Medical.

DR. JOHNSON'S BALTIMORE LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPURDENCE.

RELIEF IN SIX TO TWENTY HOURS.
NO MERCURY OR NOXIOUS DRUGS.
A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Neck or Skin. Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the fogs of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entered the noblest of the sciences with the founders of eloquence or walked to assist the living lyre, may call with full confidence.

MARRIAGE.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

Who places himself under the care of Dr. J. may rely upon his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and full vigor restored. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence.

Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that demands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive systems to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of reproductive power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

ORIGIN, No. 7 SOUTH FREDERICK STREET,

Left hand side going from Baltimore street, a few doors from the corner. Fall not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduates from one of the most eminent colleges in the United States, and the greatest part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; and many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MENTAL.

The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, morbid feelings, aversion to society, self distrust, loss of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, when they sleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating marriage.

MARRIAGE.

Reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes brightened with its own.

DISEASE OF IMPURDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an unlit sense of shame or the dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, fill his pecuniary substance, keep him in their power month after month, or so long as his smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc., progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

INDOUBTEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Clipper, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

Ayer's Compound Extract Sarsaparilla.

NO one remedy is more needed in this country than a reliable Sarsaparilla, but the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the name. Yet the drug cannot be blamed for the impositions from which they have suffered. Most of the so-called Sarsaparillas in the market contain little of the virtues of Sarsaparilla or anything else. They are mere slops—men and worthless, while a concentrated extract of the active variety of Sarsaparilla compounded with Dock, Stillingia, Iodine, etc., is as it ever will be, a powerful alterative and an effectual remedy. Such is Ayer's Extract of Sarsaparilla, as its truly wonderful cures of the great variety of complaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used Ayer's—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agents below named, will furnish gratuitously to who call for it.

Ayer's Cathartic Pills,

for the cure of Constipation, Dyspepsia, Indigestion, Dysuria, Pains in the Stomach, Headache, Piles, Hemorrhoids, Headache arising from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best Appetizer in the world for all the purposes of a family. Price 25 cents per box, or Five Boxes for \$1.25. Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand Ayer's and take no others. The sick want the best and there is for them, and they should have it.

The Career of a Traitor.

The Life and Death of Stonewall Jackson, Scriptural Paraphrase.

BY PETER THE FORGER.

I cannot help writing to you a few words on the fate of Stonewall Jackson. Nothing has happened in all this war that looks so much like a special intervention of Providence. His story is so like what we have seen in the Scriptures that if it were clothed in Scriptural language, and the names and period changed, it would be difficult to recognize it as not belonging to Bible history. We are the subject well handled it might have great effect both North and South—for we the people of the United States are a pious people and easily impressed with serious thoughts—much as we may seem to forget them in our crowded marts and houses.

I set down without any thought or expectation to do it well (for my time is not my own)—merely to blow out the idea, and I send you what I have done trying to do so. I have written it in Scriptural language. Those who are accustomed to handling such subjects, should the idea strike them as it has done me, can make much out of it.

CHAPTER I. The Western Continent Settled—The Revolution—Peace for Eighty Years—The Rebellion—Stonewall Jackson—His Death.

1. Now, in the latter half of the second thousand years after the advent of Christ, many believers in God and his Son settled in a new land far in the west, beyond the sea.

2. And at first they were governed from their own homes by the kings of the western islands, but they became irksome to them, and they fought against those powers and prevailed against them, and set up a people's government for themselves, which was founded on the good will of the greatest number of them, they believing that the voice of the people is the voice of God.

3. And God smiled on this people, and protected them and they prospered.

4. But wealth and the good things of this world which God showered upon them, made some of them stiff-necked and rebellious.

5. For when about fourteen years had passed since the people's government had been set up, men from the southern part of the new continent rebelled, for they held slaves; and this had made them proud.

6. And they would return to the old order of things—would have kings and titles of nobility.

7. Plainly against the will of God, who had retained and enriched this land for a chosen people, and for a refuge for the humble and oppressed of all nations.

8. But not having the fear of God before their eyes, but being filled with their pride and arrogance, these southern people arose in their might and smote at their northern brethren with a two edged sword, and with many hundreds of thousands of soldiers and men at arms, took possession and foothold, in the mountains and valleys, and on the plains.

9. But the northern people girded up their loins, and took themselves also to arms, and trusting in the Lord of Hosts, returned blow for blow, till the whole land mourned and victory was as it were in a balance.

10. Now, amongst the southern men there was a great captain named by the people Stonewall, for he was a mighty warrior and withal a God fearing man. Howbeit, he did not fight upon the side of God's chosen people, but set up his own thoughts without due reflection, as being at one with the will of God.

11. Then the Lord God was angered, and turned away his face from Stonewall, and he was slain.

12. And a great battle was fought near Rappahannock, which being interpreted signifieth crooked river.

13. And the mighty armies met and smote each other, hip and thigh, and Stonewall was in the van of the southern army.

14. But as the fight went on, Stonewall and his captain found themselves in the rear of the southern army, and straightway he would return to the front, although daylight was already setting.

15. And he went to the front by a new road.

16. And lest that the northern hosts should make along this new road upon the rear of the army of the south, Stonewall ordered many horsemen to guard the same, and to smite with the sword and with their deadly firearms, who should be advancing towards the southern army along the said road.

17. For Stonewall intended not to come back that way himself.

18. But he mixed again in the fight, and when night was about closing, he unthinkingly returned by the new road, and when his own horsemen saw him and his captain, not knowing them in the twilight, they having their orders, let fly their bullets at him, and he was slain with some others of his men.

19. Thus did fall, Stonewall, the southern hero, his slayers obeying his own command. For the Lord was angered at his servant, who could not better divine that the will of God was not to re-establish nobility, and ranks and slavery, but was with the believers, who did trust for their living in their own labor, and would try to love their neighbors as themselves, as they had been commanded by Christ their Saviour, the only Son of God.
