NOTICE TO ADVERTISERS.—All advertisements, Business Notices, Messages, Deaths, &c., to secure insertion in the TELEGRAPH, must invariably be accompanied with the CASH.

Advertisements ordered in the regular Evening Edition are inserted in the Morning Edition without extra charge.

HARRISBURG, PA.

Monday Evening, June 8, 1863.

TOWN AND COUNTRY.

PHOTOGRAPHIC ALBUMS—A lot of new and most elegant styles just received and selling off very low at WARD'S MUSIC STORE, 12 N. Third street.

EXTINUED.—The fires which have been raging in the mountains in Fulton and adjoining counties, in this State, have been extinguished by the heavy showers of last week, and the destruction attending the rapid spreading of this devouring element has at length been checked.

THE "GOOD WILL" PICNIC.—The picnic of the "Good Will" Fire Engine and Hose Company, which takes place in Fisher's Woods, the 20th of June, promises to be a grand affair, and we hope the committee may be able to realize enough from the proceeds to meet the payment on their own engine, for which the picnic is intended.

IMPROVING.—The old saw mill in Bridgeport, opposite this city, which has been standing a long time idle and worthless, is being repaired, and will soon be ready for the accommodation of several families. The frame work of the building, (which is very good,) is large enough to make six small dwellings, and that number is being partitioned off for as many families.

Rev. A. W. MITRY, of Philadelphia, formerly of the Methodist church, occupied the pulpit of the Old School Presbyterian church yesterday, instead of the Rev. Mr. Sutphen, as announced on Saturday, the latter being unable to fulfil his engagement. It is expected that the pastor will return this week, and resume his ministrations next Sabbath.

RETURNED.—The bird and cage stolen from the yard of Mr. Reese, last week, was returned by the thief on Saturday night, and thrown into the yard of Mr. Burkholder, adjoining the yard of Mr. Reese. When found the next morning, the bird was dead. No clue has yet been obtained to the thieves, who made an attempt at burglary the same night the cage was stolen.

PETTY THEFT.—While the workmen engaged in painting the "Citizen" engine house were absent yesterday, observing the Sabbath, some small specimen of humanity entered the building and carried away about three dollars' worth of paint. This petty robbery is but one of many which are committed in this city daily, and we hope when any of the thieves are caught, they may suffer the extreme penalty of the law.

WILL SOON OPEN FOR THE SEASON.—The White Sulphur and Chillicothe Springs, at Doubting Gap, in Cumberland county, opens for the season on the 15th inst. The proprietor, James D. Hendley, lately connected with the Kirkwood House, in Washington, D. C., has spared no pains to have everything comfortable at the Springs, and will conduct the hotel in a manner pleasing to all visitors. For terms, &c., see advertisement in another column.

THE WEEVIL IN CUMBERLAND COUNTY.—This insect, which has proved so destructive to the grain in some parts of the Commonwealth, has visited some of the grain fields in Cumberland county. Different varieties of grain appear to be less disturbed than the common white variety, which has suffered terribly in certain localities in this and other counties. The farmers express the hope, however, that the grain crop will be very good, if we are not visited by heavy rains or strong winds, which will have the effect of laying the grain and injuring the coming harvest.

A DAMPER.—The unusually cold atmosphere of yesterday and to-day will have a chilling effect on the fruit, and retard its ripening several days after the usual season. Last evening and to-day it was cold enough for an overcoat, and a thick shawl adds a wonderful degree of comfort to the body. Flies and June bugs have disappeared with remarkable celerity, and the smoke from stoves other than cooking can be seen in every section of the city. How long this weather will last, we have no means of judging, but if we go by the popular almanacs of the day, it will be "warm and pleasant" to-morrow, "with refreshing thunder showers."

THE ENROLLMENT.—The work of enrolling the residents of this county is progressing rapidly, and is expected to be completed in a few days. The Board of Enrollment are authorized to examine applicants for exemption, as soon as the men are enrolled; although this act is purely voluntary on the part of the board, it will greatly facilitate the labor and time required in making the draft. In these examinations the surgeon will be able to make them more thorough and satisfactory than he would be able to do, were the examination deferred until after the draft.

There is some satisfaction in learning that the men drafted from the district are to be clothed as soon as mustered into service at Harrisburg, so that they will not be annoyed by their citizen's clothing after remaining in camp a short period. The Quartermaster will be enabled to furnish the necessary clothing immediately on the arrival of the men in camp, thus preventing any unnecessary delay through the tardiness of the Quartermaster's department.

In answer to the many inquiries of those interested, we will state that, as soon as a man is enrolled and a claim of any description he wishes to present for exemption on the ground of physical disability, will be heard by the examining board, in the order on which the applications are entered by them.

POLICE AFFAIRS.—No cases of any special interest or importance were before the alderman of the city this morning, and everything has been quiet at the Mayor's office the whole day.

PERSONAL.—Hon. Francis P. Blair and lady, from Maryland, are in the city, the guests of General Simon Cameron. Francis P. Blair is the father of General Montgomery Blair, the present Postmaster General of the United States, and is one of the leading men of the country.

