MARRIAGE. Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. He who places himself under the care of Dr. J. may religiously confide in his help, as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS. Immediately Cured, and full vigor restored. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

MISCELLANEOUS. JONES HOUSE, CORNER OF MARKET ST AND MARKET SQUARE, HARRISBURG, PA. JOSEPH F. McLELLAN, PROPRIETOR.

B. T. BABBITT'S Concentrated Condensed or Pulverized SOAP. THREE gallons of handsome white SOAP made in five minutes. NO GREASE required.

Medical.

DR. JOHNSON'S BALTIMORE LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE. REMEDY IN SIX TO TWELVE HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Headache, Palpitation of the Heart, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin. Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps in an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entered listening Senates with the thunders of eloquence or walked to ecstasy the living lyre, may call with full confidence.

MARRIAGE. Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. He who places himself under the care of Dr. J. may religiously confide in his help, as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS. Immediately Cured, and full vigor restored. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

DR. JOHNSON, Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and of greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE. These are some of the sad and melancholy effects of early habits of youth, viz: Weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

YOUNG MEN Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

MARRIAGE. Reflect that a sound mind and body are of the most necessary requisites to promote conjugal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPRUDENCE. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ultimate escape of shame or the dread of discovery detains him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, flog his peculiar substance, keep him trudging month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over, or, calling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, etc., progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveller returns.

INDORSEMENT OF THE PRESS. The many thousands cured at this institution year after year, and the numerous important operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Chicago, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

SKIN DISEASES SPEEDILY CURED. Personally appeared before me an Alderman of the City of Philadelphia, H. T. HELMBOLD, who, being duly sworn, doth say, his preparations contain no mercury, no arsenic, or other injurious drugs, and are purely vegetable.

The Great "American Remedies," KNOWN AS "HELMHOLD'S" GENUINE PREPARATIONS, VIZ: HELMBOLD EXTRACT "BUCHU," "SARSAPARILLA," "IMPROVED ROSE WASH," HELMBOLD'S GENUINE PREPARATIONS, "HIGHLY CONCENTRATED" COMPOUND FLUID, EXTRACT BUCHU, A POSITIVE AND SPECIFIC REMEDY FOR DISEASES OF THE BLADDER, KIDNEYS, GRAVEL, AND DROPSICAL SWELLINGS.

This Medicine increases the power of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY OR CALCEOUS DEPOSITIONS, and all UNNATURAL ENLARGEMENTS are reduced, as well as pain and inflammation, and is good for MEN, WOMEN or CHILDREN.

HELMHOLD'S EXTRACT BUCHU FOR WEAKNESSES. Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse. ATTENDED WITH THE FOLLOWING SYMPTOMS: Inclination to Excoriate of the Skin, Loss of Power, Difficulty of Breathing, Trembling, Weak Nerves, Wakingfulness, Horror of Disease, Dimness of Vision, Pain in the Back, Universal Lassitude or Fainting of the Body, the Muscular System, Eruptions on the Face, Hot Hands, Failed Concoctions.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow: IMPOTENCY, FATIGUE, EPILEPTIC FITS, In one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases," INSANITY AND CONSUMPTION.

Many are aware of the cause of their sufferings, but none will confess. The records of the Insane Asylums and the melancholy deaths by Consumption, bear ample witness to the truth of the assertion. THE CONSTITUTION, ONCE AFFECTED WITH ORGANIC WEAKNESS, Requires the aid of medicine to strengthen and invigorate the system, which Helmbold's Extract Buchu invariably does. A trial will convince the most skeptical.

HELMHOLD'S EXTRACT BUCHU, OLD OR YOUNG, MALE OR FEMALE, OR CONTEMPORARY MARRIAGE. In many affections peculiar to females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or suppression of the customary Evacuations, Ulcerated or Schlorros state of the Uterus, Leucorrhoea or Whites, Sterility, and for all complaints incident to the sex, whether arising from Indiscretion, Habits of Dissipation or in the

DECLINE OR CHANGE OF LIFE. NO FAMILY SHOULD BE WITHOUT IT. Takes no Balsam, Mercury, or Unpleasant Medicine for Unpleasant and Dangerous Diseases. HELMBOLD'S EXTRACT BUCHU, Cures Secret Diseases in all their stages; at little expense; little or no change in diet; no inconvenience and no exposure. It causes freedom desire, and gives strength to Urinate, thereby removing obstructions, preventing and curing Stricture of the Urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling Poisonous, Diseased, and Worn-out Matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "Poison" has by the use of "powerful Astringents," been dried up in the system, to break out in an aggravated form, and perhaps after marriage.

