a bin, then sprinkle with slacked lime then another layer of potatoes, then lime till completed. A bushel of lime will suffice 50 bushols of potatoes -Rural American.

MANURE .- With little of it, very little can be accomplished in this part of the country at farming; but with plenty, almost everything can be done that may be desired, provided it is properly applied to the soil.

The richer a man makes his food, the poorer he makes his appetite!

Ayer's

Scrofula and Scrofulous Diseases. BOTORIAS and BOTORIOUS Diseases.
From Emery Edes, a well-known merchant of Omford, Maine.
"I have sold large quantities of your SARSAPA-RILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Erysipolas — General Debility — Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"Dr. Ayer. I seldom fall to remove Eruptions and Scropholous Sores by the persevering use of your Saksaparilla, and I have just now effect an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsaparilla, you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio,

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Saksaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all.

From Hon. Henry Monro, M. P. P., of Newcoustle, C. W., a leading member of the Canadian Parker.

ment.
"I have used your SARSAPARILLA in my family,
for general debility, and for purifying the blood,
with very beneficial results, and feel confidence in
commending it to the afflicted."

have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhea of long standing, by two bottles of your Sarsaparilla."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA. AYER'S CATHARTIC PILLS

Culverwell's Celebratrd Essay on the radical cure(without medicine) of Spermatorrha, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc. labo Consumption, Epilepsy, and Fits; induced by self-indulgence or sexual extravagance.

The celebrated author, in this admirable cesary, clearly demonstrates from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land

SARSAPARILLA

desired effect and full satisfaction to those who would also as the As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulecers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparalilla. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to ever until we tried your Sarsaparalilla. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennisville, Cape May Co., N.J.

"My daughter has suffered for a year past with a scrofulous cruption, which was very troublesome. Nothing afforded any rellef until we tried your Sarsaparalilla, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nathua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparalilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsaparalilla.

Erysipelas — General Debility — Purify the Blood.

From Dr. Robl. Sawin, Houston St., New York.

om Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parlie-

with very beneficial results, and feel confidence is commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the featering and corrupt wound which covered his whole face. Having tried every thing clse we had any hope from, we began giving your Sarsararall. An and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missourd.

"I find your Saksapakilla a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent number of the Legislature of Massachusetts.

"Dr. AYER. My dear Sir: I have found your Sarsararilla an excellent remedy for Syphiks, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Lieue, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSARABILLA. relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrheea, Whites, Fernale Weakness,

bottles to cure him.

Loucorrhoea, Whites, Female Weakness, are generally produced by internal Scrofulous Utceration, and are very often cured by the alterative effect of tilis Sarsaparilla. Some cases require, however, in aid of the Sarsaparilla, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your Sarsaparilla an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhea, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not;

possess so many advantages over the other purgatives in the market, and their superior

purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

For sale by Banne I & Bannatyne, and Lyman & Wells, Tunkhannock, Sterling & Son, Meshoppen, Sterens & Ackley, Laceyville, Frear, Dean & Co., Factoryville, and all Druggists and Dealers in medicines, everywhere.
