WOMAN.—FEMALES, OWING TO THE PE-culiar and important relations which they sus-tain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but no one of these various feare iil. Not only so, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual,
and ere long producing permanent sickness and premature decline. Nor is it pleasant to consult a
physician for the relief of these various delicate affections, and only upon the most urgent necessity
will a true woman so far sacrifice her greatest
charm as to do this. The sex will then thank us for
placing in their hands simple specifies which will be
found efficacious in relieving and carring almost every one of those troublesome complaints peculiar to
the sex.

Helmbold's Extract of Buchu.—Hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers off life, by laborious employment, unwholsome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct rivitation, applied to the mucous membrane of the vigina itself.

When reviewing the causes of these distressing complaint, it is nost paisful to contemplate the attenuant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many addition it causes which so largely affect the file, health and happiness of women in all classes of society, and which, consequently, affect more or less directly, the wellfare of the entire human family. The matla that exists for precocious education and marriage, causes the years that nature designed for corporal developments to be wasted and perverted in the restraints of direct the entire nature designed on the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire threat and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire threat and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the entire and perverted in the restraints of direct the HELMBOLD'S EXTRACT OF BUCHU.—Hundreds suf-

corporal developements to be wasted and perverted in the restraints of dress the early confinement school, and especially in the unhealthy excitement om. Thus, with the body half clothed of the bell-room. Thus, with the body half clothed, and the mint unduly excited by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is half accomplished.

In consequence of this early strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in school at a later day, thus aggravating the evil. When one excitement is over another in presentive keeps the mind.

day, thus aggravating the evil. When one excite-sent is over, another in prospective keeps the mino morbidly sensitive to impression, while the now con-stant restraint of farhionable dress, absolutely for-bidding the exercise indispensable to the attainment and retention of organic health and strength; the expisure to night air; the sudden change of tem-perature: the con-plet prostration produced by ex-cessive dancing, must, of necessity, produce their legitimate affect. At last, and are the manager of the produced flow. cessive dancing, must, of necessity, produce theilegitimate effect. At list, an early marriage cap the climax of misery, and the unfortunate one, hith erto so utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes at unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our months.

f our young women.
Long before the ability to exercise the function of the generative organs, they acquire an education of the generality organs, they acquire an education of their peculiar, nervous system, composed of what is called the tissue, which is, in common with the female breast and lips, evidently under the control of mental emotions and associations at an early period of life; and, as we shall subsequently see, these emotions, when excessive, lead, long befor puberity, to habits which sap the very life of their vectims ere nature has self-completed their development.

For Female Weakness and Debility, Whites es Leucothea, Too Profuse Menstruation, Exhaustion, Too Long Continued Periods, for Prolapsus and Bearing Down, or Prolapsus Uteri, we offer the most perfect specific known: Helusblub's Compound Extract of Buchu. Females in every period of life, from infancy to extreme old age, will find it a remedy to ail nature. extreme old age, will find it a remedy to ail nature in the discharge of its functions. Strength is the glory of manhood and womanhood. Helmbold's Extract Buchu is more strengthening than any of the preparations of Bark or Iron, infinitely safer, and more pleasant. Helmbolds Extract Buchu having received the indorsement of the most prominent physicians in the United States, is nw offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Imbecility, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Restlessness and Sleeplessness at Night, Ab bility, Restlessness and Sleeplessness at Night, Ab-sence of Muscular Efficiency, Loss of Appetite, Dys-pepsia, Emaciation, Low Spirits, Disorganization of pepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact, all the concomitants of a Nervous and Debilitated state of the system. IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations. Sinking or Futtations. Sinking or Futtations. Sinking or Futtations. Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

Goofland's German Bitters

fipolishib's German Billers is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Goofland's Berman Conic

Gootland's German Come is a combination of all the ingredients of the Bitters, with vurs Santa Una Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus as required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are more decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its teste is erquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

CONSUMPTION.

Thousands of cases, when the patient supposed he was afflicted with this terrible disease, have been cured by the use of these remedies. Extreme emaclation, debility, and cough are the usual attendants upon severe cases of dyspepsia or disease of the digestive organs. Even in cases of genuine Consumption, these remedies will be found of the greatest benefit, strengthening and invigorating.

DEBILITY.

There is no medicine equal to Hoofand's German Bitters or Traic in cases of Debility. They import a tone and vigor to the whole system, strengthen the appetite, cause an evigoyment of the food, enable the stomes, to dispost it, purify in the food, enable the stomes, healthy complexion, evadicate the yellow inge from the cycles, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children

are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administrated with perfect safety to a coild three months old, the most delicate female, or a man of ninety.

Blood Purifiers

ever known, and will cure all diseases resulting from

bad blood.

Kep your blood pure; kep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will seer assail you.

THE COMPLEXION.

Ladies who wish a fair skin and good complexion, free from a yellowish tinge and all other disfigurement, should use these remedies occasionally. The Liver in perfect order, and the blood pure, will result in sparkling eyes and blooming checks.

CAUTION.

Hoofand's German Remedies are counterfeiled. The genuine have the signature of C. M. Jackson on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

Thousands of letters have been received, testifying to the virtue of these remedies.

Pastor of the Tenth Baptist Church, I hiladelphia.

Dr. Jackson—Dear Six:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in oil cases declined; but with a clear proof in various instances, and particularly in my oom family, of he usefulness of Dr. Hoofland's German Bilters, I depart for once from my usual course, to express my full conriction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt wel, it will be very beneficial to those who suffer from the above causes. Fours, every respectfully,