Use HELMBOLD'S EXTRACT BUCHU for all Affections and Diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing. Diseases of these Organs require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the Great Diuretic, and it is certain to have the desired effect in all Diseases for which it is recommended.

Blood—Blood—Blood. Helmbold's Highly Concentrated Compound FLUID EXTRACT OF SARSAPARILLA SYPHILIS. This is an affection of the Blood, and attacks the Sexual Organs, Linings of the Nose, Ears, Throat, Windpipe, and other Mucous Surfaces, making its appearance in the form of Ulcers. Helmbold's Extract SARSAPARILLA, purifies the Blood, and removes all Scaly Eruptions of the Skin, giving to the Complexion Clear and Healthy Color. It being prepared expressly for this class of complaints, its Blood-Purifying Properties are preserved to a greater extent than any other preparation of SARSAPARILLA.

HELMHOLD'S ROSE WASH. An excellent Lotion for diseases of a Syphilitic Nature, and as an injection in diseases of the Urinary Organs, arising from habits of dissipation, used in connection with the Extracts Buchu and SARSAPARILLA, in such diseases as recommended. It is the most responsible and reliable character with the medicines. CERTIFICATE OF CURE: From eight to twenty years standing, with names known to Science and Fame. For Medical Properties of Buchu, see Dispensary of the United States. See Professor DEWEY'S valuable works on the Practice of Physic. See remarks made by the late celebrated Dr. P. SYDNEY, Philadelphia. See remarks made by Dr. EPHRAIM McDOWELL, a celebrated Physician and member of the Royal College of Surgeons, Ireland, and published in the Transactions of the Kings and Queen's Journal. See Medicoturgical Review, published by BENJ. TRAVERS, Fellow of the Royal College of Surgeons. See most of the late standard works on Medicine. Extract of Buchu \$1 00 per bottle, or six for \$5 00. Extract of SARSAPARILLA, \$1 00 per bottle, or six for \$5 00. Improved ROSE WASH, 50 cents per bottle, or six for \$2 50, or half a dozen each for \$12 00, which will be sufficient to cure the most obstinate case, if directions are adhered to. Delivered to any address, securely packed from observation. Describe symptoms in all communications. Cures guaranteed. Advice gratis.

The Telegraph.

From our Morning Edition.

THE SITUATION.

THE IMPENDING BATTLE. TEN O'CLOCK P. M.—Dispatches received here yesterday morning at Headquarters report that heavy firing was heard in the morning at Loudon, Franklin county, in the direction of the South Mountain, which would seem to indicate that a great battle was then going on between Gen. Meade and the rebel force.

12 O'CLOCK M.—Information was again received from Loudon, confirming the previous reports of heavy firing being heard in the direction of Hagerstown, and is still continued at short intervals at that time.

4 45 P. M.—Additional information confirms the firing to have been very rapid for a few hours but nothing could be heard of the result.—Everything was quiet up to 2 o'clock, p. m.

10 O'CLOCK P. M.—Nothing more has been heard of any battle being fought yesterday. The firing heard during the morning is supposed to have been between skirmishing parties.

Firing was also heard during the forenoon and afternoon in Newville. Parties who heard it state that it must have been between Hagerstown and Boonsboro, Md. The firing was heavy, and was heard as late as 10 o'clock. At the time we close our forms, 11 o'clock, nothing could be ascertained of the result.

LATEST FROM MEADE'S ARMY.

Rebels Tearing Houses to pieces to be Used as Bridges.

THE ANTIETAM RIVER VERY HIGH.

OUR ARMY CONCENTRATED.

IMPORTANT MOVEMENTS EXPECTED.

Our Government Notifies the Rebels that They will Retaliate.

MIDDLETOWN, Md., July 12.

Information has been received from a person who has been within lines at Funkstown, that the rebels were tearing houses to pieces to construct pontoons.

