Medical.

DR. JOHNSON

BALTIMORE

LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedies in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

NO MERCURY OR NOXIOUS DRUGS.

A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin. Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible,

YOUNG MEN.

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and full vigor restored.

This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is not sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OFFICE, No. 7 SOUTH FREDERICK STREET,

Left hand side, going from Baltimore street, a few doors from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage: the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame or the dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, filch his pecuniary substance, keep him trifling month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc. progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveller returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the *Sun*, *Clipper*, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

BURNING OF THE PREBLE.

NEW YORK, May 17.

The steamer George Washington, from New noon. Among her passengers is Col. Jonas H. French.

An Opelousa letters of the 5th states that information had been received from Grand Gulf and the gunboat fleet under Admiral Porter, with the details of the capture of Grand Gulf and Port Gibson by Gen. Osterhaus.

When the latter was nearing Port Gibson he was met by hundreds of families fleeing from the interior to escape the raid of the Illinois cavalry under Gen. Grierson, and the prevalent opinion among the secesh that Port Gibson was the safest place in that region. The damage done by our cavalry raid is irreparable.

It was rumored at Apelousa that Port Hudson was evacuated.

Lieut. Col. A. C. Hill, editor of the *Era*, had been placed under arrest for having allowed a questionable article to be published in that paper; John E. Hayes and T. P. Tracy of the *Era* have been expelled from New Orleans for writing and publishing the same article.

Quite an excitement occurred on the evening of the 7th, at the opera, occasioned by the audience demanding that the national airs should be played, but nothing serious resulted.

General Sherman has ordered that all places shall hereafter submit their programme to the provost marshal prior to the performance, and suggesting that the national airs be played.

Captain Howard Dwight, Adjutant General, on Brig. General Andrews staff, died suddenly on the 7th inst. He was a Boston boy, brother of Brig. General Dwight, and formerly Captain in the Missouri cavalry. His funeral took place at New Orleans on the 9th inst., and his body was placed on boar d the steamer George Peabody, directed to his father in Boston.

The *Era* of the 10th mentions a rumor that Port Hudson was bombarded by our fleet on the night of the 8th and all day on the 9th.

Gol. Grierson had arrived at New Orleans, and been presented by the Unionists with a magnificent charger.

Admiral Farragut arrived at New Orleans on the afternoon of Saturday the 9th, from Brashea City. The admiral and his officers left the flag ship on Red river. They bring important intelligence that Alexandria was captured on the 6th, by Admiral Porter and a portion of Farragut's fleet.

Prior to the capture of Alexandria, Fort De Russey, on the Red river was demolished after a fight, and a rebel gunboat captured.

For the capture on the morning of the 6th, of Alexandria, by our gunboats, the advance cavalry of Brigadier General Dwight dashed into the place, thus forming a junction of Admiral Farragut and General Banks' forces.

Opelusa dates of the 6th states that our army was then on the march. Gen. Dwight's brigade was then supposed to be in Alexandria, and Generals Emory, Weitzel and Groves were close behind with their forces.

A Baton Rouge letter of the 2nd inst., states that Col. Grierson's force, the 6th and 7th Illinois cavelry and battery, numbering some nine hundred men, followed by some several hundred negroes, rode into that city on that day. They left Lagrange on April 16th, burned the rebel stores and Railroad depot at Okalona, the depot and two heavy laden freight and commissary trains and ordinance train at Newton, on the Charleston and Vicksburg railroad. The ordnance train contained three thousand loaded shells for the Vicksburg batteries, which exploded. From Newton they followed the railroad to Meridian, burning all the bridges thence south on the Mobile and Ohio railroad to Enterprize, where they destroyed the rebel ordnance works, then back to Newton and burned all the bridges from thence to Jackson, including the great bridge over Pearl river and near Jackson tore up ten miles of track, thence they followed the Jackson and New Orleans railroad south to the Louisiana line.

A rebel force of 5,000 at Clinton, was evaded by making a circuit around them, our forces destroying their camp equipage, stores, &c., capturing 300 prisoners.

While crossing a branch of the Amite river Lieutenant Colonel Bleakburne was severely wounded and left in the hands of the enemy. They crossed the Amite river on the morning of the 1st inst., ten miles from Baton Rouge, captured a rebel cavalry picket of sixteen men and horses, burned Capt. Wetherlee's house, captured his horses, and then rode into Baton Rouge looking rough, but in good condition.

Every railroad in Mississippi has been cut by them. They have supplied themselves with fresh horses on the route, and brought in over 900 contrabands on horses, and nearly all of the latter also leading horses.

The *Era* of the 6th gives the particulars of the burning of the U. S. sloop of war Preble at Pensacola, April 27th. She took fire accidently from an open light being carried into the store room. All hands were saved.

The Preble, after burning a number of hours, blew up with a terrific explosion. The U. S. gunboat Kanawha had captured two schooners and drove another ashore in Perdido inlet; all were blockade runners, and one named the Eagle had made five or six successful trips.
