HARRISBURG, PA. Tuesday Evening, December 2, 1862. TOWN AND COUNTRY.

TWO REGIMENTS OF DRAFTED MEN from Camp Howe, Pittsburg, passed through the city today, en route for the seat of war.

FOUR COMPANIES of a Cavalry Regiment left Camp McClellan to-day, and were shipped over the Northern Central railroad south.

TWO THOUSAND FIVE HUNDRED AND FIFTY-SIX arrests for crimes of all kinds were made by the police of Philadelphia during the month of November.

DR. S. S. SCHULTZ acknowledges the receipt, through Mrs. E. J. Unger, of \$10 from the Locust Street M. E. Sunday School, to provide religious reading for the patients of the Cotton Factory Hospital.

At a stated meeting of the Friendship Fire Company, held in their hall last evening, it was unanimously agreed that an invitation be extended to the Fire Department of the city, to meet with us to attend the funeral of our late fellow member, Lieut. H. H. Lutz.

BRANCH ROAD CONTEMPLATED.—It is stated the directors of the Atlantic and Great Western Railroad have been induced to run a branch road from Orangeville, Ohio, to Sharon, Pa., a distance of about ten miles, to accommodate the coal and iron interests seeking an outlet from that vicinity, the track to be completed by May next.

RELEASE OF MAJOR JORDAN.—Maj. Thomas J. Jordan, of the Loehist Cavalry, who has been a prisoner in rebel hands for several months, has been released, and is now either at Annapolis, Md., or on his way to that city. This information comes direct to us by a telegraphic dispatch from Fortress Monroe, and we know that it will afford our readers as much gratification to learn as it affords us to announce the fact. Major Jordan may be expected in this city by every train from Baltimore. A hearty welcome awaits him from his friends.

ARMY OF DESERTERS.—A squad of the Provost Battalion, consisting of twenty men, and commanded by Lieutenant Ensminger and Ford, returned to this city last evening, having in charge over a hundred deserters, who have been captured within the last two days in the vicinity of Dauphin and Millersburg, while attempting to escape to their homes. These deserters are nearly all drafted men, and reside principally in the northern and western section of the Commonwealth. Their object, to walk to Dauphin or thereabouts and take the first train home, was foiled, much to their surprise, and they now have the pleasure of enjoying camp life again.

TROUBLE AMONG THE HOSPITAL NURSES.—There has of late been considerable dissatisfaction among the nurses employed in the various hospitals in this vicinity, growing out of the fact that they have not received any pay for the last five months. The neglect to pay these men, has caused great distress among the families dependent on many of them for support, while it seems to aggravate the wrong which the men feel in this particular, when it is alleged that the nurses in the hospitals of New York, Philadelphia, Baltimore and other cities are paid monthly. The matter belongs to the U. S. Surgeon General, and those representing that department. It is important to those concerned, and we trust that means will at once be taken to relieve those who are suffering by what seems to be a neglect and a hardship.

SANFORD'S OPERA HOUSE.—The announcement of Sanford and Troupe last evening, drew forth one of the largest houses ever seen within their walls. The entertainment was fresh, the company excelled themselves, the new members established themselves at once in the good graces of the audience, while indefatigable Samuel, who always commands the audience with his songs, wit, and humor, came in for a good share of applause. We are now convinced that Sanford is an institution. His performances have been taken hold of by the public and they are determined to support him. As an evidence, the stormy night did not deter the friends of Sanford from giving him a good reception. We bespeak for him a handsome season, which we understand is now to continue until the end of the Legislative session.

OPERATIONS OF THE PROVOST GUARD.—In our last issue we stated some facts in relation to the operations of the Provost-Guard of this city, but did not state what we were then ignorant of, but have since learned, that the entire arrests of deserters on the line of the railroads out of this city were made by seventeen privates and one corporal of the First City Zouaves, Co. A, 127th Regiment, P. V., under command of Second Lieutenant John T. Ensminger of said company, and Second Lieutenant Eben N. Ford of Capt. D. W. C. James, Co. C, of the Provost Guard Battalion. They have thus far succeeded in arresting since last Thursday evening, over three hundred deserters and stragglers from their regiments and reported them safely to Camp Curtin.