The Antietam river is much swollen, and this is probably the cause of Meade's army delaying the attack, as our army is more concentrated than when at Gettysburg.

The army is within a few miles of the enemy.

Important movements are hourly expected. Our Government has notified the rebels that the execution of two officers, recently selected at Richmond will be retaliated most severely.

Lee's Army Retreating.

THE REBELS MOVING IN TWO COLUMNS.

The Rebels Evacuate Hagerstown.

LEE FEARS A BATTLE.

GEN. DANA WILL TAKE A COMMAND.

General Couch will take the Field.

NO BATTLE ON SATURDAY.

GEN. MEADE'S FORCES IN POSITION FOR BATTLE.

The Rebels Retreat towards Williamsport.

GEN. MEADE'S FORCES READY.

ROADS IN GOOD CONDITION.

The Enemy Falling back to Falling Waters.

BOONSBORO, July 11.—5 P. M.

This morning at daylight the enemy abandoned the line of Antietam and retreated towards Williamsport. The citizens report that rebel Generals told them there would be no fighting unless at Williamsport.

The rebel pickets are still on the Hagerstown pike, this side of Funkstown. Before night Gen. Meade will know whether the rebels will fight or retire.

All was quiet last night and no sound of guns up to 10 o'clock to-day. Gen. Meade has his forces ready to be used as may be necessary. Roads in good condition, and the weather fine. Col. Stoughton, of the 4th Vermont, was wounded during the skirmish yesterday. His wound is not serious. Forty-five men of the 6th corps were wounded yesterday. The 6th is the only one that was engaged.

The old Vermont brigade did most of the fighting, and it was with difficulty that the officers restrained men from rushing forward on the enemy regard less of numbers.

LATER.

Since the above dispatch was written apparently, trustworthy information comes in, that the main body of Lee's army has fallen back into position on the neck of land opposite Falling Waters.

CHAMBERSBURG, July 11.—Lee's army which has been occupying a position around Hagerstown for the past four days commenced to move at five o'clock last evening past Hagerstown. They divided their forces a portion taking the road to Williamsport, and a portion moving out on the National road towards Clear Spring.

What their intentions are is not fully defined at this time, that portion which took the Clear Spring road may take the cross road in the direction of Williamsport, five miles out.

Several parties arrived here who left Hagerstown at nine o'clock this morning, and all agree that there are no rebels in that vicinity. It is not known that the Potomac is not fordable, but it is feared that Lee has derived some means for making his escape, or he may be moving on Hancock hoping to gain sufficient time for the river to fall, and thus avoid giving a battle.

Two hundred and ten rebel prisoners left here to-day for Harrisburg. General Dana arrived here to-day, for the purpose of taking command of one of the divisions under General Couch.

THE LATEST.

HEADQUARTERS ARMY OF THE POTOMAC, July 11.—10 P. M.

There has been no fighting to-day beyond a few unimportant cavalry skirmishes.

General Meade's forces are in position to advance and give battle when the proper hour shall have arrived.

Reported Crossing of Lee's Army.

FREDERICK July 11, 3 P. M.

Trustworthy information received here indicates that the rebels have had pontoon bridges sent from Martinsburg, and General Lee is crossing his army at Falling Waters.

We drove their pickets in this morning to St. Joseph's College, on the Downsville road.

I do not believe Lee will venture an engagement.

We captured one hundred prisoners mostly Georgians yesterday.

DISPATCH FROM ADMIRAL PORTER.

WASHINGTON, July 11.

The following dispatch has been received at the Navy Department:

U. S. MISSISSIPPI SQUADRON, FLAG SHIP BLACK HAWK, Vicksburg, July 3, 1863.

Hon. Gideon Welles, Secretary of the Navy:

Sir—I have the honor to inform you that Vicksburg has surrendered at last to the United States forces, after a desperate but vain resistance. That she has not done so sooner, has not been for want of ability on the part of our military commanders, but from the magnitude of the defenses. They were intended to repulse any force the Government could possibly send there.

What bearing this will have on the rebellion remains yet to be seen, but the magnitude of the success must go far toward crushing this rebellion and restoring once more the commerce of the States bordering on this river. History has seldom had an opportunity of recording so desperate a defence on the one side, with so much courage, ability, perseverance and endurance on the other, and if ever an army was entitled to the gratitude of a Nation, it is the Army of the Mississippi and its gallant leaders.

