HABBI-BURG, PA

Tuesday Evening, July 21, 1863. TOWN AND COUNTRY

A FEW MORE LEFT. - Hundreds of straggling rebels and describes from General Lee's army are rounting about the mountains of south western Pennsylvania. Besides many who de liver themselves to the District Provost Mar shals, absconding rebels are picked up by our scouts at the rate of o e hundred per day.

GONE HOME. The Fourth New York Artillery regiment, which has been in service in Fort Couch and vicinity for four weeks past, left the Fort yesterday and marched through town on their way to the Lebanon Valley depot, where they took the cars for New York city. As they marched through the streets they were headed by their splendid band of buglers, twenty-five or thirty in number.

FIGHT AT THE MAY HOUSE .- While a squad of soldiers were standing at the May House, on Ridge avenue, yesterday evening, several of thera, too intoxicated to know their duties, got up a dispute on some trifling subject, which ended in a regular fist fight. A squad of the provost guard made its appearance about the time the fierce conflict was raging, who quelled: the disturbance by arresting two of the principal actors, and taking them to the guard-room under the Court House.

Boy Drowned.-On Wedne day, the 15th was known by those living in the neighborhood every exertion was made to recover the body, by searching the creek to its mouth, but up to posed to have been carried away into the Susquehanna river. If discovered anywhere along the banks of the river, the finder will be liberally rewarded by informing the afflicted parents of the whereabouts of the drowned bry.

ORDERED TO BE REPORTED.—Commanders of regimente, battalions and all independent detachments, and surgeons in charge of all hos pitals, have been instructed to report, upon the last day of each month, to Colonel Fry. Provest Marshal General, the names of all deserters from their respective commands. These reports are to be made out in the form the street, on oath of Mr. John Young. When deserters are not apprehended, this record will city. in the future prevent all payment of bounty, pension, or any future land scrip which might otherwise be issued to the soldier deserting.

Bogus Substitutes .- We learn from the Lan caster Express that certain New York and Philadelphia speculators have sent on a number of thieves and pickpockets to that city to be sold as substitutes for drafted men. Captain Bolenius, the Provost Marshal of that district, has very properly refused to accept them without some guarantee as to their character. Since they have been there several pockets have been dexterously relieved of their contents. It was by this class of men that the Government and ing house of Mrs. Elizabeth Billings, in South many men deafted from this county were grossly swindled last year, through the agency of speculators in substitutes. Of course, it is not the intention of such scamps to serve in the army, but to decamp as soon as they get their pay; and they belong to a fraternity that would render their arrest a very difficult and expensive job.,

DISTURBANCE ON INDEPENDENCE ISLAND .- Yes terday afternoon, while the persons intending new brick building, Chestnut street, between 3d to participate in the grand sack race on Inde- and 4th. pendence Island were preparing to place them selves inside the bags, a disturbance was kicked up by several soldiers, apparently uninterested soldiers at Camp Curtin, which we have before in the proceedings, and a disgraceful "knock- noticed in our columns, and which has afforddown and drag-out" was the result. He had been a soldier in the war of 1812, and water so affected him that it brought on prostration and dysentery so that he was unable to proceed further with his regiment than Coambersburg. 🗗 yer's Sarsaparilla

Sa concentrated extract of Para Sarsaparilla, L so combined with other substances of still greater alterative power as to afford an effective antidote for diseases Sars sparilla is reputed to cure. Such a semedy is surely wanted by those of immense service to this large class of our afflic ed fellow citizens. How completely this compound will do it has been proven b periment on many of the worst cas s to be found in the following complaints:

CCEOFULA AND SCROPULOUS COMPLAINTS. ERUP 110% AND EMPTIVE DISPASES, ULCERS, L'IMPLES, BLOTCHES, TUMORS, SALT LIBEUM, SCALD HEAD SYPHILIS AND SYPHILITIC AFFACTIONS, MERCURIAL It would almost seem sujeifloors to add that

Desilizant B. Diskase, Dropsy, Neuraliola on the Doloreux,

Desility, Desility, Despensa and Indiamston, Engineer, LAS, ROSE OR ST. ANTHONY'S FIRE, and incient the whole class of complaints arising from In PUBLTY OF THE CLOOD.

This compound will be found a great promo ter of heaith, when taken in the spring, to expe the foul humors which fester in the blood a that season of the year. By the timely expulsion of them many ranking disorders are nipped in the had. Multitudes can, by the aid of this emedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitlated blood whenever you find its impurities bursting through the skin in pluples, eruptions or so es; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Ever where ho particular disorder is felt, people enjoy better health, and live longer, for cleans ing the blood. Keep the blood healthy, and all is well; but with the pabulum of life disordered, there can be no lasting health. Some or later something must go wrong, and the great machinery of life is di-ordered or over thrown.

During late years the public have been mis-led by large bottles, pretending to give a quar-of Extract of Sarsaparilla for one dollar. Mosof these have been frauds upon the sick, for they not only contain little, if any, Sarsapariila but o ten no curative properties whatever .-Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synony mous with imposition and chest. Still we cal this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure.
