Removal .-- The Burns Bros, are about removing their Jewelry Store and Dental Rooms, to their new and commodious quarters on Tioga St. Their establishment when fully finished and fitted up will be one of the most elegant and attractive in town.

A Consoling Fact for the citizens of our town, is, that the drouth-which for the past six or seven weeks, has only been interrupted by one slight shower-having pretty much used up the "garden sass," has also been very severe on the weeds .-Our gardens are quite free from these cumberers of the ground—as well as of cucumbers.

A Break in the Canal occurred on Monday last, a short distance above the Falls creek, which, it is said, will require ten days or two weeks labor to fully repair. A singular fatality seems to attend this canal. The bad condition of the Horse-race dam which had occasioned several days' delay had but just been remedied.

A Good Thing, and almost indepensible t owners of stony and stumpy farms, is Lyon's patent Rock, Stone and Root Digger. We lately witnessed a practical exhibition of the virtues of this machine, on the farm of P. W. Redfield Esq., -which, we regret to say, furnished abundant grounds for its useby F. A. Ward who has the machines and right for sale. This machine with two men and a yoke of oxen will do the work of a score of men, root and rock diggers in the same time. At the present prices and scarcity of farm labor, farmers should consult economy by employing this great labor -saving machine.

Single baildings or blocks, and even private dwellings can now be lighted by gas, generated by a simple aparatus under the eye and exclusive control of the proprietor It is claimed too, at far less expense than by any other mode. This mode of lighting buildings has been in apparently successful operations at Wall's Hotel, in this place for some days past. A small, but perfectly working model may be seen in operation at any time at the Post Office, in charge of J. C. Wright, who, we understand has purchased the right for its use in this county.

Following the trail, which they were enabled to do by the marks of the dragging trap, for two days, they overtook bruin near the head waters of the Mohoopany and Bowman's creek-about 15 miles from the place of starting -The trap was still clinging to the fore paw which had become considerably swelled. He showed fight from the first, and on being approached by young Mr Thompson, turned upon him in an angry and threatening; manner. He leveled his gun upon him and attempted to fire, but it failed to go off The bear continued to approach. Coofland's German Bitters is-entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Coofland's German Conic IJUDIUMIN & WOFFIRMIN (JOTH)

Is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same disease as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicine estracts, while the others are more decoction of rum in some form. The TONIC is decidely one of the most picture of the spiblic. Its tasts is exquisite. It is a pleasure to take it, while its life-giving, exhibitrating, and medicinal qualities have caused it to be known as the greatest of all tonics.

CONSUMPTION. Thousands of cases, when the patient supposed he was afflicted with this terrible disease, have been cured by the use of these remedies. Extreme emaciation, debility, and cough are the usual attendants upon severe cases of dyspepsia or disease of the digestive organs. Even in cases of genuine Consumption, these remedies will be found of the greatest benefit, strengthening and invigorating.

DEBILITY.

There is no medicine equal to Hoofand's German Bitters or Tonic in cases of Debitity. They impart a tone and wigor to the whole system, strengthen the opetite, cause on enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, enadicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a thort-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person. Weak and Delicate Children

are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ainety. These Remedies are the best

Chief Justice of the Supreme Court of Pennsylvania PHILADELPHIA, MARCH 16th, 1867. PHILADELPHIA, MARCH 1918, 1601.

I find "Hoofiand's German Sitters" is not an intochealing beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in eases of debility and want of nervous action in the gystem.

FROM HON. JAMES THOMPSON, Judge of the Supreme Court of Pennsylvania.

JACKSON—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my onon family, of the use fulness of Dr. Hooflond's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above sauses.

DDRESS TO THE NERVOUS AND DEBILI-A tated, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered, from involuntary discharges, what effect does it produce upon your gen-eral health? Do you feel week, debilitated, easily tired? Does a little extra exertion produce palpitatired? Does a little extra exercion produce palpitation of the heart? Does your liver, or urioary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or ficeky, or is it ropy on settling! Or does a thick seum rise to the top! Or is a seliment at the bottom after it has stood while? Do you have spells of short breathing or dyspepsia! Are your bowels constipated? Do you have spells of fainting, or rusbes of blood to the head! Is your memory impaise!! Is your mind constantly dwelling upon this subject, and you go be dead, listless moping, tired of company of fife? Do you wish to be left alone, to get away from everybody! Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you epiny yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dult and flagging, given to fits of melancholly? The organs of generation, when in perfect health, make the man. Did you ever think that those tool, defiant, energetic, persevdring, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholly, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downess looks any other meanness about them. I do not mere those who keep the organs inflated by running excess. These will not only ruin their constitution but also those they do business with or fog.

How many men, from badly-cured diseases from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other form of disease which humanity is held to the produced of the trouble scarcely and have declared to the label was carely and have declared at high the
