NOTICE TO ADVERTISERS.—All Advertisements, Business Notices, Marriages, Deaths, &c., to secure insertion in the TELEGRAPH, must invariably be accompanied with the CASH.

HARRISBURG, PA. Thursday Evening, December 4, 1862.

TOWN AND COUNTRY.

NOTICE IS HEREBY GIVEN to all persons desiring to rent pews or sittings in the Baptist Church, corner of Pine and Second streets, that there will be a public meeting for that purpose in the audience chamber, this evening, at half past seven o'clock.

DROWNED.—John Levy, a citizen of Lewistown, while engaged as a boatman, was drowned near Havre de Grace, Md., on Monday last.

PERSONAL.—If the Lieutenant who inserted an advertisement of a Lost Revolver, in the TELEGRAPH of Nov. 25th, will call at this office, he can find out where the article is.

SALE OF STOCKS AT BRANT'S HALL.—A large amount of valuable stocks will be sold at Brant's Hall to-morrow evening. Those desiring to invest their money safely and profitably, should not fail to attend this sale.

THE YOUNG LADIES of Lewistown are donning male attire, and perambulating the streets of that ancient borough in fan-tail coats and fashionable breeches. This is all right, for, judging from the dough face tone and spirit of The True Democrat, men are wanted in Lewistown.

HUNAWAY.—Fifth and Market streets were the scene of some excitement this morning, caused by a horse, attached to a light wagon, dashing along at a speed at once dangerous to the driver in the wagon, and the pedestrians on the sidewalk. The only damage done was the breaking of the shafts of the wagon.

SERGEANT Richard C. DuBois, of Susquehanna county, and late of the 17th Regiment, has been appointed Adjutant of the 18th regiment. We have no doubt Lieut. DuBois will prove himself to be a worthy and efficient officer, in performing the very important duties of his new position.

AN IMPORTANT ORDINANCE.—By an ordinance in another column, it will be seen that all physicians having in charge cases of infectious or contagious diseases, must report the same to the Mayor, in writing. This is called for by a sense and purpose of public protection, and of course our physicians will comply with it strictly.

CAPT. C. C. DAVIS arrived in this city at five o'clock this morning. The bridge two miles from Steubenville, Ohio, having been destroyed and the trains detained in consequence, Capt. Davis informs us that the body of Lieut. Lutz will not reach this city until five o'clock this evening. The Committee of Arrangements for their reception are of course apprised of this fact, and will act accordingly.

JUDGE PEARSON.—The attack on this irrefragable Judicial officer, by the Patriot and Union, this morning, excited the disgust and the contempt of decent men throughout the city; while the accusation of impartiality is not sustained by the facts. In the case of Freeburn, palliating circumstances were given to the Court by the confession of the party, and the fact that in the transfer of interests in the business of Freeburn, a misapprehension of certain rights under the license to sell liquor was had, which was so stated by the attorneys, and on this ground the Judge abridged the term of imprisonment in the case of Freeburn. In the case of Edwards, the circumstances were all against the party arraigned—his guilt was clear, and hence his sentence is just.

QUICK WORK.—We learn from the Chambersburg Repository that the Cumberland Valley Railroad Company have been quite expeditious in rebuilding their structures destroyed a few weeks since by the rebels. The walls of the machine, blacksmith and carpenter shops are severally finished, and the rafters and rough roofing placed and almost in readiness to receive the slat covering. The new buildings will be an improvement upon the old. It is contemplated to defer the erection of the main building, or depot, until such time as the shops shall be ready to receive their customary workmen.

RICH TIME AMONG THE SCHOLARS OF THE SOUTH WARD HIGH SCHOOL.—Secesh Rampant among the Girls.—Southern Sympathy Triumphant, and Three Cheers for Jeff Davis.—That which divides the fathers of the land must be expected to divide the children—that which is taught at the fire-side will show itself beyond the home threshold, in the action and the words of the members of such households. Thus educated at home, the scholars of the South Ward Female High School have long been at issue. Secesh was as often there as it is in the Seminars of rebellion, while the Union attribute maintained itself as defiantly and as sternly as is done in the field, where the brothers and fathers of these young ladies are periling life and limb for the Union. This morning this feeling culminated in a collision. The overbearing conduct of Secesh could no longer be borne by the Union girls, so that an encounter ensued. But Secesh was too strong for the Union force, and suffered severely in torn aprons, dresses, bonnets and dishevelled hair. In fact the Union girls were roughly handled and driven from the field, with streaming eyes and scratched faces. As soon as the secession girls found themselves victorious, they gave a cheer for Jeff Davis which would have done credit to the cut throats of Stonewall Jackson.

