

## Local and Personal.

**Explanation.**—The date in letters and figures on the label attached to this paper, indicates the time up to which the paper has been paid for. Example—"John Smith 8 Aug 65" should be read: John Smith—being a prompt paying man—has paid for his paper up to the 8th day of August 1865. About which time he will make another advance payment for one year, when the figures on the address label will be changed.

Subscribers are particularly requested to give us immediate notice of any error or mistake in the date on the labels of their paper.

**A Card.**

The undersigned having failed in perfecting his arrangement for the publication of a Democratic newspaper at Scranton, by reason of circumstances unexpected and beyond his control, has transferred the paid subscription list to the *Wyoming Democrat*—believing this paper one of the truest exponents of sound Democratic principles in Northern Pennsylvania—and believing that this arrangement will prove satisfactory to all concerned.

E. S. WESTCOTT.

The above card explains itself. A number of persons who are now subscribers to our paper were on the list furnished us by Mr. Westcott; such will receive a credit on their subscriptions to this paper by calling at our office. Mr. W. proposes to continue his efforts in behalf of the Democrat, with his pen and other. All moneys paid him on subscription thereto will be promptly forwarded to us and duly acknowledged.

**Break.**—The break in the canal, near McKane's, is now repaired and water is again being let in to fill the levels below.

The bridge at the lower end of town is again in a fitful state of completion. Should these intermittent spells continue we shall look for a new bridge over Swail Brook sometime during the present season.

A Sabbath School Convention, composed of the different religious denominations of this county, convened at the M. E. Church in this place last evening. The attendance was not as large as anticipated.

**Marriage Certificates.**—We have printed and for sale Marriage Certificates. These in need will find a superior article at this office.

**Treasurer's Sale of unseated lands for taxes.** took place last week. Many of the tracts were redeemed, and the balance were sold at very low prices—but a little more than enough to pay the taxes.

**Fair.**—The Methodist Society of this place will give a public dinner in connection with a fair on the 4th of July. Dinner in the basement of the new church. Proceeds go towards furnishing the church.

Tunk, June 21, 1865.

All persons indebted to Bonnell & Bannatyne by note or book account, are requested to settle with old debt, or note will be made. Office at Sherman & Ledyard's Store.

BUNNELL & BANNATYNE.

**Celebration at Meshoppen.**—Arrangements are being made at Meshoppen to celebrate in an appropriate and becoming manner the ninety-second anniversary of American Independence. Dr. Brundage and other speakers have been engaged to deliver orations on the occasion. A dinner will be served in the grove, the proceeds of which are to go to the benefit of the M. E. Church. Handbills will shortly be issued giving more particularly the programme and order of exercises. A good time generally is expected and everybody is invited to attend and enjoy it.

**At work again.**—Laborers are at work again on the abutments of the Lehigh Valley R. R. bridge at this place. Continued high water the past spring has prevented the resumption of work on the bridges along the line of this road until very recently.

**Worms on Currant Bushes.**—The following recipe for killing currant worms is said to be infallible: "Dissolve one pound of copperas in one gallon of hot water; to this add four gallons cold water, stir up well and apply to the bushes with a sprinkling pot. It is perfectly harmless—will not hurt the bushes or fruit. Apply whenever the worms appear."

**Lighted by Gas.**—Wall's Hotel, at this place, is now lighted by gas, manufactured on the premises from gasoline, or some of the forms of petroleum, by a recently invented apparatus for that purpose. The gentlemen having the invention in charge, claim for it better lights, greater security against accidents, and less expense than any of the other modes of lighting buildings now in vogue. Certain it is, that a splendid light is afforded by this machine.

**Railroad Accident.**—A fatal railroad accident occurred on the Lackawanna & Bloomsburg Railroad on Saturday last, in which one man, R. E. Brown the freeman, lost his life, and several others were badly injured. The engine and ten cars were precipitated down a bank of some twenty-five or thirty feet into the Lackawanna river, but fortunately, the passengers were uncoupled in time to save them from following the engine and tender. A defective rail is said to be the cause of the accident, which occurred near Taylorville, four or five miles from Scranton.