COLORED WAR MEETING THIS EVENING.—A grand colored war meeting will be held at the Masonic Hall, in Tanner's alley, at 8 o'clock, this evening. Speeches will be made by Rev. David Stevens and others. Colored recruits will be present from Cumberland county, Middlesex and Harrisburg, now rendezvoused in this city awaiting transportation to their regiments in Massachusetts.

EIGHTEEN RESERVE REGIMENTS.—A report was in circulation this morning that eighteen volunteer regiments were to be raised in this State immediately, to protect the borders of the Commonwealth. Fifteen of the new regiments are to be infantry, and three cavalry. We did not learn the truthfulness of this report, but when it is authenticated we will try and give the facts to the public.

CAMP CURTIN HOSPITAL.—The patients in this hospital are rapidly diminishing, and the last report showed but fourteen under treatment. One death occurred last week, but the deceased was not in the hospital at the time, and we did not ascertain his name. He was lying at the residence of one of the citizens of Harrisburg when he expired, and not under the immediate care of the hospital surgeons.

MORE NEGRO RECRUITS.—About seventy negro recruits came to this city to day by the Cumberland Valley train, destined for Massachusetts regiments, and our informant says that more will be forwarded in a few days. We have no doubt, from the activity displayed by the New England men, that their quota of the draft will be filled by these colored men, whilst our copperheads here want to save the colored men, and send the white laborer and mechanic in their stead. Such is their love for the negro.

CAPT. EDWARD DE BEU'S SELF DEFENCE ACADEMY, WITH ALL KINDS OF ARMS FOR GENTLEMEN, AND CALISTHENICS AND FENCING FOR YOUTHS, FROM SEVEN YEARS UPWARDS, WILL BE OPEN FROM TO-DAY, MONDAY, JUNE 8TH, AT THE LARGE ROOM OVER POUTON'S BILLIARD SALOON, IN THE REAR OF BRANT'S HALL—DAY AND EVENING SCHOOL. THE EVENING SCHOOL WILL BE FROM 8 TIL 10.30 P. M. PRIVATE LESSONS BY COUPLES IN CLASSES OR SINGLE LESSONS. TERMS MODERATE. FOR REFERENCES AND HUNDREDS OF CERTIFICATES, DURING 12 YEARS IN AMERICA, CALL AT THE ACADEMY.

PRESCYTERIAN SUNDAY SCHOOL, (O. S.)—The following numbers of officers, teachers, scholars, &c., attending the O. S. Presbyterian Sunday school, were handed in too late on Saturday for publication:

Superintendent—J. F. Seller.

Officers 6

Teachers 35

Scholars 280

Average attendance 220

Number of scholars in army 19

The school has a good and well selected library, and the number of scholars are gradually increasing.

UNION VOLUNTEER REFRESHMENT SALOON, PHILADELPHIA.—This noble institution—one of the noblest in the country—cannot be referred to without interest, and we hope that the plain straightforward appeal for contributions for the proposed fair, in furthering its interests, will be responded to by every reader of the TELEGRAPH. Last year the profits of the fair amounted to over five thousand dollars. Let the profits of the one to be held on the 14th of June, greatly exceed this, and thus enable the committee to have the necessary funds to continue on this great and good work. To those who feel interested in this voluntary aid to the patriotic soldier, we command the perusal of the advertisement in this afternoon's edition.

FATAL RAILROAD ACCIDENT.—A Locomotive Engineer Killed.—Mr. Jacob Forney, an engineer on the Pennsylvania railroad, was instantly killed last Saturday, near Coatesville, on the Philadelphia division of the Pennsylvania railroad. The unfortunate man, when the accident occurred, was looking out of the window of his locomotive towards the rear of the freight train, which the locomotive (No. 300) was drawing, when a telegraph pole struck him on the back of the head, crushing it in a fearful manner, and killing him almost instantly. The first warning any one on the train had of the accident was occasioned by the lengthy period which the fireman thought the engineer looked out of the window, and the reality of what had occurred to his companion struck him just as the engineer was breathing his last.

The remains of the deceased were conveyed to Lancaster in the afternoon train on Saturday, and taken to his residence in East King street, near the basin. He was thirty-two years of age, and leaves a wife and one child to mourn his sudden and untimely fate.

CANE PRESENTATION.—About four o'clock last Saturday evening, Dr. J. K. Martin, of this city, was presented with a beautiful silver headed cane, while at the residence of Mr. F. Haehnlein, in this city. The Dr. received the munificent gift in a few appropriate remarks, and expressed himself highly delighted with this unusual mark of esteem. The cane was manufactured by Mr. M. H. Lee, in Market street, and is a master piece of workmanship. The stick was made from a piece of California rose wood, is about seven-eights of an inch in diameter, and highly polished. The head is pure silver, and bears the following inscription:

Presented to
DR. J. K. MARTIN,
by
WILLIAM C. FISHER.

As a token of respect for valuable services.

We understand that Mr. Lee will fill orders for cane presentations at all times, and all those wishing to make presents of this kind can find them at No. 69 Market street.

JOHN KAY CLEMENT,
Capt. and Provost Marshal, 14th Dist.
Provost Marshal's Office, Harrisburg, May 27, 1863.