—We give these facts, as they were derived by an eye witness, without any comment. We leave the public to make their own comments. The story points a moral to which we have often directed the attention of the public.

THE BOARD OF SCHOOL CONTROLLERS of Allegheny city have increased the salaries of the teachers 10 per cent., to take effect from the 1st of September.

CAPT. W. W. WHITE, 9th P. R. V. C., has been honorably discharged from the service on account of a severe wound, received at the battle of White Oak Swamp, before Richmond.

A DOG GENERAL.—When the 61st Regiment left Harrisburg last Fall, one of the officers took a splendid little dog with him. It soon became a great pet of the regiment and also of the brigade. It has been through all the campaign, from Roanoke Island to Antietam, and is now safe and sound, with the regiment, opposite Fredericksburg.

ATTENTION FIREMEN.—The members of the different fire companies of the city are respectfully invited to meet at the Hall of the Friendship Fire Company, to-morrow (Friday) afternoon at one o'clock, to attend the funeral of Lieut. H. E. Lutz, late a member of the Friendship Fire Company.

By order of the company, S. S. CHILDS, Sec'y.

RETIRING BANK NOTES FROM CIRCULATION.—The country members of Congress are quite generally opposed to the plan of retiring bank notes from circulation and substituting thereof government currency, and it will be found very hard work to get it through Congress. Like the original proposition to make government paper a legal tender, only an overwhelming necessity will carry the measure through, but if Mr. Chase can show that no other measure will produce so little confusion and distress as this one among the general community it may pass.

BLAIR COUNTY.—Eagle Shot.—Henry Crawford, of Frankstown township, one day recently, shot a grey eagle measuring six feet six inches from tip to tip of wings, and three feet two inches from beak to the end of its tail. It was in the act of devouring a turkey when shot. Its talons, when expanded, measured seven inches.

VILLAINOUS ACT.—The Democratic Standard says that the pallings enclosing the deer park of Col. Hays Hamilton, Huntingdon Furnace, were torn off one night recently, and all the deer—some fifty or sixty—escaped to the woods. Sixteen of them were recovered—the remainder are still at large, or perhaps have been shot, for which purpose they were no doubt left out. Col. H. offers a reward of \$500 for the apprehension and conviction of the perpetrators of the villainous act.

HEAVY ROBBERY IN PITTSBURG.—We learn from our Pittsburg exchanges, that a very heavy robbery was perpetrated one night last week at the "Monongahela House." It appears that Mr. McBane, engaged as book-keeper at the telegraph office, boards at the hotel, and when retiring to rest the other night, placed a roll of notes, amounting in the aggregate to some \$1,100, and two valuable gold watches, which he happened to have with him at the time, under his pillow for safe keeping. He neglected, however, to lock his door, and during the night some rascal entered the apartment and succeeded in carrying off both money and watches. No clue has yet been got of the burglars or the property, and it is our opinion that the man who could dispose of so much property so carelessly, almost deserves to lose it. By this negligence on the part of lodgers, many a good hotel is ruined in reputation and business.

BURNED TO DEATH.—Mrs. Amelia Davis, living in the Second ward, Pittsburg, was burned to death on Monday night last. Her clothing, it is supposed, caught fire at the grate, before undressing herself, and being unable to extinguish the flames, she rushed to the bed and threw herself upon it. The fire communicating to the bedding, death soon ensued from suffocation, and that portion of the bed upon which she lay being burned through, the body fell to the floor the feet resting on the side rail as stated.

ANOTHER.—On Tuesday last, a little daughter of Daniel and Elizabeth MeAvoy, living in Nether Providence, Delaware county, while engaged in making a fire in a stove, ignited her clothes and in a moment was enveloped in flames. She ran to a creek near by and jumped in, for the purpose of stopping the flames. The little sufferer lingered in the most excruciating agony until Tuesday, when death put an end to her pains.