**A Pictorial Campaign Paper.**—Messrs. Bratton & Kennedy, of the *Carlisle Volunteer*, will resume the publication of *The Caucasian*, an illustrated Democratic campaign paper, on July 10, 1865, to continue until the Presidential election. Each number will be embellished with portraits of distinguished Democratic statesmen or humorous cuts illustrative of the political history of the times. This feature made the *Caucasian* a decided success in 1865. Terms: (cash in advance) Single copies, 50 cents; Ten copies, \$4.50; Twenty copies, \$8.00; Fifty copies, \$10.50; One hundred copies, \$15.00. All clubs must be sent to one address. Orders should be sent in at once.

**Hon. A. H. Stephens.**—We would say to our many readers, that the agent for the history of Hon. A. H. Stephens, is now canvassing this Borough, with success, for the time she has been engaged in the work. We have read the book and can truthfully say that it comes up to the standard expressed in the advertisement, as a literary trial of the highest order. It seems to be a work for every reading man, aside from his political creed; the truth of this is attested by the avidity with which all parties show in their eagerness to secure the work. The first volume is already out, and the second will be published next winter. Now is your time to subscribe.

"Onward, right onward,  
Into the Valley of Death,  
Rode the Six Hundred."

But larger, by hundreds multiplied into millions, than the doomed band who rode to swift destruction in Tennessee's pen, is the great cavalcade of unhappy men who are rushing to untimely graves, followed by the gaunt spectre Dyspepsia. This is all wrong, and should cease. Plantation Bitters, the great Stomachic Pain Killer, cures Dyspepsia, Heartburn, Headache, Vertigo, Dullness, and all symptoms of kindred character, as if by magic. For Lung-cough, Laryngitis, Great Weakness and Mental Depression, they have a most wonderful effect.

**Magnolia Water.**—A delightful toilet article superior to Cologne and at half the price.

**Wistar's Balsam of Wild Cherry and Green's Celebrated Salve** have stood the test of long experience, and have come into general use. These articles are no quack nostrums, but genuine preparations, skillfully compounded, and well adapted to the class of diseases for which they are recommended. See Dr. W. F. Wistar, No. 20, Boston, Mass., for the proprietors.

**Highway Robbery.**—A bold robbery was committed about three-quarters of a mile from Lenoxville, Susquehanna County, on the 27th day of May, about eight o'clock in the morning. Mr. Sylvester Con, having staid at his house over night, left at about seven o'clock in the morning to go to Mr. Van Eiten's. While passing through a place of woods he was started by a man who came out of the woods directly to him, presented a pistol and demanded his money, and said, "I am a highwayman and you are a dead man if you do not give up your money instantly." Mr. Con gave him a pocket-book containing a little more than four dollars. The robber insisted that he had more money, and proceeded to examine his pockets. Mr. Con seized hold of the pistol, when a severe struggle ensued and Mr. Con was thrown upon the ground, still holding on to the pistol. He then cried murder, and was heard nearly half a mile. The robber then attempted to seize him by the throat, but being prevented he placed his foot upon his mouth, bruising the upper lip considerably. Mr. Con called as though he saw some one coming, telling him to hurry as fast as possible, when the robber told him if he would let him have his pistol he would leave him, which he did, and he left him. Mr. Con describes him as being a man something over twenty years of age, of medium height, light complexion, with small hair—about No. 6. He is no doubt a resident of this immediate vicinity. Mr. Con came here a little before sunset the night previous, and inquired at a store in the presence of several persons, if any one knew of a horse that was for sale. Some one said he thought Mr. Van Eiten might have one. The supposition, doubtless was, that he had money to purchase a horse. Mr. Con and the citizens of Lenoxville will pay a reward of \$100 to any one who will cause the arrest and conviction of the robber.—*Cor. Montrose Republican.*

