Rev. Mr. McBURNEY, of Philadelphia, has been appointed pastor of the M. E. Church of Middletown, and will preach next Sabbath, morning and evening.

AFTER a quarter of a century of industrious and profitable labor, in the western part of Buffalo Valley, Christian Reif finds himself too much advanced in life to carry on business, and therefore offers at public sale his Farm and Foundry, in Lewis township; also the patent right of a machine of which he has sold 80 to 100 per year. Good chance—see advertisement.

DEPARTURE OF TROOPS.—About one thousand cavalry left Carlisle Barracks, on Sunday last, for Washington.

SEVEN HUNDRED CAR LOADS of horses, beef cattle, hogs and sheep are awaiting transportation, at Pittsburg, east over the Pennsylvania railroad.

DIPHTHERIA.—This terrible disease is making great ravages among the children in several of the interior counties of this State. There appears to be no relief for a child when once attacked by the disease.

ATTENTION TO HORSES.—Hard roads, ice and snow should remind all owners and drivers of horses of the necessity of securing the rough-shodding of their horses. Many a valuable beast is ruined by neglecting this matter.

MRS. WEBBER acknowledges the receipt of four boxes, containing hospital stores, for the use of the sick and wounded soldiers, from the Ladies' Aid Society of Greenville township, Somerset county, through the Ladies' Aid Society of Somerset.

Rev. Wm. L. Gray, of Reading, will preach this evening, in the Ridge Avenue M. E. Church, at 7 o'clock, and perhaps to-morrow evening. All are very kindly invited to go and hear this able and popular minister of Christ. The revival continues.

MONEY ADVANCED BY A PRIVATE.—Mr. Elias Howe, a private in a Massachusetts regiment, recently advanced \$36,000 to the members of his regiment. His private income is said to be \$200,000. What private in the ranks of the chivalric rebels has advanced this amount of money to pay his suffering comrades?

ROCKLISSE.—Last Thursday afternoon as the coal train on the Lehigh Valley Road was passing the station at Allentown a man attempted to jump off the train on to the Passenger train and missed his step, which threw him on the track, so that he was out in the face terribly. Had the train been in faster speed the man would probably have lost his life, and his death would almost have been a deserved one.

SANFORD'S OPERA HOUSE.—This evening a new Ballet Fantomine by the Ravets will be performed by Sanford and Troupe—Sanford sustaining the role of the famous Gabriel. Quite a full house witnessed the Mummy last evening, the third representation of the piece. Notwithstanding, Mr. S. will keep up attraction by presenting changes, as the bill of this evening. To-morrow evening Senator Talbot, the orator, has a benefit. You will secure seats if you wish to be one of them spectators.

DEPLORABLE ACCIDENT AND LOSS OF LIFE.—We learn from the Erie Dispatch, that on Saturday morning last, a most deplorable accident occurred in the oil region below Titusville. Mrs. Hart, recently from the vicinity of Syracuse, N. Y., whose husband is engaged in the oil business, while attempting to kindle a fire in the morning with crude oil, set the house on fire—the fire communicating to the can from which she was pouring the oil on the kindling wood. The house was consumed, and Mrs. Hart and two of her children who were in bed at the time were burnt to a crisp.

A DISGUISED VENDOR.—The most dreaded man in the Union, to the rebels, was in Harrisburg yesterday, stopping only for a few hours, as he was en route for Tennessee, where he intends to inaugurate one of his old fashioned crusades against treason. We allude to Rev. William G. Brownlow, the distinguished Parson, whose name is a fire-side theme of praise and admiration in the loyal States. While in the city, the Parson spent some time at the Capitol, where he visited the Executive Department, and was cordially received by the Governor. At four o'clock yesterday afternoon, the Parson left in the train for the West. He was accompanied to the railroad depot by several of our best citizens, and while there, was greeted very warmly by many who were anxious to pay their respects to the pastor par-

ADAMS COUNTY.—Frozen to Death.—John Carbaugh, Esq., of Franklin township, was frozen to death on Saturday night, in a field near his residence. He was in Gettysburg to see his son off in the cars in the afternoon, who was a drafted soldier. He went in a buggy with a friend to Hilltown and thence started across the fields to his residence, and from the inclemency of the night perished. He was not found until Sunday evening. The work of putting up the wires for the telegraph line to connect Gettysburg with the other towns and cities of the State, has just been commenced.—The drafted troops at Camp Gettysburg, in obedience to orders, struck their tents on Saturday morning, and in the afternoon took their departure, in three large trains of cars, for their destination, Washington.

