HARRISBURG, PA.

Tuesday Evening, June 9, 1863.

TOWN AND COUNTRY.

THE CITY SURVEYORS were at work this morning, and had their instruments in position for surveying Strawberry alley, between Second and Front streets. Under the new city charter, some of the alleys and streets of the city will have to be widened, and others lengthened, in order to comply with the provisions of the act that effect.

STRAWBERRIES.—The supply of strawberries in the market just now is large enough for all purposes, but the prices maintained are unusually stiff—so high, indeed, as to almost preclude the poorer classes from purchasing. We have seen no very large berries yet this year, but doubtless as the season advances the quality of the supply will improve, while the prices, we presume, will come down to the customary standard.

MASONIC.—The Grand Commandery of the Knights Templar, and the Grand Council of Royal and Select Masters of Pennsylvania, assembled in Greenburg, Westmoreland county, to-day. Sir E. H. Turner was to preside over the Grand Commandery of the Knights Templar and III. Comp., and Alfreid Craig over the Grand Council of Royal and Select Masters of Pennsylvania. Excursion tickets are granted by many of the railroads.

DEPARTURE OF MORE NEGRO TROOPS.—At two o'clock this morning one hundred and thirty-five negro recruits left Harrisburg to join the Fifty-fifth Massachusetts, now forming near Boston. Forty-five of these recruits were from Harrisburg alone, the remainder from neighboring towns in this and Cumberland counties. The men were in charge of Thomas M. Chester, one of the leading colored citizens of Harrisburg, who has been untiring in his efforts to raise and equip negro volunteers in this State.

ARRESTED.—Two deserters, belonging to the 2d Pennsylvania Cavalry, were arrested in Tyrone recently, brought to Harrisburg, and delivered over to Lieut. Odyke, the Provost Marshal. Some trouble has been experienced by the Provost Marshal, in regard to these men, and this morning the father of one was endeavoring to have a writ of *habeas corpus* issued, in order to restore his son to liberty. Whether he succeeded or not, we are unable to say, but from what we could learn, the men are still in confinement.

THE WAR MEETING IN TANNER'S ALLEY.—The meeting at Masonic Hall, in Tanner's alley, last evening, was one of the most enthusiastic negro meetings we ever saw. Before the speaking began, the hall was crowded to overflowing with colored people of both sexes, and the crowd continued unabated until after the close of the meeting, near eleven o'clock.

Speeches were made by Thomas Early, John H. Dickerson, John E. Price, Thomas M. Chester, Bev. David Stevens, and others, and the speakers were enthusiastically cheered from the beginning. The meeting closed by the audience singing the "John Brown Lay," which was remarkably well executed, the colored soldiers joining in with the others, and making the old hall ring with this, their favorite song. Heartly cheers were then given for the 55th Massachusetts volunteers, "the 8d Louisiana Colored regiment," "Barney Campbell, the Chief of Police," "the cause of the Union," and for several distinguished men who have assisted in raising troops for the new negro regiments. The utmost good feeling prevailed the entire evening, and the audience retired to their homes more fully convinced than ever, that "The year of Jubilee had come."

REBEL PRISONERS GOING EAST.—This morning, about half-past seven o'clock, two extra trains arrived here from Pittsburg, freighted with rebel prisoners, on their way to Philadelphia, from thence to be taken to Fort Delaware and the South, to be exchanged as soon as convenient. The first and longest train which arrived in this city, contained 1466 prisoners, in charge of Captain Cumberston, of the 27th Ohio volunteers. The men were all captured in the vicinity of Vicksburg, and presented quite as rough and squalid an appearance as rebel prisoners generally do. They appeared to be healthy, well satisfied with their lot, and not any too eager to return to the South.

The second train came in immediately after the first, but stopped in the city half an hour longer than the other. The prisoners numbered 733, and were escorted by several companies detached from the 39th Ohio volunteers, under the command of Captain Jenkins, of the same regiment. He states that when the guard (numbering about 400 men) left Vicksburg, they, with the additional aid of several other companies, brought away six thousand rebel prisoners, captured at the battles of Haines Bluff, Champion Hill, Big Black River and at other places near Vicksburg. When the guard arrived at Indianapolis, the number had dwindled down to 4,500, the prisoners becoming diseased and unable to proceed with their fellow captives. At Sandusky City, all the commissioned officers (prisoners) were separated from the others, and placed in charge of Captain Gilmore, of the 63d Ohio, who was ordered to report with the men at the place, provided for rebel officers near that city. In this manner, the men diminished until they reached Harrisburg, when they numbered but 2199.