THE GALETIES.—A Deserved Conviction and a Just Sentence.—For the last year, the respectable portion of the people in the vicinity of what is commonly known as the "Galeties," have been outraged and disgraced by the manner in which this establishment is maintained. The nuisance became so insufferable, as a perfect den of inebriation and dissipation, that the District Attorney, who lives adjoining the establishment, reminded officer Fleck of his duty, and demanded that he return the proprietor of the "Galeties" for maintaining a nuisance, as well as for selling liquor to common drunkards and to minors. In the discharge of this duty, officer Fleck acted faithfully, and since the conviction and sentence of Edwards, those who frequent the "Galeties" have organized for the purpose of persecuting that officer, and threaten him all sorts of injury for his faithfulness. But the good people of the city will sustain officer Fleck. He assisted in shutting up a nuisance, in riding a respectable portion of the city of a perfect den of iniquity, and for this he will be sustained by the public, notwithstanding the threats and resentments of those who had "a good time at the Galeties."

We might as well also inform the public that an effort is making to procure a pardon for Edwards. Of course this will fail, as it is not likely that Governor Curtin will let loose a man convicted after a fair trial, on the grossest charges of the most heinous offenses. It would be well enough, however, for the decent portion of the community to counteract any influence which may possibly be brought to bear on the Governor for this purpose, and therefore we throw out the hint that an effort to procure a pardon is being made. If such a petition is presented, it will undoubtedly be printed, with the names of those who sign for the pardon, when the community will have an opportunity of seeing who patronize the Galeties.

IN THE LIST, as published, of United States Army promotions, appointments, etc., we observe the name of our townsman, Charles C. Rawm, jr., as promoted from Second to be First Lieutenant, from July 9th, 1862, (Company H.) Lieut. Rawm is at present with his company in New Mexico.

THE LADIES connected with the Chemist Street Hospital desire to return their thanks to those who so kindly aided them in getting up a dinner for the sick and wounded on Thanksgiving Day. May they ever realize that it is more blessed to give than to receive, and may God reward them a thousand fold for their liberality. The day will be long remembered by the recipients of their bounty.

PHONOGRAPHY.—We cheerfully call attention to Prof. Topham's advertisement concerning phonography. The advantages of phonography may be briefly stated as follows:

- 1st. It affords a means of writing thought, memoranda, sketches of travel, briefs and letters in one-sixth the time required by the ordinary long hand.
2d. It provides for the visualization of the pronunciation of foreign languages.
3d. It improves the pronunciation.
4th. It acquaints the pupil with the elementary sounds and the structure of the English language.

Prof. Topham brings with him the very best testimonials as to moral character, ability and scholarship, and the citizens of Harrisburg will find it to their advantage to learn the art which he teaches.

Besides its great practical utility phonography is an accomplishment which every young lady should court. If it could be generally introduced in the schools we think it would result beneficially to the scholars, and in cases of emergency would provide any person with an honorable means of support.

PENNA. DEPARTMENT OF COMMON SCHOOLS, HARRISBURG, Dec. 4th, 1862.

SIR.—I have no hesitation in saying that the system of phonographic shorthand, as distinguished from the old shorthand or short hand, is one of the most valuable improvements of modern times, in the process of disseminating thought and knowledge. No one who desires to render himself careful and efficient as a member of society, can make a better use of a portion of his leisure than by giving it to this valuable acquirement.

I wish you and all who are engaged in this branch of instruction, much encouragement and success. T. H. BURROWS, Superintendent Common Schools.

Jos. L. TOPHAM, Esq.

TRIBUTE OF RESPECT.—At a stated meeting of the Friendship Fire Company held in their hall on Monday evening, Dec. 1, 1862, the following preamble and resolutions were unanimously adopted:

WHEREAS, It has pleased Divine Providence to remove from our midst our worthy and much esteemed member, Zachariah Shroy, who, as a member, was always zealous in the discharge of his duty, thus retaining our respect and confidence; therefore be it Resolved, That we sympathize deeply with the wife and children of our deceased fellow-member in this their sad bereavement, and tender to them our sincere condolences. Resolved, That the house and apparatus be draped in mourning for the space of thirty days. Resolved, That the Secretary send a copy of these resolutions to the wife of the deceased, and that they be entered on the minutes of the meeting, and be published in the daily papers of the town.—[Extract of the Minutes.]