THE FOLLOWING exquisite gem is floating about on the tide of journalism without the name of its author: Sparkling sentiment and real poetry, such as are contained in these stanzas, should not be circulated in unclaimed paragraphs. Who is the author? How beautifully he writes and arouses feeling:

"I burn my soul away!" "Sopake the Rose, and smile; "within my cup All day the sunbeams fall in flame—all day They drink my sweetness up."

"I sigh my soul away!" The Lily said; "all night the moonbeams pale Steal round and round us, whispering in their play An all too tender tale!"

"I give my soul away!" The violet said; "the west wind wanders on, The north wind comes; I know not what they say, And yet my soul is gone!"

Oh, Post, burn away Thy fervent soul! fond Lover, at the feet Of her thou lovest; sigh! Dear Christian pray— And let the world be sweet!

THE RESULTS OF FOOLISHNESS.—We have heretofore referred to the practice among some of those attached to the military camps in this city who indulge in fast riding through the streets, to the danger of pedestrians, horse flesh and their own necks. An eye witness relates to us an accident that occurred in State street, on Tuesday, growing out of this fast riding, which almost resulted in the death of a soldier. The cavalryman in question was dashing along the street, heedless of his own and other people's necks, when he found it necessary suddenly to arrest the speed of his horse. In doing so, the rider was thrown suddenly forward, continuing his speed over the head and ears of the horse, and only arrested in his headlong career, by coming in contact with the earth. He was picked up in an insensible and dangerously bruised condition and conveyed to a house nearby, where his wounds were dressed, and where he still lays a sufferer by his own folly. Experience like this is more influential in bringing a man to his senses than a column of newspaper advice. We hope others beside this bruised cavalryman will profit by the lesson.

MIDDLETOWN NEWS.—The Dispatch Journal of to-day says that the cold weather of Friday and Saturday, completely blocked up the canal, freezing ice in the channels to the depth of about three inches. A large number of boats loaded with lumber, coal, &c., have been frozen up at different parts along the canal, and unless the ice breaks up so as to allow the tips to be made, their owners will lose heavily. There are quite a number of boats stuck at Middletown.—About three o'clock on Friday morning last, Mr. Benj. Prescott met with a serious accident in the saw mill of Messrs. Etter & Co. It appears that while Prescott was in the act of withdrawing a heavy stick, it was caught by the saw, which was in rapid motion at the time, and struck him on the head. The blow rendered him insensible and he fell under the log, where he received still further injuries from the stick as the saw carried it up and down. In this condition he was discovered by another man, who was close by, and removed in an apparent lifeless condition. Dr. Nonemaker was summoned to the injured man and he soon gave evidence of returning life. He was carried to his boarding house, near the river, where his wounds were dressed and every attention bestowed upon him by the attending physician. At last accounts he was rapidly recovering.

IMPORTANT TO CONDUCTORS AND PASSENGERS IN RAILROAD CARS.—A case was recently tried in Cambria county, the decision of which is of importance to the traveling public and to railroad conductors. The facts of the case are few and easily stated. A passenger who wished to ride from Johnstown to Huntingdon, attempted to purchase a ticket at the office, offering a five dollar bill, which the ticket agent could not change. The passenger then took the train offering the same note, which the conductor received, for the purpose of examining its genuineness. After a time the conductor returned the note, stating that he believed it to be a counterfeit. The passenger insisted that the note which the conductor returned to him was not the same he had offered in payment of his fare, but it was established on the trial that the note the Conductor offered to give him back, was the same he had received from him, and moreover, that the Conductor was mistaken about its being a bad note, that it was a genuine note on the Delaware City Bank. Conductor Green then told the passenger that unless he could pay with other money he would have to put him off the train at the next station. He manifested some unwillingness to go, and there was some difference among the witnesses as to whether Green took hold of him by the collar to put him out, or whether he had gone out without Green touching him. He was required to leave the cars, and was left off at Wilmore Station. He then indicted the Conductor for assault and battery. The Judge held, that if Conductors require it of the passenger, he, the passenger is bound to make the change; that the Conductor is not bound to take the fare out of a note larger in amount, and furnish change to a passenger; that what occurred in this case in reference to the five dollar note, was not a payment of the fare; and that if the passenger did not produce a ticket, or pay his fare in the cars, the Conductor had a right to eject him from the cars, using no more force in doing so than necessary. The Jury acquitted the Conductor.

