The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It is either produced or produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes impure, and is unable to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay.

Ayer's Sarsaparilla is compounded from the most effective antidotes that medical science has discovered for this afflicting distemper, and for the cure of the most dangerous diseases which originate in the blood, such as Scrofula, Pimples, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Nephritis, Syphilitic Infections, Mercurial Diseases, Female Weakness, and indeed, the whole series of complaints which arise from impurity of the blood.

Having had a life-long experience as Foundrymen and Machinists, and employing none but the best workmen the undersigned pledge themselves to execute all work in their line in a style not surpassed by any similar establishment in the country.
