Then farmers all under-stand what they neglect to practice, viz. that vego-wood, Glass, Pewter, wooden, Parian and Candy stand what they neglect to practice, viz., that vego-Toys. tables, as potatoes, beets, turnips, &c., retain their

flavor better if packed in earth' and kept from the light. For this purpose bins should be constructed Cosmatics &c., Such as Pomadee, Oils, Bandolina around the cellar next to the walls. Then there bloom of youth and Painte, Rouge, Lilly White, should be a closet for canned fruits, &c., to keep Oriental Cream, Pearl Drop, &c. them clean, dry and dark ; and hanging shelves to hold various articles and keep them from mice, for these vermin will occasionally infest the best cellars. Go down into your cellar, houest farmer, and look around ; think for what it is intended, how much it contributes to the comfort of your family, and how

tention as the parlor.

Cistern should be cleaned and put in order to be filled for winter. It is well also to look after the arrangements for supplying the farm stock with water during the winter. If there is not a supply in the bars-yard, perhaps a few dollars expended rightly will bring down an unfalling stream from a spring.

--ckian writes to Western paper, that of a lot of telegraph poles put up in Kentucky, the chestaut rotted first, the cedar gave way next, the locust stood five years longer, and were still nearly sound

Stanchions with open mangers for cattle are bjected to, because the strong steal from the weak. A partition board three feet high would obviate the difficulty.

The Norfolk Chronicle condemns check reins on rses. They spoil their uths, impair tl ir tempers, and renders them generally uncasy.

An i m of importance in plowing is to see, before beginning, if there is any defect in the surface the ground that can be modified or corrected.

Professor Spooner objects to sawing off or shortening the horns of cattle. It gives pain to the animal and impairs its strength.

The best food for fattening towls is said to be ground outs mixed to a dough with water or milk. The latter is the best.

If you would not have your horse acquire the harit of hanging in the halter. do not strike at him is front when young.

Le" We se it stated that coal or gas tar applied stout a com-crib will keep the grain from devastation by rate.

Costs wars an artitico gooraabad if regulering