The Zouaves have never had the opportunity, by them so ardently desired, of testing their conduct in the field, but whatever duty has been assigned to them by the Government, has been performed with an ability and alacrity which has received the highest commendations of their superior officers and all loyal citizens.

The remainder of the company are still acting as Provost Guard of this city, and the other three companies of the battalion are guarding the drafted men at Camp Simmons, so that skedaddling is much less frequent at that quarter than formerly.

A STATED MEETING of the Paxton Hose Company will be held this (Tuesday) evening at 7 o'clock. Every member is requested to be present, as there is business of importance to be transacted.

HOW ABOUT THE FIRE DEPARTMENT.—Our attention has been called to the fact that the condition of the various fire engines, hose carriages, and other apparatus, is such that, unless the people or the Council take active measures for the repair of this apparatus, the most serious damage and loss of life and property may accrue to the people. Measures should at once be taken, to put this apparatus in proper repair. In the event of a fire (and at this season this may occur any hour of the night or day) the result might be a conflagration consuming the best portion of the city, simply because the different fire engines have become defective, and some of the hose on the reels of the different hose carriages is actually in a decayed condition, if we believe the statements made to us by our firemen friends. Such a condition of the fire department is at once alarming and highly censurable. Add this deplorable condition of the apparatus to the decayed state of every fire company of the city, and then we have a fair and plain statement of facts which should at once arouse the apprehension and the activity of every man who has at heart the safety of the lives and property of the citizens of Harrisburg.

In view of this state of affairs in the Fire Department, and the fact that the individual force of each company is so seriously reduced, we suggest that Council at once take measures to provide for the repair of the different apparatus, and that the active men at home organize so as to take the place of the firemen who are now absent in the army. This matter will admit of no delay. It concerns us all—it involves the interest of every man who has a head to shelter from the storm or a home to preserve from the ravages of fire. And that it may the more speedily be brought before the attention of Council, we recommend the matter, and appeal to W. O. Hickok, whose great mechanical skill and experience so eminently fit him to test the necessary repairs of the fire apparatus, to give this subject the investigation it deserves.

THE SECOND PENNSYLVANIA REGIMENT.—The following are the officers of the Second Pennsylvania Regiment. This Regiment will leave Harrisburg during the week, for the seat of war, and from the material of which it is composed, we have reason to believe that it will give a good account of itself in any engagement in which it may participate.

A COMMITTEE TO A HARRISBURGER.—The Washington National Republican of to-day pays the following handsome compliment to one of our gallant fellow citizens now in the service of the country: On the 10th of Nov.—There passed through this city yesterday afternoon one brigade of General Abercrombie's division, consisting of the One Hundred and Twenty-seventh Pennsylvania, the Twenty-fourth and Twenty-eighth New Jersey, and the Twenty-seventh Connecticut volunteers, under the command of Wm. W. Jennings, acting as Brigadier General. Without disparagement to any of our valiant soldiers, it may be justly said that, for neatness of appearance and military bearing, they are seldom equalled; and under their youthful, but heroic and competent commander, we may not fear that our country's cause will suffer of her flag disgraced.

[For the Telegraph.] MR. EDITOR.—If a certain little party of rebel sympathizers feel impelled by curiosity or any other motive, to forsake their accustomed haunts in the bar room, and visit in future any of the churches of this city, on Sunday evening, I would suggest to them the propriety of conducting themselves in a manner, at least becoming half civilized men. I wish to remind them that giggling, whispering, &c., should be no part of the exercises upon such occasions; and if neither reverence for the place, nor the solemnity of the occasion will restrain them from such shameful practices, perhaps a by them despised colored man, occupying an obscure corner in the gallery, would descend to give them a few lessons in civil deportment. A MEMBER.

