The latest Kentucky wonder is a dog that has hatched and is rearing a brood of chickeus.

Gen, Dick Coulter says the radicals want to make Grant President by brevet, to enjoy the honors and emoluments, while Washburne would be President in fact, with Colfax as alternate.

It is the fashion now to say that a man a little the worse for liquor is on "Grecian Bend."

The Laucaster Intelligencer says that Goy. Geary is ignorant, conceited, and malignant, cannot speak ten consecutive sentences of grammatical English, made an ass of himself during the recent political tour through the western part of the State, by abusing soldiers who are his superior in every respect, and that his own party are ashained of him wherever he goes. True, every word of it.

The Radicals in Philadelphia put a lot of "outniners" in an omnibus to represent coppled soldiers in a procession the other night. One of the omnibusses broke down, and the "lively cupples" took to their beels with wonderful alacrity, leaving their new crutches behind them. There is deceit and rascality in every political movement the Radicals make, and in nothing more than in their soldier dodges.

A German of Chicago offers to bet eight puncheons of wine, worth \$2,000 that Geo. Grant will carry Chicago. Another German offers to bet that Grant can drink the "eight puncheons" before he is elected.

It is reported that the great earthquake in South America swallowed up "three hundred millions of property." The Radical perty swallows up five hundred millions of property every year. The party is a bigger gor mandizer than the earthquake, it takes bigger swallows, and swallows oftener.

It is said that a foundered horse may be cured by mixing a pint of sun flower seeds with his food.

### Hurrah for the Negro.

While ex-Governor Morton, of Indiana, was addressing a Republican meeting at Concert Hall, on Thursday evening last, some enthusiastic Radical cried out : "I want to see if this meeting is prepared to give three for those twenty-jour colored members excluded from the Georgia Legislature." The cheers were given, of course. But what are the facts ? The twenty-four negroes alluded to, were elected to the Georgia Legislature in violation of the Constitution of that State, framed under the auspices and passed by the votes of the Radical party there. As they were not legally eligible to seats in that Legislature, they were. very properly, not allowed to occupy them, and if anybody is to blame for their exclusion, it is the Radicals in Georgia themselves. And now let us ask whether the Radicals, who are so very jealous of the political rights of the