R. C. HALE, Quartermaster-General P. M.

The best remedy for the increasing evil of desertion is the publication of the names of delinquents at the places of enlistment. Since the establishment of a Provost Guard in the principal cities has made open desertion rather dangerous, forged papers are becoming quite common, and stout, hearty men parade the streets with certificates of "discharge for inability." If the regimental and brigade officers would attend to the publication of the descriptive lists of all absentees from their commands, this new mode of imposition would be easily broken up. The Government could, and no doubt will, provide the funds for such a publication. Justice to the Government which feeds, clothes and pays them, as well as to their comrades in the field who continue faithful to the trust reposed in them, demands the arrest and punishment of the delinquents. Let the officers from Dauphin county establish the custom of advertising deserters, and the practice will soon become unpopular.

SPECIAL NOTICES.

RELIEF OF THE ENGLISH POOR.—A meeting of gentlemen was held in New York and Philadelphia a few days since, the object being to adopt some measures for the relief of the starving operatives of Great Britain. To our humble mind this is the most sublime idea that the human heart could have conceived. It is doubly meritorious at this time, when our country is convulsed with war, and the stability of trade and commerce destroyed. The minds of mere worldly men cannot fully realize philanthropic actions like this, and it carries our mind back to that period we read about, when sin was not in the world. Among the large contributors, we had the great dry goods prince A. T. Stewart, of New York. We are also doing good in our humble way, in these times of high prices, by procuring dry goods at the lowest value for our customers. UNICK & BOWMAN.

MILITARY BUSINESS.

Of all kinds attended to. EUGENE SNYDER, Attorney-at-Law. Office: Third Street, Harrisburg, Pa. [6271y.

A MORE ESTABLISHED.—Among the many improvements lately made in our city, to which we can point with pride as an evidence of prosperity and as a determination on the part of our business men, no longer to remain behind the "light house," is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that part of our city.

The building is not only one of the largest, devoted to the grocery business, outside of New York, but the stock of long-range competition. Without going into detail, we may safely say that the firm keep on hand everything usually kept in a grocery store, (liquors excepted,) and that they sell at very small profits. Their clerks are civil and accommodating, and have strict instructions under no circumstances whatever to misrepresent or take advantage of any customer. A general invitation is extended to the public to visit the new building and examine the extensive stock, whether they purchase or not.

To the Afflicted.

The undersigned would respectfully inform those who are afflicted with Rheumatism, Dyspepsia, Consumption of Liver and Kidney, Coughs, Fevers, and all diseases arising from impurity of the blood, that she is prepared to furnish Mrs. Woodhove's German Vegetable Medicines at very moderate rates. I have also on hand a quantity of invaluable Salves for Sore Eyes, Frozen Feet and Piles. References can be furnished as to their wonderful efficacy, whenever called upon. There need be no apprehension in regard to my competency to administer it, as I have had it on hand for the past six years. As they are now sold at reduced prices, no family should be without them over night. They can be had at any time at my residence, in Pine street, between Second and Front. (au13-d1m) MRS. L. BALL.

PHILADELPHIA, Nov. 3, 1862.

Mrs. Ball.—I feel no hesitancy in acknowledging the virtue of your medicine, its soothing influence and healing power. For several years I was afflicted with dyspepsia, and during my stay in Harrisburg you cured me in the short space of one month, of that annoying and distressing disease, and at the same time also cured me of a running scrofula, which had existed for over one year without ceasing. During my years of affliction, I applied frequently to doctors of medicine, but they proved ineffectual. I have the utmost confidence and belief in the power of your medicine, and would say to those afflicted, who wish to enjoy life in its natural enjoyment, with a system renewed to vigorous nature, to try your medicine as I did. Yours, truly, GEO. J. McCREERY, 64 North Eighth Street, Philadelphia.

LYON'S KATHAIRON.

This delightful article for preserving and beautifying the human hair is again put up by the original proprietor, and is now made with the same skill, care and attention, which first created its immensity and unprecedented sales of over one million bottles annually. It is still sold at 25 cents a large bottle. Two millions bottles can easily be sold in a year when it is again known that the Kathairon is not only the most delightful hair dressing in the world, but that it cleanses the scalp of dandruff and dirt, gives the hair a lively, rich, luxuriant growth, and prevents it from turning gray. These are considerations worth knowing. The Kathairon has been tested for over twelve years, and is warranted as described. Any lady who values a beautiful head of hair will use the Kathairon. It is finely perfumed, cheap and valuable. It is sold by all respectable dealers throughout the world. D. S. BARNES & CO., New York, 107 North Fourth Street.

Hereafter I shall not only punish to the extent of the law, but will publish in the Telegraph and other papers the names of all offenders. JACOB MISH. Oct. 18, 1862.