**Sidewalk Etiquette.**—Only villagers, or persons with rural ideas, any longer contend that ladies should always be given the inside of the pavement in passing. The rule adopted in all cities is to turn to the right whether the right leads to the wall or the gutter, and an observance of this common sense rule would obviate much unpleasant crowding by over-gallant gentlemen who persistently crowd to the outside of the walk. An other common custom—not required even by fashionable etiquette, and one which is nearly as unexplainable and absurd as the practice of a whole string of men filing out of a church pew, making themselves as ridiculous as an awkward squad practicing at "cut-step." In order to give a woman the wrong end of a pavement, that of a man when at promenade walk with a lady, to turn himself on the outside of the pavement. A little exercise of judgment will convince any person of the utter uselessness of this bawling back and forth at every corner. The common rule is this: "If a man and woman are walking together, she should always be at his right arm, whether it be toward the inside or the outside of the walk, then the woman will not be shoved against the passer—Exchange.

**Terrible.**—On Saturday evening, the 6th inst., an immense and savage bull broke away from his drivers, and rushed through the streets. Becoming maddened by the number of people in his way and when opposite the Company Store he made a furious dash at Miss Lizzie Jenkins, striking her with both his horns and leaving her almost lifeless. She was carried into the residence of Wm. Davis and from thence to her home. Blood issued from her mouth and ears and she was evidently injured internally. Dr. Strawbridge was called, and we learn that she is now sensible, though still in a critical condition.

The animal after making the assault proceeded but a little way when a number of men attacked him with bullets, axes and knives, killing the brute, near America's store. The carcass was at first designed to be burnt by the crowd but was finally hauled away and buried.—*Berwick Gazette.*

**Railroads.**—Among the numerous laws enacted by the late Legislature of this State, having reference to railroad corporations, was the following interesting to the people of this county:

"Incorporating the Wyoming Valley and Ontario Railroad Company, with Harvey B. Ingham, C. S. Lafferty, Wm. H. Jessup, Samuel Hoyt, Elmore H. and others, as incorporators. The capital is \$1,000,000 to be increased if necessary, and the corporation is to have the power of constructing a railroad from the State line at or near the Appalachian or Apalachian creek, in Susquehanna county, thence westerly by the valleys of the Apalachian and Wyandoming creeks to the Susquehanna river, crossing the same, and thence by the Mohopany, Bowman's and Tobey's creeks, to the Wyoming Valley."

**Church on Fire.**—The Episcopal church in this place was set on fire on Thursday last by sparks from an engine on the Lehigh Valley railroad. The fire caught in the roof and threatened to destroy the entire building; but by the prompt efforts of the fireman and teners in the vicinity who saw the smoke and under an early alarm, the flames were subdued after tearing off a portion of the roof. The damage done to the building, furniture, carpets, &c., the railroad company will doubtless make good.—*Pittston Gazette.*

**Why is it that intelligent people, wishing to purchase either a piano, organ or melodeon, prefer to deal with L. B. Powell, of Scranton, rather than to buy of a traveling agent, or of a hawker in some distant city? The reason is, that, having a large stock always on hand, he is perfectly responsible for the warranty which he gives with each instrument, and if one should ever fail, (as might sometimes occur with instruments of the best makers,) there will be no delay in changing it for a new one. Mr. Powell holds himself perfectly responsible for the instruments coming from his establishment, no matter who sells them.**

**Why is it that intelligent people, wishing to purchase either a piano, organ or melodeon, prefer to deal with L. B. Powell, of Scranton, rather than to buy of a traveling agent, or of a hawker in some distant city? The reason is, that, having a large stock always on hand, he is perfectly responsible for the warranty which he gives with each instrument, and if one should ever fail, (as might sometimes occur with instruments of the best makers,) there will be no delay in changing it for a new one. Mr. Powell holds himself perfectly responsible for the instruments coming from his establishment, no matter who sells them.**
