HARRISBURG, PA.

Monday Evening, June 29, 1863.

PISTOL STOLEN.—\$5 REWARD.—Stolen from the rooms of the Young Men's Christian Association, in Market street, a fine silver mounted revolver, \$5 dollars is ready for any person who will return the above, or show how it may be recovered. Apply at this office.

ARRIVAL OF TROOPS.—Captain Wellington Jones, Co. C, of the provost battalion, which was located in this city last winter, arrived here at noon to-day with a full company, composed principally of members of his old company, which served for nine months.

SPECIAL NOTICE.—All persons having received rifles from the Friendship Engine House are requested to meet there this evening at seven o'clock, to perfect an organization. Those not wishing to go out with the company and have guns belonging to the same are expected to leave them at the place of meeting this evening. By order of

CAPT. J. WESLEY AWL.

MORE REBEL PRISONERS.—Forty-two rebels have been captured and brought to Harrisburg since last Friday. They were placed in the yard in the rear of the Court House, this morning, and taken up one by one to the Provost Marshal's office, when they were examined. These prisoners are to be sent to Philadelphia to-morrow morning at two o'clock, and will be delivered over to the U. S. Provost Marshal stationed in that city.

A GOOD VIEW.—The movements on the opposite side of the river, can be plainly seen from the dome of the capitol through a good spy-glass. Last evening a flag was observed floating from a pole in a large field, nearly six miles southwest of the city, supposed by those who saw it to be the "stars and bars" of the rebels. But a short distance from the flag was part of a regiment, apparently drilling. We have not since ascertained whether it was a Union or a rebel regiment.

GOOD FOR LITTLE MITCHELL.—Capt. Harry Ellensie arrived here yesterday morning from Lewistown with a company of 100 men strong, being the first to enter Camp Curtin, and tender their services under the Governor's late call for 60,000 of three months troops. Another company will arrive here to-day, composed of merchants from the place. The proper spirit has always animated the people of Mifflin county. "The Logan Guards" from Lewistown was the first to enter the United States Capital at the breaking out of the rebellion.

THE PENNSYLVANIA RESERVES.—The Pennsylvania Reserves, under Brig. Gen. Crawford, have been transferred from the Department of Washington to the Army of the Potomac. Their number has been increased by the return to service of many who were disabled or wounded in the many battles through which they have passed. Applications have been made by the officers and desires expressed by the men to be led against the enemy now invading their native State. The prospect of active service has inspired much enthusiasm among the Reserves.

CLOSING OF PLACES OF BUSINESS.—Nearly every business, house with the exception of the hotels, have their doors closed to-day, and all work appears to have been suspended in every section of the city. A general suspension of business is actually necessary now in order to allow all able-bodied males to assist in driving the rebels from this city. Every one can assist in this emergency, either by shouldering the musket or picking lint, which will be needed by the surgeons in dressing the wounds of those who may be engaged in repelling the foe now approaching the Capital.

THE FIRST COLORED TROOPS FROM HARRISBURG.—Sunday, the two companies of colored troops recently raised in this city, received their arms from the State arsenal, and were drilled in the manual by their captains, Bradley and Chester. Notwithstanding the awkwardness of some of them in handling a musket for the first time, they learned the first rudiments in the school of a soldier in common with raw troops when first instructed in the manual of arms. Captain Bradley has a full company, but Captain Chester will have to recruit ten or fifteen men before he has the maximum number allowed by the Government. The companies have daily drills, and are rapidly becoming proficient in drill and the flanking movements.

RESISTING ENROLLING OFFICERS IN MONTGOMERY COUNTY.—The enrollment troubles in Montgomery county have culminated in the death of at least two persons—a deserter and the enrolling officer. It seems that Abraham A. Bartolet, the enrolling officer of Montgomery county, with the provost guard, went to the residence of a deserter named Howe on Saturday last for the purpose of arresting him. On arriving at the house, it was surrounded by the guard, and Howe called for a female voice replied to the demand that he was in the house, but that he was not going to be taken. Bartolet then cried out to break down the door and take him out. At this instant Howe appeared at the window with a double barreled gun, which he discharged, the ball striking Bartolet in the breast and causing his death in twenty minutes. A man named Eisenberg then sprang to the window, and discharged his revolver three times at it and into the room. Howe was seen to fall, and was supposed to be killed. As the neighborhood was aroused it was not deemed prudent to attempt Howe's arrest or to see how badly he was injured. The foregoing are all the particulars of the affair that have been furnished up to Thursday. There is an organized resistance and how far it will be permitted to be successful remains to be known.

COMPANY PARADES.—The various city military organizations recently effected in the city, are having a busy time drilling in the Parks and wide streets of the city. Captain F. Asbury Aul's, Captain W. H. H. Hummel's and several other companies were out drilling this morning, and went through the various maneuvers in military tactics. The companies generally have two hours' drill in the morning, when they are instructed in the manual of arms, the facing, and in marching. Over five hundred men are now in the militia companies of Harrisburg, and numbers are joining hourly, thus rapidly filling the ranks of the companies that are nearly full.

PENNSYLVANIA, SS: In the Name and by the Authority

COMMONWEALTH OF PENNSYLVANIA. ANDREW G. CURTIN, Governor of the said Commonwealth, A PROCLAMATION.

The enemy is advancing in force into Pennsylvania. He has a strong column within twenty-three miles of Harrisburg, and other columns are moving by Fulton and Adams counties, and it can no longer be doubted that a formidable invasion of our State is in actual progress. The calls already made for volunteer militia in the emergency, have not been met as fully as the crisis requires. I, therefore, now issue this my proclamation, calling for SIXTY THOUSAND MEN to come promptly forward to defend the State. They will be mustered into the service of the State for the period of NINETY DAYS, but will be required to serve only so much of the period of muster as the safety of our people and honor of our State may require.

They will rendezvous at points to be designated in the General Order to be issued this day by the Adjutant General of Pennsylvania, which order will also set forth the details of the arrangements for organization, clothing, subsistence, equipments and supplies. I will not insult you by inflammatory appeals. A people who want the heart to defend their soil, their families and their firesides, are not worthy to be accounted men. Heed not the counsels of evil disposed persons, if such there be in your midst. Show yourselves what you are—a free, loyal, spirited, brave, vigorous race. Do not undergo the disgrace of leaving your defenses mainly to the citizens of other States. In defending the soil of Pennsylvania we are contributing to the support of our national Government, and indicating our fidelity to the national cause.

Pennsylvania has always heretofore responded promptly to all the calls made by the Federal Government, and I appeal to you now not to be unmindful that the foe that strikes at our State, strikes through our desolation at the life of the Republic, and our people are plundered and driven from their homes solely because of their loyalty and fidelity to our free institutions. People of Pennsylvania! I owe to you all my faculties, my labors, my life. You owe to your country your prompt and zealous services and efforts. The time has now come when we must all stand or fall together in defence of our State, and in support of our Government. Let us discharge our duty that posterity shall not blush for us. Come heartily and cheerfully to the rescue of our noble Commonwealth. Maintain now your honor and freedom. Given under my hand and the Great Seal of the State at Harrisburg, this twenty-sixth day of June, in the year of our Lord one thousand eight hundred and sixty-three, and of the Commonwealth the eighty-ninth.

A. G. CURTIN, BY HIS GOVERNOR: ELLI SLIFER, Secretary of the Commonwealth.
