The City of Mexico to be Evacuated. SAN FRANCISCO, June 30.

Advices from the City of Mexico from the 80th of May to the 6th of June have been re-

ceived. The news is of the highest importance. President Juarez and his Cabinet have, concluded to evacuate the city of Mexico. They have taken this action, believing that the most effectual resistance to the French army could be made outside of the walls. Og the 31st of May, the Government moved to San Louis Potosi, taking all the movesble fire arms and munitions of war. They also

took with thematwo millions of dollars from the Treasury. The force that gaurisoned the city, said to num

ber over 20,000, was withdrawn to Cuerevaca Plaza, and the intermediate points around the sity, for the purpose of carrying on a guerilla warfare.

On June 1st, a meeting was hold in the city, at which the principal leaders of the Church party were present. They sent a commission to Gen. Forey to offer their allegiance to the Superor Napoleon. On June 5th a division of the French army

occupied the main entrance to the city, and afforded the Church party protection against

he excited populace. The whole French army was expected to ce-cupy the capital on the 8th of June.