SPECIAL NOTICES. EBY & KUNKLE'S CHECKS will be paid at the State Capital, Mechanics Bank, Lebanon Deposit and Middletown banks; also, at the counting house of E. C. Eby & Co., No. 522 Market street, Philadelphia. no25-2w

A MODEL ESTABLISHMENT.—Among the many improvements lately made in our city, to which we can point with pride as an evidence of prosperity and a determination on the part of our business men, no honor to remain behind the "light house" is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that part of our city.

The building is not only one of the largest, devoted to the grocery business, outside of New York, but the stock challenges competition.—Without going into detail, we may safely say that the firm keep on hand everything usually kept in a grocery store, (liquors excepted), and that they sell at very small profits. Their clerks are civil and accommodating, and have strict instructions under no circumstances whatever to misrepresent or take advantage of any customer. A general invitation is extended to the public to visit the new building and examine the extensive stock, whether they purchase or not.

To the Afflicted. The undersigned would respectfully inform those who are afflicted with Rheumatism, Dyspepsia, Consumption of Liver and Kidney, Coughs, Fevers, and all diseases arising from the impurity of the blood, that she is prepared to furnish Mrs. Washburn's German Vegetable Medicines for very moderate rates. I have also on hand a quantity of invaluable Salves for Sore Eyes, Frozen Feet and Piles. References can be furnished as to their wonderful efficacy, whenever called upon. There need be no apprehension in regard to my competency to administer it, as I have had it on hand for the past six years. As they are now sold at reduced prices; no family should be without them over night. They can be had at any time at my residence, in Pine street, between Second and Front. (no13-1d) MRS. L. BALL.

PHILADELPHIA, Nov. 8, 1862. Mrs. Ball.—I feel no hesitancy in acknowledging the virtue of your medicine, its soothing influence and healing power. For several years I was afflicted with dyspepsia, and during my stay in Harrisburg you cured me in the short space of one month, of that annoying and distressing disease, and at the same time also cured me of a running scrofula, which had existed for over one year without ceasing.—During my years of affliction, I applied frequently to doctors of medicine, but they proved ineffectual. I have the utmost confidence and belief in the power of your medicine, and would say to those afflicted, who wish to enjoy life in its natural element, with a system renewed to vigorous nature, try your medicine as I did. Yours, truly, GEO. J. MCCREERY, 54 North Eighth Street, Philadelphia.

New Advertisements. S-T-1860-X. THE language of nature and experience demonstrates, that whoever would enjoy the pleasures of food, the beauties of landscapes—the joys of companionship—the richness of literature—the honors of station and renown—must preserve their health.

The stomach is the receptacle of all nourishment, and the fountain from which all parts of the body, derive sustenance. The effect of foul injurious food entering the stomach, is to derange the digestive organs, and produce headache, loss of appetite, unrefreshed sleep, fetid breath, loss of spirits, feverish burnings, constipation, incapacity to perform any mental or physical duty, &c., and are the symptoms of that horrid disease, DYSPEPSIA.

Which assumes a thousand shapes, and points towards a miserable life and premature decay. The Medical Faculty has labored for generations to discover reliable appetizers and the proper means of overcoming stomachic derangements. Certain ingredients have been long known as partially effective. Among these were CALISAYA BARK & ST. CROIX RUM.

An invalid physician, sojourning in the tropical island of St. Croix, observing the habits of the natives, gathered the recipe for the final accomplishment of this most important end. The article was first used as a private medicine, when its salutary effects becoming known, it was brought out under the name of DRAKE'S PLANTATION BITTERS.

They act with unerring power, and are taken with the pleasure of a beverage. They perform most wonderful cures in stubborn cases of Dyspepsia, Liver Complaint, Nervous Affections, Loss of Appetite, Intermittent Fevers, Diarrhoea, Sour Stomach, Headache, Fever and Ague, Weakness, Mental Despondency, &c. As a morning appetizer and after dinner tonic, they should be in every family. They are delightful, exhilarating stimulant, without any subsequent stupefying reaction.

