Farm, Garden & Kitchen.

☞ Farmers, and Agricultural men generally are requested to contribute to this Department, as it is from their experience that we hope to gain something of interest for our readers.

DON'T EAT RAW HAM.

The lesson to be drawn from the recent cases of trichinosis Springfield is summed up in just these four words. While authorities differ in many other things with regard to this new disease, all agree that if ham and pork are thoroughly cooked there is no danger in eating either. Sometimes the disease has been communicated by eating imperfectly cured "dried beef," but here, too, all danger disappears when the beef is well cooked. These and other facts of special interest to the medical profession are admirably set forth in a communication to the New York *Medical Record* by Dr. Rustine, of Marion, Ind., who has treated several cases of the disease. Dr. Rustine sums up the case as follows :

1. That symptoms indicating the presence of young trichinæ in the tissues are observed as early or earlier than the fourth day after the ingestion of the trichinous meat.

2. That cysts are formed as early as the twenty-fifth day.

3. That, other things being equal, the severity of the symptoms is in direct proportion to the amount of trichinous meat eaten.

4. That an active cathartic, given while the worms are still within the intestinal canal, is effectual to a certain degree in causing their expulsion and mitigating the severity of the disease.

5. That youth affords no, immunity destroys the effects of the disease.

6. That salting and smoking do not destroy the vitality of the parasite.

7. That thorough cooking accomplishes the object.

TAKE CARE OF THE MOWING AND REAPING MACHINES.

The Harvest season is now over and by the time the present number of the *Journal of the Farmer* reaches our readers, the attention of farmers will begin to be drawn to fall plowing for wheat, rye, &c. The mowing and reaping machines have done their work, and will not be again needed for a twelve month. See that they are properly cared for now. This is the time to make needed repairs. Farmers have more leisure in August than during any other month of the year. Improve a few of these leisure hours by seeing that your mowing and reaping machines are thoroughly cleaned up.—The grease on the journals is now soft, and can be readily removed. See that it is all taken off. By next spring it will harden and be ten-fold more difficult to remove than now. The knives are now bright and clean, keep them so by applying to them a moderate coat of oil or tallow. This done, rust will be prevented, and when they are wanted for next year's service they will be found in good condition. When the machines have been cleaned give them, on the parts they require it, a coat of paint. It will cost but a trifle, and can be done in an hour. When dry, do not stand them out in the meadow but put them under shelter. Do the same with horse rake and hay tenders. Nothing pays a farmer better than careful attention to his farm implements and machines when not in actual use. Treated in the manner we have suggested, they will last twice as long as when thrown into fence corners, or set up against the side of the barn or wagon shed.—JOURNAL.

To Make Summer Drinks.—To make root beer, take a quantity of sarsaparilla roots and sassafras bark and some hops and boil till the strength is extracted. To three gallons of the liquor, after it is strained, add one quart of molasses and a cup of yeast. After standing in a warm place eight or ten hours, strain again and bottle. It will be fit for use the following day.

For ginger beer take one pint of molasses and two spoonsful of ginger, put into a pail to be half filled with boiling water; when well stirred together, fill the pail with cold water leaving room for one pint of yeast, which must not be put in till lukewarm.—Place it on a warm hearth for the night, and bottle it in the morning.

For spruce beer, take three pounds of sugar, four gallons of water, one ounce of ginger, a little lemon peal, or essence of lemon, and a little essence of spruce to give it a flavor.

Stir all together, warm it a trifle; add a cupful of good yeast. When fermented, bottle up close.

Mead is made by dissolving one part of honey in three of boiling water, flavoring it with spices, and adding a portion of ground malt, and a piece of toast steeped in yeast, allowing the whole to ferment.—GERMANTOWN TELEGRAPH.

Tomato Catsup.—Take ripe tomatoes (the small red ones are preferable) wash but not skin them and thoroughly boil one hour, and then put them through a hair seive, and then put them through a hair seive, and to one quart of juice add one tablespoonful of cinnamon, one of black pepper, half cayenne, half of nutmeg, one of good mustard, two thirds teacupful of salt. Boil three hours longer;—bottle hot and seal up. This catsup will keep for years, and not require "shaking before using." A porcelain kettle should be used.

☞ Cows sometimes get a surfeit of grass, especially in wet warm weather, when the grass is succulent and rich. This feed distends the bowels uncomfortably. An armful of dry hay once a day, will serve to absorb some of this moisture, and benefit the cow in many respects.

Mountain Cake.—One cup of sugar, two eggs, half cup butter, half cup of milk or water, two cups flour, one teaspoonful cream tartar, half teaspoonful soda, nutmeg.

Miscellaneous.

Miscellaneous.

FOUND, or can be found at Lyman & Wells and J. W. Rhoads, Tunkhannock, Penn'a, and all other dealers, the Gr't English Sweeny Specific Liniment. This Liniment stands unrivalled, and is the best, cheapest, most powerful Liniment ever offered to the public, for man or horse.

It has been used for many years in England, by the leading Farriers, and they have had the greatest success with it of any liniment ever used for the cure of horses.

Those who have horses that are sweenied or lame, have swelled joints, sprains, bruises, old sores, flesh cuts, collar galls, &c, should try this Liniment and they will be convinced that it is superior to all other known preparations.

If it does not give good satisfaction, return the bottle half full, and your money will be refunded.

Put up in convenient form, and sold by all Druggists and Storekeepers at 50 cents a bottle.

Don't fail to call for the *Great English Sweeny Liniment.*

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your Sarsaparilla, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparilla. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your Sarsaparilla. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your Sarsaparilla, which soon completely cured her."

From Charles P. Gage, Esq., of the widely known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsaparilla."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"Dr. Ayer. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the perseverting use of your Sarsaparilla, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your Sarsaparilla in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparilla, and applying the Iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Short, of St. Louis, Missouri.

"I find your Sarsaparilla a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. Ayer. My dear Sir:—I have found your Sarsaparilla an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Ayer's Sarsaparilla relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this Sarsaparilla. Some cases require, however, in aid of the Sarsaparilla, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your Sarsaparilla an excellent alterative in diseases of females. Many cases of Irregularities, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your Sarsaparilla."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by *Scrofula* in the system, are rapidly cured by this Ext. Sarsaparilla.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

For sale by Bunnell & Bannatyne, and Lyman Wells, Tunkhannock, Sterling & Son, Meshoppen Stevens & Ackley, Laceyville, Frear, Dean & Co. Factoryville, and all Druggists and Dealers in medicines, everywhere.
