

NOTICE TO ADVERTISERS.—All advertisements, Business Notices, Marriages, Deaths, &c. to secure insertion in the TELEGRAPH, must invariably be accompanied with the CASH.

HARRISBURG, PA.

Saturday Evening, July 11, 1863.

The committee of arrangements of the Hope fire company will meet at the hose house this evening at 7 o'clock precisely.

On the reception of the news at Elizabethville, Washington township, Dauphin county, the citizens not having a cannon, took a blacksmith's anvil and fired ten rounds, between 9 and 10 o'clock.

THE FORCES AT READING.—Maj. Gen. Sigel last Thursday formally took command of all the militia and volunteer forces in the camps about Reading, in accordance with an order from Maj. Gen. D. N. Couch, commanding the Department of the Susquehanna.

FROM PHILADELPHIA.—The Second regiment National Guards, Colonel William A. Gray commanding, arrived in this city last night. The regiment left Philadelphia yesterday noon, with the ranks nearly full, and came to this city over the Pennsylvania Central road.

"CUT STICK."—It is said that a number of those drafted in Pittsburgh and Lancaster this week have skeddaddled already, and that many others will follow before the day on which they are required to report.

ARRIVAL OF TROOPS.—A large number of troops passed through Harrisburg during the night. Among the regiments, we noticed one in particular from Reading, the 43d Pennsylvania militia. The regiment is commanded by Colonel Stott, and was made up of companies from Chester county. It numbers nearly one thousand men.

STEEL COLLARS INJURIOUS.—A leading physician of New York takes ground against steel collars, the wearing of which has recently grown fashionable among young men. He thinks that the steel, being a rapid conductor, will affect the electrical and thermal condition of the larynx and other organs of the throat, and consequently will cause diseases of the throat.

PASSED THROUGH.—The Second Coal regiment, organized recently in Philadelphia, reached this city about daylight this morning. They received their arms here, and were forwarded over the river, without even eating the breakfast which had been prepared for them at the Soldiers' Retreat.

LAYING THE CORNER STONE OF THE FIRST FREE BAPTIST CHURCH.—The ceremonies incident to the laying of the corner stone of the new Free Baptist Church, in Harrisburg, will be held in the meeting house, corner of Fourth and East State streets, to-morrow, after the close of the usual morning service.

TO THE FRIENDS OF THE WOUNDED SOLDIERS.—Gentlemen who have just returned from the battle field of Gettysburg, and who visited the hospitals in the neighborhood, say that the most urgent want of the wounded is shirts, drawers and pads. Many of the men are entirely destitute of clothing, and are suffering greatly on this account.

ANOTHER LANCASTER COUNTY REGIMENT.—Another regiment from Lancaster county is being organized at Camp Curtin near this city. The men have enlisted for three months, and many of them are from Lancaster city. Prof. Wickersham has been elected Colonel, and Captain B. F. Cox, Major.

DAVIS' PANORAMA TO-NIGHT.—We were shown, this morning, a beautiful silver watch, to be given away to-night at the close of the exhibition of Davis' panoramas, at Brant's Hall. The watch is but one of the many valuable articles, consisting of books and jewelry, which is to be distributed this evening by the enterprising proprietor of this interesting art exhibition.

RE-OPENED.—Many of our storekeepers who closed up their stores and removed their goods, when the rebel invaders were moving this way, and it was feared would succeed in reaching this city, have now nearly all had their goods brought back and are again ready for business. Some of the stores present quite a different appearance since the resumption of business, the proprietors having improved the opportunity to give their establishments a thorough cleaning, and to replace their old stocks of goods by fresh ones from the larger cities.

PREACHING IN THE HALL OF THE SENATE.—The Second Lutheran congregation will hold divine service in the Senate chamber to-morrow morning at ten o'clock, and also in the evening at six o'clock.

WOUNDED FROM GETTYSBURG.—Four wounded soldiers reached Harrisburg this morning, having walked the whole distance since last Sunday. They were somewhat weakened when they reached the city, but they have been provided with comfortable quarters at the West Walnut Street Hospital, where they were admitted and their names placed on the Hospital Register.

REBEL PRISONERS FROM SHIPPENSBURG.—A train containing one hundred and thirty-three wounded rebel prisoners reached this city about two o'clock this afternoon, direct from Shippensburg. They were in charge of Lieutenant James, 28th Pennsylvania volunteer militia. Lieutenant James says these are a portion of the six hundred recently captured with the rebel wagon train near Shippensburg.

SERIOUS ACCIDENT.—From the Sunbury American we learn that an accident occurred on the Northern Central Railroad on Monday afternoon, near Port Trevorton. A cow sprang on the track suddenly, from behind a wood pile. The result was, the locomotive was run off the track, the mail and baggage car was thrown on its side across the track, and the passenger car next to it on its side, and crashed and broken.

PENNSYLVANIANS IN THE BATTLE AT GETTYSBURG.—Pennsylvania had a large share in the late battle at Gettysburg, and the blood of her sons was freely shed in her defence. The three senior Generals were Pennsylvanians, and the melancholy list of casualties shows that at least fifty Pennsylvania regiments were in the fight. The 11th Pennsylvania, the 1st, 2d, 3d, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th and 12th Reserves, the Pennsylvania battery, the 23d, 24th, 56th, 62d, 63d, 68th, 69th, 71st, 75th, 82d, 83d, 88th, 90th, 91st, 93d, 98th, 99th, 105th, 106th, 107th, 110th, 114th, 115th, 121st, 139th, 140th, 141st, 142d, 143d, 144th, 147th, 148th, 149th, 150th, 151st, 154th, 155th. Other regiments from the State no doubt participated in the battle, which was won by steady valor and discipline on the part of the men, who were well aware that the fighting was on their own soil, and for the protection of their own homes.

NEARLY SHOT BY A SOLDIER.—While the Second Coal regiment was lying near the Pennsylvania railroad depot, between seven and eight o'clock, this morning, a soldier, supposed to be a member of that regiment, shot a negro boy in the employ of Mr. James Thompson, without any apparent cause or justification. The young negro, who was shot, gives his name as Edward Walker, and tells a very straight story in relation to the whole affair.

ATTEMPTED IMPRISONMENT OF A COLORED CITIZEN BY A SQUAD OF SOLDIERS.—Capt. Henry Brady, well known by the citizens of Harrisburg and vicinity, as a colored man of industry and thrift, the proprietor of the hair dressing saloon in Third street, was halted by a squad of soldiers while passing through Short street, yesterday afternoon, and ordered to go along with them. Mr. Brady, suspecting the reason of the order, told them he could not comply with their demand, at the same time stating he was very busy, and that the order they had received did not refer to colored persons who were engaged in any respectable business.

RE-OPENED.—Many of our storekeepers who closed up their stores and removed their goods, when the rebel invaders were moving this way, and it was feared would succeed in reaching this city, have now nearly all had their goods brought back and are again ready for business. Some of the stores present quite a different appearance since the resumption of business, the proprietors having improved the opportunity to give their establishments a thorough cleaning, and to replace their old stocks of goods by fresh ones from the larger cities.