IMPORTANT CERTIFICATE. "BOCHESTER, December 28th, 1861. Messrs. P. H. DRAKE—Gentlemen:—I have suffered terribly with Dyspepsia for three or four years, and tried many remedies without effect. I had to abandon my profession, and suffered greatly from everything I ate. I have now tried the Plantation Bitters—they helped me—I continued their use, and am now nearly a well man. I know of several similar cases. Respectfully yours, Rev. J. S. OATMAN." S. T.—1860—X.

Intelligent persons and physicians can judge of the efficacy of the Plantation Bitters from the following partial formula. CASCARILLA BARK Was known and used in Germany for Dyspepsia; Chronic Diarrhoea, Cholera, Dysentery, and diseases of the Stomach and Bowels, as early as 1690.

DANDELION. For Inflammations of the Lungs and Spleen, in Dropsical Affections and Biliary Secretions, or Obstructions of the Abdominal Viscera. CALISAYA, OR KING'S BARK. Was unknown to civilization until the middle of the 17th century. Humboldt makes favorable mention of the febrile qualities of this article as an Antidote to Fever and Ague, Intermittent and Malarious Fevers, The Countess, wife of the Viceroy of Peru, having experienced the beneficial effects of this Bark, sent it to Europe in 1640. It was sold by the Jesuits for the enormous sum of its own weight in silver, and was thus called Jesuits' Powder. In 1668, Sir John Talbot employed it with great success in France, in the treatment of Fever and Ague, Dyspepsia, Nervous Affections, Loss of Appetite, Weakness and Debility, Palpitation of the Heart, Diarrhoea, &c., under the name of English Powder; and in 1679 he sold the secret of its origin to Louis XIV, by whom it was divulged. It is now a standard remedy in all Pharmacopoeia, and is employed in preparing the Plantation Bitters.

Chamomile Flowers, for enfeebled digestion; Winter-green, valuable for Scrofula, Rheumatism, and Nervic Affections; Lavender Flowers, aromatic, stimulant and tonic, highly invigorating in Nervous Debility; Anise, an aromatic carminative, creating flesh, muscle and milk. Much used in Nursing. S. T.—1860—X.

Another ingredient of remarkable and wonderful virtue used in the preparation of these Bitters, is a native of Brazil, and as yet unknown to the commerce of the world: A Spanish writer says: "I administered with St. Croix Rum, never fails to relieve nervous tremor, wakefulness, disturbed sleep, &c., and that it is used with great effect by the Brazilians, Spanish and Peruvian Ladies to heighten their color and beauty. It imparts cheerfulness to the disposition, vigor to the appetite, and brilliancy to the complexion." We withhold its name from the public for the present.

To the above are added Clove, Buds, Orange, Carraway, Coriander, Snake Root, &c., all preserved in perfectly pure ST. CROIX RUM. The tonic properties of St. Croix Rum, and its powerful invigorating effects, have been long known to the physicians of the world.

Bilious, Intermittent and Chill Fevers, engendered by the change of water and diet of travelers, particularly upon western rivers, are prevented and cured by the Plantation Bitters. They are also reliable to prevent sea sickness. WHAT OTHERS SAY. PHILADELPHIA, 1st month, 16th day, 1862. "I feel compelled to state, that I have used another bottle of the Bitters. Nothing has proven so beneficial to my invalid wife or myself, as the Plantation Bitters. My friend, ISAAC HOWLAND, N. B.—The secret of the immense sale of the Plantation Bitters, is their guaranteed purity. The St. Croix Rum, and every article used, is warranted perfectly pure, and the money will be returned if not as represented. The Plantation Bitters are put up in unique quart bottles, and sold by all respectable Druggists, Grocers, Hotels and Restaurants throughout the world.