The last train of prisoners left this city about nine o'clock, this morning, direct for Philadelphia, and are to take the first boats down the river for Fort Delaware.

THE REGULAR MONTHLY MEETING of the Young Men's Christian Association will be held at their reading room this evening at 8 o'clock. Prompt attendance is requested.

CHEERRIES.—The cherry crop will be an abundant one this year in all parts of the country. In some localities they are already ripe, and a few have already made their appearance in Market.

THE GOOD WILL FIRE COMPANY will hold a special meeting at their hall to-morrow (Wednesday) evening, to make arrangements for the proper equipment of their members. The punctual attendance of every member is requested.

FINE STRAWBERRIES.—The finest berries of the season that we have seen found their way to the proprietor's table yesterday, through the kindness of Major Mumma, who is a farmer with knowledge, and knows how to make mother earth yield her choicest favors.

BREAK OF LIGHTNING.—During the heavy thunder storm which passed over this section of Dauphin county last Sabbath a week, a bull was struck by the lightning and instantly killed, without doing any injury to surrounding objects. The animal belonged to Mr. Derr, of Lower Paxton township, and was quietly standing in the barn yard when it was struck and killed.

A VALUABLE GIFT.—A beautiful horse, with saddle, bridle, a sword and all necessary equipments, was presented in Reading last week to Col. Matthews, of the 128th regiment Pennsylvania volunteers, for valiant services in the field. The animal was a sprightly and beautiful one, the accoutrements were of the finest style of workmanship, and the presentation, which took place in the public square of Reading, was witnessed by more than five thousand persons.

THE LIVERY BUSINESS.—If every one in Harrisburg was doing as good a business as some of our thriving livery keepers, none of us would suffer for some time to come. It is wonderful how this occupation increases in popularity, and the extent to which it is carried on by many of those engaged therein. Horse flesh is in demand, and will be for years to come, unless some new invention turns up, and supplies the use of these indispensable animals.

REVIVAL.—The recruiting officers throughout the State are sending in more recruits at the present time than have been concentrated here for a long time before. The fears that were entertained about the recruiting business becoming unprofitable to the Government, has been changed to an agreeable dismilitude, and a fresh revival in this branch of the Government's service is becoming too apparent to remain unnoticed.

FOURTH OF JULY.—In Philadelphia, New York and other cities we observe that great arrangements are being made for a proper celebration of the National holiday. Of Philadelphia particularly is this true. The Union League has taken the matter in hands there, and nothing will be left undone to render the demonstration the most attractive and imposing ever held in this country. Delegations will be presented from all parts of the Union, and a big time generally is anticipated. Here we hear of no preparations for celebrating the day, and beyond the customary picnics, etc., unless something unusual is transacted soon, its return will be announced by nothing more than the usual daily routine of life.

NORTHERN CENTRAL RAILWAY EXCURSION.—The officers of this company, some time since, having made an arrangement with their connecting lines by which the trade and travel between Baltimore and Buffalo, N.Y., could be more directly accommodated, determined to celebrate the event by an excursion to Buffalo and Niagara Falls. The excursion train left Baltimore yesterday morning, at 8 o'clock, loaded with many of the officers, patrons and friends of the road, arrived in Harrisburg about noon, and left a short time after, direct for Elmira, where they remained last night. They expect to reach Buffalo this evening, and visit Niagara Falls to-morrow. The entire trip, going and returning, from Baltimore, will occupy about ten days, though some of the party will return before that time—probably on Saturday.

THE ART OF FENCING.—Captain De Ben, to whom we have had occasion to refer several times, is a most thorough and competent professor of fencing and bayonet exercise, and we often wish that our army officers generally were as well versed in the use of the sword as he. The majority of our army officers are totally ignorant of the right use of the weapon which they have occasion to use, and if any are stopping in the city now, they have an excellent opportunity of becoming expert and skilled in the use of their sword, which will be of untold value to them in a hand-to-hand fight in the field. There are many inducements to others to learn the use of this weapon, and the slightest knowledge of the art of fencing may be the means of averting injury, when least expected. The Captain can be found at his rooms above Poulton's billiard saloon, Strawberry alley, near Third Street.