The navy has necessarily performed a less conspicuous part in the capture of Vicksburg than the army, still it has been employed in a manner highly creditable to all concerned. The gunboats have been constantly employed below Vicksburg in shelling the works, and with success, co-operating heartily with the left wing of the army.

The mortar boats have been at work for forty two days, without intermission, throwing shells into all parts of the city, even reaching the works in the rear of Vicksburg, and in front of our position—a distance of three miles. Three heavy guns placed on scows, a 9-inch, 10-inch and 100 pounder rifle, were placed in position, a mile from the town, and commanded all the important water batteries. They have kept up an accurate and incessant fire for fourteen days, doing all the damage that could be done by guns under such circumstances.

Five 8 inch, two 9 inch, two 42 pounder rifles, and four 32 pounder shell guns, have been landed at the request of the different generals commanding corps, from the gunboats, and mounted in the rear of Vicksburg; and whenever I could spare the officers and men from our small complement, they were sent to manage the guns—with what ability I leave to the General commanding the forces to say.

In the meantime I stationed the smaller class of gunboats to keep the banks of the Mississippi clear of guerrillas, who were assembling in force and with a large number of cannon to block the river and cut off the transports bringing down supplies, reinforcements and ammunition for the army.

The operations of the army would have been much interfered with, and I can say honestly that officers and men never did their duty better than those who patrolled the river from Cairo to Vicksburg. One steamer only was badly disabled since our operation commenced, and six or seven men killed and wounded.

While the army have had a troublesome enemy in front and behind them, the gunboats Marine Brigade, under General Ellett, and a small force of troops under General Dennis and Mower, have kept at bay a large force of rebels, over 12,000 strong, accompanied by a large quantity of artillery. Though offered battle several times, and engaged, they invariably fled and satisfied themselves by assaulting half-disciplined and unarmed blacks.

The capture of Vicksburg gives us a large portion of the naval force free to act along the river, and I hope soon to add to my department the vessels which have been temporarily lost to the service, viz: the Indiana and Cincinnati. The effect of this blow will be felt far up the tributaries of the Mississippi. The timid and doubtful will take heart and the wicked will, I hope, cease to trouble us, for fear of the punishment which will sooner or later overtake them.

There has been a large expenditure of ammunition during the siege; the mortars have fired 7,000 mortar shells, and the gun boats 4,000 five-second fuses; 4,500 have also been fired from the naval guns on shore, and we have supplied over 6,000 to the different army corps.

I have the honor to remain, very Respectfully, your obedient servant, DAVID D. PORTER, Acting Rear Admiral, Commanding Mississippi Squadron.

The Victory at Helena, Arkansas.

WASHINGTON, July 11.

The following has been received at the Headquarters of the army:

HELENA, July 5, via Cairo, July 10. Major General Halleck, General-in-Chief:

We encountered the enemy, 15,000 strong, under Generals Holmes, Price, Harmsden and others, on the evening of the 4th of July, and routed them handsomely. We have captured 1,000 prisoners, 1,200 stands of arms, and two colors. Our total loss will not exceed 250. The enemy's loss was very severe—not less than 2,500 in killed, wounded and prisoners. (Signed) B. H. PRENTISS, Major General.

SECRET OF BEAUTY!

LALR'S Bloom of Youth or Liquid Pearl

FOR beautifying and preserving the complexion and skin. After using Laird's Bloom of Youth, or Liquid Pearl, for a short time, it will leave the skin a soft, satin-like texture; it imparts freshness, smoothness and transparency to the skin, that can only be produced by the use of this valuable article. It presents no vulgar white paint, as all other attempted compounds do, but, on the contrary, it will give the complexion a pearl-like tint, such as can only be formed in youth, and its use is impossible to be detected by the closest observers. It is also invaluable for removing all kinds of Humors, Tans, Freckles, Scurfiness and other cutaneous diseases from the skin. Mr. Laird has every confidence in recommending his Bloom of Youth, or Liquid Pearl, to the ladies of America, as being the only perfect and reliable article now in use for beautifying and preserving the complexion and skin. Can only be had at S. A. KUNKEL'S, je22 Apothecary, Harrisburg.