MEETING OF THE FRIENDSHIP FIRE COMPANY.—Tribute of Respect to Lieut. Lutz.—At a stated meeting of the Friendship Fire Company held in their hall on Monday evening, December 1st, 1862, the following preamble and resolutions were unanimously adopted:

WHEREAS, It has pleased Almighty God, in His supreme wisdom and over-ruling Providence, to remove from earth to Heaven, our late fellow member, H. E. Lutz; And whereas, In this dispensation we feel that it is our duty as well to bow with humiliation and submission, as to pay some fitting and honorable tribute to the memory of the dead; therefore Resolved, That the members of this Company have heard with deep regret of the death of Henry H. Lutz. He was one of the first to resign his duties as a fireman to assume the dangerous and noble services of a soldier, in which capacity he bore himself as a true man and hero, until death ended his career. Resolved, That we deeply sympathize with the bereaved father and sisters of the gallant hero. His memory to us was made dear by the recollection of his obedience and affection, while to us it is equally dear by the recollection of his virtues and his frankness, his unselfish devotion to the public good, and his generous epousal of every cause which possessed either truth or justice as its merit. Resolved, That as a mark of respect for the dead, a committee be appointed to receive the remains of Lieut. Lutz, when they arrive in this city, and as a mark of further respect, that the company attend the funeral of a body, and in view of the Fire Department and Military of the city to pay the last honors to these ceremonies. Resolved, That the House be draped in mourning for thirty days, and that the flag be hung at half mast until after the funeral of Lieut. Lutz. Resolved, That the above be printed in the EVENING TELEGRAPH and Patriot and Union, and a copy be presented to the family of the deceased.

AMUSEMENTS.

SANFORD'S OPERA HOUSE.—A Good Bill Again for this Evening.—The opera of the Jealous Lovers, together with Romeo and Juliet—a black velvet written by Sanford—a very comic act done by Myers and Sanford. In fact the performance in a whole is better than heretofore. The season has opened very successful. The houses have been crowded to excess, and everything goes off as "merry as a marriage bell."

THE PERFORMANCE LAST NIGHT AT BRANT'S HALL.—We stepped in last night to witness the entertainment at Brant's Hall, and we must say we were very much pleased and highly amused. The first piece, "Still Waters Run Deep," was beautifully done. Mr. Johnston's John Midway was all that could be desired. In fact, we have never seen the character better enacted. Mr. Stout as Hamlet, although out of his line, was very good. Miss Germon as Mrs. Midway, looked pretty and acted well. Miss Wayland, in the character of Mrs. Sternhold, did her best, and on the whole it was a good representation. Stephens as Potter, was as funny and stupid as Potter should be. We have seldom seen even in our large cities, a piece as well done as it was last night.

A STATED meeting of the Washington Hose Company will be held at the Hose House to-morrow (Friday) evening, at 7 o'clock. Punctual attendance is required.

THE CITY RESTAURANT under Wyeth's Hall, has recently been handsomely fitted up and is now opened to the public. Oysters, Game and everything in season will be found there at all times, served up in a style unsurpassed, by Mr. Henry Lubers, the proprietor, who "knows how to keep a restaurant." Call and see him.

CUMBERLAND COUNTY.—Child Burned to Death.—A distressing accident occurred in the eastern part of the borough of Carlisle, on Tuesday evening of last week, resulting in the death of a child of Mrs. Quigley, whose husband was killed in one of the battles before Richmond. Mrs. Quigley having occasion to leave the house for a short time to attend to some business matters, left the child in the house. During her absence the child got hold of some matches, and lighting them, set fire to its clothes, and was so badly burned as to cause its death in a few moments.—Gunning Accident.

A young man named Willis Humer, whilst gunning on last Thursday, had one of his hands so badly shattered by the accidental discharge of his gun that amputation of the thumb was necessary.

TO THE PUBLIC.—My attention was called to an article in the local columns of the Patriot and Union of this morning. It contains the Judge for passing a heavy sentence on Bob Edwards than upon Samuel Freeburn, and then makes a fling at the prosecutor of Bob Edwards. It would hardly be worth while to say a word in reply, when it is borne in mind that William Coulter is the getter up of the locals, for every body knows how ready he is to throw dirt at other people, whether they have been friends or foes of his. The insinuation that I ever received hush money from the proprietor of a gambling house, is just as false as the other insinuation, that I prosecuted Bob Edwards for the sake of making money. I used him because many respectable citizens said the establishment was a nuisance, and the strong speech made by District Attorney Hart, satisfied every fair man that it was a nuisance. But things have come to a nice pass when fellows like this local editor set themselves up to teach the Judge and others what ought or ought not to be done. I can only say that if the defender of Bob Edwards, as well as the individual who tried to defend him in court, don't stop assailing me on the street, and through the papers, I will show both that there is law enough left to send them to keep company with Bob Edwards.

