What will Grant do?

will be impossible for it to hold together

have the very highest authority for saying that it is his purpose to separate himself from the extremists, and to rally round him a strong body of the better class of citizens, who shall draw unto them congeniel allies from all quarters, and become, as they would deserve to be, the party of the country. He is also extremely anxions to verify his party watchword, and to lead the country at once to peace and renewed prosperity. This is his purpose, and no one can deny that it is a noble ambition. Not himself a politician, and with but little experience or skill in civil ife, he does not, as we think, realize the difficulties in the way of such success as he covets. We do not say that he will fail, four years of patronage at command, he will also have the advice and practical aid of some strong friends, who do not usualy intermeddle with public affairs. He vill, of course, be first flattered and then roundly abused by those whose alliance he disdains. If Summer is left out in the cold, according to the present programme, there will be heard at Washington a how of rage every time the wind is in the justly, as General Grant has privately promised, and the measures of reconstruction he has indicated as his choice are adopted, he will soon be classed by the radicals of his party as a "rebel sympathizer," bent on throwing away all the fruits of the great national victory. There is a large class of politicians whose sole test of a righteous peace is some form of security for the permanent ascendency of their party at the South. There can be no rest o the land until the idea is abandoned; and if this concession is not made by their chosen leader, he will be stigmatized most

unsparingly as a traitor to their cause." An Expedition to Annex Cuba Fitting out
