In moving in the enemy's country the utmost circumspection and vigilance is necessary for the safety of the army and the success of the great object it has to accomplish, depends upon the observance of the most rigid discipline. The Lieutenant General Commanding, therefore, most earnestly appeals to the gallant officers and men of his command, who have attested their bravery

and devotion to the cause of their country on cence in the rules required by the exigencies of the case. All straggling and marauding from the ranks,

PHILADELPHIA, May 30, 1863.

M. O. Sadler, I. U. Saater, Esq : DEAB SIE : During the night of May 19, 1863, our Grocery and Provision Store, at North Scoond and Willow streets, took fire at about 2 o'clock A. M., and as the store was a two story wood building it burnt rapidly, and before the fire engines could act upon the fire, our whole stock of goods, including much combustible material, and amounting to over \$2,000, were wholly destroyed. We had one of your No. 11 Chilled Iron Safes, which was in the hottest part of the fire, and it came out of the fire not in the least injured, except the melting off of the name, plate and paint. The contents in side were not affected in the least, and we con-sider the Safe just as good a protection arainst wood building it burnt rapidly, and before the uder the Safe just as good a protection against ire now as before, and shall use it herea ter with increased confidence. Attention to the above certificate is particu-larly requested, as it is the first trial of LILLIE'S SAFES in an accidental fire in Philadelphia. I would say to all parties who want a Fire and Burglar-proof Safe that LILLIE'S WBOUGHT AND CHILLEO IRON SAFES are much the cheapest and the only real Fire and Burglar proof Safes now made; and to those who want simply a Fire-proof, I would say that LILLIE'S WROUGHT IRON SAFE is fully equal in all respects to any of the most approved makers, and is sold at fully one-third less price.
