Medical.

DR. JOHNSON

BALTIMORE

LOCK HOSPITAL!

HAS discovered the most certain speedy and effectual remedy in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs.

A Cure Warranted, or no Charge, in from one to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

Marriage.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously consider it his honor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness

Immediately Cured, and full vigor Restored.

This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

Office, No. 7 South Frederick Street.

Left hand side going from Baltimore street, a few door from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

A Cure Warranted in Two Days.

No Mercury or Nauseous Drugs,

Dr. Johnson,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholly effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forbodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

THOUSANDS of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

Young Men

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

Marriage,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholly reflection that the happiness of another becomes blighted with our own.

Disease of Imprudence.

What the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms on this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveler returns."

It is a *melancholly fact* that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who by the use of that *Deadly Poison, Mercury*, ruin the constitution and make the residue of life miserable.

Strangers.

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnson's advertisements, or style themselves in the newspapers, regularly Educated Physicians incapable of curing, they keep you trifling month after month taking their filthy and poisonous nauseous compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr. Johnson is the only Physician advertising.

His credential or diplomas always hangs in his office.

His remedies or treatment are unknown to all others, prepared from a life spent to the great hospitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.

Indorsement of the Press.

The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnson, witnessed by the reporters of the "Sun," "Clipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarrantee to the afflicted.

Skin Diseases speedily Cured.

Persons writing should be particular in directing their letters to his Institution, in the following manner:

AYER'S PILLS.

ARE you sick, feeble and complaining? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely, cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure, such as Head ache, Foul Stomach, Dysentery, Billious Complaints, Indigestion, Derangement of the Liver, Costiveness or Constipation. As a Dinner Pill they are both agreeable and effectual.

PRICE 25 CENTS PER BOX, OR FIVE BOXES FOR $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Massachusetts.

Inspection of the Horses of the Army of the Potomac.

REPORT OF JOHN S. BARRY.

WASHINGTON, Dec. 23.

The following has been received at head quarters of the army, Washington, Dec. 19:

General:—Pursuant to your orders, I visited the Army of the Potomac on the 12th, to inspect the horses and mules in the cavalry and artillery teams of the army.

The movement of troops on that day, and the engagement at Fredericksburg that followed, during the six days that I remained with the army, gave me but little opportunity to see the management of the horse department in detail, though I had an opportunity to see them on duty, having gone there very unfavorably impressed with accounts drawn from the dark side of the picture by those taking the rejected and disabled horses of the army as their stand point.

I found these animals in better condition than I had expected. The mule teams, with some exceptions were in good condition, and I doubt if ever an army under similar circumstances, was better provided for in this respect. The cavalry horses suffer most, many of them thin and scarcely fit for service. The duties that they have to perform—excursions that sometimes require from twenty-four to thirty-six hours without food or rest, the heavy freight they have to carry and the unskillful manner in which they are ridden, makes it almost impossible to be otherwise except they were treated with the greatest care.

The artillery suffered much, but are a grade better than the cavalry. The greatest abuse and destruction of horses in the army is, I believe, the want of skill, judgment and care of the individual man to his individual horse. A more diligent looking after of this detail by officers in charge, would be highly beneficial; the good effects of which is seen in some instances where the diligence has been exercised with judgment, by officers attending to this important, but much neglected duty. Every man who is permitted to ride a horse should be compelled by duty, if he has not the humanity and moral principle to see that the horse has every care in his power to give, that he is properly groomed, watered and fed.

The manner in which food is given, where only a sufficiency is allowed, is highly important, as much is wasted and trampled under foot. I believe for cavalry service on a winter campaign, a saddle blanket to cover the back and loins of the horse, to be left off when the saddle is removed, would be of great service. The Arabs who live more with the horse than any other people, and who are older in horsemanship than any other nation in the world, never remove the saddle from the horse's back. When on a long journey their saddles have always blankets attached that cover the back and loins of the horse. They argue that this heated part when heated by riding should never be made to feel the effects of the cold. As one who loves the horse, who appreciates his intelligence and keen sensibilities, and can anticipate his points, I do most deeply deplore the dejection of spirit, suffering and loss of life consequent upon the exigencies of war, but while war rages this law must continue.

In an army of fifty thousand horses, subjected to the service and exposure of the army, there must necessarily be a large per centage of disabled and diseased horses constantly accumulating. It is even so with the soldiers of the army who are gifted with intelligence and reason, and whose first law of nature is self preservation, and for the comfort and welfare of whom the greatest energies of the people and officers of the army are exerted. How can it be otherwise with the horse, he is not invincible to exposure, which he can scarcely bear as well as man, and with whom he must suffer alike, if not more in time of war.

I am happy to see the extensive hospitals lately erected in the city to restore disabled horses. I believe they are conducted on the best and most economical principle, and will, I have no doubt, be the means of restoring thousands of horses to the army, that will be better on their second service than they were on their first. Hoping the government will, as an act of humanity, as well as economy, use every effort in its power for the protection of this noble animal, I remain, General, very truly,

Your obedient servant,
JOHN S. BARRY.

FROM FORTRESS MONROE.

THE ENGAGEMENT AT KINSTON.

Capture of Eleven Pieces of Artillery.

FORTRESS MONROE, Dec. 22.

The following has been received here from Newbern, under date of the 17th inst.

In the engagement at Kinston on the 14th, company K, of the 3d New York Cavalry, Capt. Cole, who were in the advance, charged over four deep ditches eight feet wide, and captured seven pieces of artillery from the rebels, and brought them off in triumph.

Gen. Foster's forces were to reach Goldsboro' to-day, and as cannonading has been distinctly heard here, the probability is that a battle has been fought, and that important point is now in our possession. The army will immediately advance from there to another point.

The case of the Rev. Mr. Millen, Chaplain of the 24th Massachusetts regiment, who was tried by a court-martial for preferring serious charges, through the Boston *Journal*, against Governor Stanley, has been honorably acquitted.

There are two candidates for Congress in this district, one on the platform of free labor and the other in opposition to the confiscation and emancipation acts. The latter receives active support and aid of Gov. Stanley, and will doubtless be elected.

Six rebel prisoners were brought to Fortress Monroe from Yorktown, who were captured at Gloucester.

FOUR BATTLES AND FOUR VICTORIES.

WASHINGTON, Dec. 23.

To Maj. Gen. Halleck, Commander-in Chief U. S. A., Washington, D. C:

The following has been received at the headquarters of the army:

HEADQUARTERS DEP'T. NORTH CAROLINA, December 23, 1862.

To Maj. Gen. Halleck, General-in-Chief:

My expedition was a perfect success. I burned the railroad bridge at Goldsboro and Mount Olive, and tore up several miles of the track of the Wilmington and Weldon Railroad. We fought four engagements, viz: At Southwest Creek, Kinston, White Hall and Goldsboro', and whipped them handsomely each time.

[Signed] J. G. FOSTER,
Brigadier General.