HOW MANY COLORED TROOPS HAS PENNSYLVANIA FURNISHED?—This question is asked daily, and we have taken the pains to ascertain the number, as near as possible. Last evening we were reliably informed that the squad of one hundred and thirty-five negro recruits, their leaving, would make a total of one thousand one hundred and fifty-five men. Pennsylvania, in all probability, is not credited for a single man of these recruits, and, when the draft comes, we will have to furnish just as many men as though these colored recruits had never left the State. But Massachusetts gets the credit for these men, and the two negro regiments, which that State has numbered with the rest of her volunteers, will be credited to her, and lessen the quota of that State over two thousand men in the impending draft. Of these two thousand negro troops she has not furnished one-third; but other States have suffered, in order that Massachusetts may shine forth and astonish the world with negro soldiers, and a full quota of volunteers.

PHOTOGRAPHS.—A perfect photograph conveys to the beholder an exact counterpart of the original, and thus may we, by its possession, literally see ourselves as we really appear. This attainment then devolves entirely upon the skill of the Photographer, and for the benefit of those who desire a truthful likeness, a speaking picture, correct in all the details of tone, outline, position, etc., we say go at once to Messrs. Burkhardt and Robbins, the accomplished artists in Mumma's building, Third Street. Their rooms are studded with photographic gems, an inspection of which will at once remove any doubts which may be entertained of their decided superiority as artists.

POLICE REPORT.—Since yesterday evening, the following cases have been disposed of by Alderman Kilne, at the Mayor's office:
Brown H. Dawson, a soldier, just liberated from prison, became drunk and disorderly, and was committed to prison for fifty-six hours, or until the provost guard calls for him. Arrested by Officer Brooks.
William A. Sheldon was arrested by Officers Cline and Esig for drunkenness and disorderly conduct, and was committed by the Alderman until sober.
William Davis was committed to prison for twenty-four hours, by Officer J. Cline, for vagrancy.
Chief of Police Campbell arrested Joseph Hutchinson last night, at the City Hotel, by reason of drunkenness and disorderly conduct. Committed.

An intoxicated individual, was discovered last night, trying to sleep with his head on the sidewalk, and a part of his body and legs on the steps of Mr. Boyd Hamilton's residence, in Walnut street. He was arrested by Officers Callender and Esig, and committed to prison until sober.
Mary A. Johnson, a negro wench of the darkest dye, was arrested for vagrancy and non-existence of character, (the latter she could not remember having lost), and committed for thirty days.
Samuel C. Beiler was arrested for drunkenness and conduct ill becoming a gentleman, and committed to prison. He has friends in the northern section of the State, to whom Alderman Kilne telegraphed, stating the condition he was in and why he was confined.

Nancy Green, a dark and forsaken wench, was arrested by Officer Lieb for vagrancy and prostitution. Sent to prison for ten days.

This class of *Bitters* has caused, and will continue to cause, as long as they are sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcohol. Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon the drunkard's life and death.

You will have all the virtues of HOOFLAND'S GERMAN BITTERS in connection with a GOOD ARTICLE OF LIQUOR, at a much less price than these inferior preparations will cost you.

ATTENTION, SOLDIERS!
AND THE FRIENDS OF SOLDIERS.
We call the attention of all having relations of friends in the army to the fact that HOOFLAND'S GERMAN BITTERS will cure nine-tenths of the diseases induced by exposure and privations incident to camp life. In the late published almanac in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from exposure of the organs are speedily removed. We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.
We call particular attention to the following remarkable and well authenticated case of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters":
Messrs. Jones & Evans—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is wonderful, for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case, I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain E. B. Ayers. Through the exposure and privations of an arduous duty, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June, 1862.
I thought I had been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again.
I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the disease, frankly told me they could do no more for me, and advised me to see a clergyman and to make such disposition of my limited funds, as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbock, of Sixth below Arch street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them, the gloomy shadow of death receded, and I am now, thank God for it, as healthy as before. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to you Bitters I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.
I am very truly yours, ISAAC MALONE.
We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.

Ayer's Sarsaparilla

This concentrated extract of Para Sarsaparilla, as so combined with other substances of still greater alterative power as to afford an effective antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:
SCROFULA AND SCORFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, STYPLIS AND STYRILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOLOREUX, OBITRITY, DYSPERDIA AND INDIGESTION, ERYTHIELAS, ROSA OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcersous sores, through which the system will strive to rid itself of corruption, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities lurking through the skin in pimples, eruptions or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even in the most particular disorder of the skin, people enjoy better health, and live longer, by cleansing the blood. Keep the blood healthy, and all is well; but with the pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
During late years the public have been misled by large bodies, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been brands upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call upon the public to be cautious, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure.