CHRISTMAS TREES.—The important period in sacred history as commemorated by civilized mankind, is now fast approaching, and is hailed by the little folks or children as the time of year when they may ask for a Christmas gift and expect to get it. And indeed it is that time when through custom the interchange of presents with our friends, makes our hearts warmer, and we feel kinder towards our fellow beings; and here we would remind the reader that the largest stock of cloth cloaks, furs and dress goods, at the cheap dry goods house of Ulrich & Bowman, offer more than ordinary inducements. d4 2t

A MODEL ESTABLISHMENT.—Among the many improvements lately made in our city, to which we can point with pride as an evidence of prosperity and a determination on the part of our business men, no longer to remain behind the "light house," is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that part of our city. The building is not only one of the largest, devoted to the grocery business, outside of New York, but the stock challenges competition.—Without going into detail, we may safely say that the firm keep on hand everything usually kept in a grocery store, (liquors excepted), and their clerks are civil and accommodating, and have strict instructions under no circumstances whatever to misrepresent or take advantage of any customer. A general invitation is extended to the public to visit the new building and examine the extensive stock, whether they purchase or not.

LYON'S KATHARON.

This delightful article for preserving and beautifying the human hair is again put up by the original proprietor, and is now made with the same skill, care and attention, which first created its immense and unprecedented sale of over a million bottles annually. It is still sold at 25 cents a large bottle. Two millions bottles can easily be sold in a year when it is again known that the Katharon is not only the most delightful hair dressing in the world, but it also cures the scalp of scurf and dandruff, gives the hair a lively, rich, luxuriant growth, and prevents it from turning gray. These are considerations worth knowing. The Katharon has been tested for over twenty years, and is warranted as described. Any lady who values a beautiful head of hair will use the Katharon. It is finely perfumed, cheap and valuable. It is sold by all respectable dealers throughout the world.

THE language of nature and experience demonstrates, that whoever would enjoy the pleasures of food—the beauties of landscapes—the joys of companionship—the richness of literature—the honors of station and renown—must preserve their health.

The stomach is the receptacle of all nourishment, and the fountain from which all parts of the body, derive sustenance. The effect of foul injurious food entering the stomach, is to derange the digestive organs, and produce headache, loss of appetite, unrefreshed sleep, flatulency, loss of spirits, febrile burnings, constipation, incapacity to perform any mental or physical duty, &c., and are the symptoms of that horrid disease DYSPEPSIA.

Which assumes a thousand shapes, and points towards a miserable life and premature decay. The Medical Faculty has labored for generations to discover reliable appetizers and the proper means of overcoming stomachic derangements. Certain ingredients have been long known as partially effective. Among these were

CALISAYA BARK & ST. CROIX RUM. An invalid physician, sojourning in the tropical island of St. Croix, observing the habits of the natives, gathered the recipe for the final accomplishment of this most important end. The article was first used as a private medicine, when its salutary effects becoming known, it was brought out under the name of DRAKE'S PLANTATION BITTERS.

They act with unerring power, and are taken with the pleasure of a beverage. They perform most wonderful cures in stubborn cases of Dyspepsia, Liver Complaint, Nervous Affections, Loss of Appetite, Intermittent Fevers, Diarrhoea, Sour Stomach Headache, Fever and Ague, Weakness, Mental Depondency, &c. As a morning appetizer and after dinner tonic, they should be in every family. They are a delightful, exhilarating stimulant, without any subsequent sleep-inducing reaction.

IMPORTANT CERTIFICATE.

"ROCHESTER, December 28th, 1861. Messrs. P. H. DRAKE—Gentlemen:—I have suffered terribly with Dyspepsia for three or four years, and tried many remedies without effect. I had to abandon my profession, and suffered greatly from everything I ate. I have now tried the Plantation Bitters—they helped me—I continued their use, and am now nearly a well man. I know of several similar cases. Respectfully yours, Rev. J. S. CATRON." S. T.—1860—X.

Intelligent persons and physicians can judge of the efficacy of the Plantation Bitters from the following partial formula.

CASCARILLA BARK Was known and used in Germany for Dyspepsia, Cholera, Diarrhoea, Cholice, Dysentery, and diseases of the Stomach and Bowels, as early as 1690.

DANDELION, For Inflammations of the Lungs and Spleen in Dropsical Affections and Biliary Secretions, or Obstructions of the Abdominal Viscera.

CALISAYA, OR KING'S BARK, Was unknown to civilization until the middle of the 17th century. Humboldt makes favorable mention of the febrifuge qualities of this article as an Antidote to Fever and Ague, Intermittent and Malarious Fevers, in his extensive South American travels. The Countess, wife of the Viceroy of Peru, having experienced the beneficial effects of this Bark, sent it to Europe in 1640. It was sold by the results for the enormous sum of its own weight in silver, and was thus called "Silver Bark." In 1668, Sir John Talbot employed it with great success in France, in the treatment of Fever and Ague, Dyspepsia, Nervous Affections, Loss of Appetite, Weakness and Debility, Palpitation of the Heart, Diarrhoea, &c., under the name of English Powders; and in 1679, he sold the secret of its origin to Louis XIV, by whom it was divulged. It is now a standard remedy in all Pharmacopoeia, and is employed in preparing the Plantation Bitters.

Stomachic Flowers, for softened digestion, Winter-green, valuable for Scrofula, Rheumatism, and Nervous Affections; Lavender Flowers, aromatic, stimulant and tonic, highly invigorating in Nervous Debility; Anise, an aromatic carminative, creating flesh, muscle and milk. Much used in nursing. S. T.—1860—X.

Another ingredient of remarkable and wonderful virtue used in the preparation of these Bitters, is a native of Brazil, and as yet unknown to the commerce of the world. A Spanish writer says: "administered with St. Croix Rum, never fails to relieve nervous tremor, wakefulness, disturbed sleep, &c., and that it is used with great effect by the Brazilians, Spanish and Portuguese Ladies to heighten their color and beauty. It imparts cheerfulness to the disposition, vigor to the appetite, and brilliancy to the complexion." We withhold its name from the public for the present.

To the above are added Clove Buds, Orange, Caraway, Coriander, Snake Root, &c., all prepared in perfectly pure

ST. CROIX RUM. The tonic properties of St. Croix Rum, and its powerful invigorating effects, have been long known to the physicians of the world.

Bilious, Intermittent and Chill Fevers, engendered by the change of water and diet of travelers, particularly upon western rivers, are prevented and cured by the Plantation Bitters. They are also reliable to prevent sea sickness.

WHAT OTHERS SAY.

PHILADELPHIA, 1st month, 16th day, 1862. "REMEMBER FRIEND.—Will you send me another dozen of thy Bitters? Nothing has proven so beneficial to my invalid wife or myself, as the Plantation Bitters."

Thy friend, ISAAC HOWLAND." N. B.—The secret of the immense sale of the Plantation Bitters, is every article used, is warranted perfectly pure, and the money will be returned if not as represented.

The Plantation Bitters are put up in unique quart bottles, and sold by all respectable Druggists, Grocers, Hotels and Restaurants throughout the world. Be particular that every bottle bears the fac simile of the Proprietor's signature. F. H. DRAKE & CO. no14-dawim-eodaeow 202 Broadway, N. Y.

STERLING'S AMBROSIA FOR THE HAIR

A HANDSOME HEAD OF HAIR is a crown of glory. With proper care and culture it will last as a protection to the head as long as the nails do to the fingers, or the eyelashes to the eyes. Sterling's Ambrosia is the only article yet discovered that will bring about the desired result. It is a preparation the result of science and experiment; the science pointing out what was needed, and experiment finding the required properties in certain roots, barks, and herbs. It has consumed a long time in its preparation, has been tested by persons of most indubitable reliability in this city, and is by them pronounced perfect, and the only satisfactory article, and is now offered to the public. The proprietors, determined to give it the most thorough tests, practical and chemical, and now certain that it will make the hair grow luxuriantly on Bald Heads, Preventing Grayness and Baldness, Reinvigorating and Beautifying the Hair, rendering it soft and glossy.

Dr. Sterling's Ambrosia is a stimulating, oily extract of roots, barks, and herbs, and, aside from its neatness, permanency, and gloss, it is medically adapted to preserve and add to the beauty of the hair. The only article yet discovered that will Cure the Disease of the Scalp, and cause the Hair to Grow.

CERTIFICATES.

This is to certify that about eighteen months ago, I commenced using Sterling's Ambrosia. My hair was short, thin and rapidly falling out. I had tried many Hair Tonics, Invigorators, &c., without receiving any benefit. Soon after using the Ambrosia, my hair ceased falling out, and commenced growing so rapidly as to astonish me. Now my hair is thick, soft, and glossy, and is five feet four inches in length—when last down, reaching to the floor. This wonderful result I attribute solely to the use of Sterling's Ambrosia, as since I commenced using it I have applied nothing else to my hair. MRS. LUCY A. BROWN.
