Immediately Cured, and full vigor restored. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, Indigestion, constitutional debility. a wasting of the frame, cough, con-sumption, decay and death.

Rebel Reports from Charleston,

FURIOUS BOMBARDMENT. ASSAULT ON FORT WAGNER.

REPULSE OF THE FEDERAL FORCES.

FROM GENERAL LEE'S ARMY.

Arrest of a Female Spy in Richmond.

BALTIMORE, July 26. We have received Richmond papers of Monday and Tuesday last. The most important news they give is contained in dispatches from General Beauregard, announcing the furious bombardment of Fort Wagner, Morris Island, showing that the attack had not been abandoned. The Richmond Whig's statement that we lost two thousand in the attack is undoubtedly and exaggeration.

"CHARLESTON, July 22 — The Richmond Whig says: The enemy commenced shelling again yesterday, with but few casualities. We had in the battle of the 18th instant about 150 killed and wounded. The enemy's loss, including prisoners, was about 2,000. Nearly 800 were buried under a flag of truce. Col. Putnam, Act ng Brigadier General, and Colon-1 Shaw. ommanding the negro regiment, were killed. GENERAL LEE'S ARMY.

The exact where bouts of General Lee's army seems to be ucknown to all save the au thority at Richmond. A report reached Lynch burg, Saturday, by the Orange and Alexandria railroad that Meade had crossed the Potomac at Leesburg. WYTHEVILLE RAIDERS CAPTURED. LYNCHBURG, July 24.—Passengers by the Tennessee train report that the Wytheville Yankee raiders were captured Monday at East River Mountain, Mercer county, by the command of

Col. McCausland. A number of negros and horses, captured by the Yankees, were recaptured. About twenty houses were burned in Wytheville, among them the office of the Discrete and Section 2. paich and fixtures. FROM WINCHESTER. WINCHESTER, July 21.—There is nothing new from our army. All quiet. We have many

reports regarding the position of the Yankees, but nothing positive. It is believed they have recrossed the Potomac, but in what force or towards what position they are making, is unknown. Their movements are all known to

FROM RICHMOND. MPORTANT DISCLOSURES - FEMALE SPY-WIFE OF

WEALTHY CITIZEN ABRESTED AND IMPRISONED For some months past (says the Richmond Sunday Morning Times ) it has been a well ascer tained fact that there is in our midst, a spy who enjoyed frequent opportunities of communicat ing with the enemy, and of imparting information of a very important character to him. The recent publication in the New York Herald of etters purporting to be written in the South, aroused the authorities of our government, and consequently orders were given to have the confederacy, especially the city of Richmond scoured from one end to the other, in search of

he guilty parties. Information reached Gen. Winder that a lady n this city, Northern by birth, though the wife of a wealthy citiz n of Richmoud, was bolding constant communication with the enemies of the Confederacy, by letter, through the blockade runners. Measures were at once adopted to intercept one of these pistles for the purpose of examining its contents. The vigilant detectives were not long in obtaining cossession of two of these letters. One was ad dressed to a young lady in Yankeedom, but contained a letter to the "Rev. Morgan Dix," who is the father of the notorious Yankee Gen Dix. The other letter was aderessed to her SOUTHERN NEW S. sister in Cincinnation of the second state of the timid with the rebels." She blames him for not burning the residence and devastating the

arm of Secretary of War, Mr. Seddon, in lenders. Goochland. In a letter addressed to Dix, she gives the names of two clergymen in New York and a lady in Washington, whom she accuses of being

We are now a first class nation. At the close of the Revolution we were the youngest and the smallest of all nations.

The power to sustain a debt is as the cube of rebel sympathizers, and says they should be arrested. In the same letter she speaks of the mission of the Rev. Dr. Hoge to Europe—says the report of his having gone to Europe to buy Bibles is all gemmon, and asserts that his business there is to exert his influence in behalf of on according to the first terms of the the South. She also tells when and how he will return, and conjures the Yankees to arrest him by all means, and keep him in close confinement during the war. She also gives in the same epistle the location of several farms on James river which she says should be destroyed. Tells where the Yankees can mount guns to command several plantations, and expresses the hope that all rebels may be "crushed She concludes her letter by saying that "if the United States does not suppress the re bellion, they do not merit the respect of the

world. Immediately upon the development of these startling disclosures, a guard was sent to the was then lying in the house, awaiting inter-ment, Gen. Winder told his officers not to break in upon the grief of the family, but to keep a vigilant watch over the lady, who was instruc ted th consider herself under arrest.

After the burial of the child, a partial exam-ination of the case was held before Gen. Winder.

It will be seen from the extract from the let ter quoted above, that this young lady pray for the arrest of Rev. Dr. Hoge, at whose house she was an intimate, thus betraying the co-fi dence reposed in her by the family of the Bev Doctor. She remained there under the surveil lance of a policeman, until it became disagree able to Mrs. Hoge, when she was removed to

the Catholic Asylum named above.
Why this deterence, this favoritism should be shown to wealth, we are at a los to conceive. Is an enemy of our country less ar enemy because he or she happens to be rich in worldly goods? If the lady in question is in nocent of the above charges, why is she placet in the hands of the good sisters of charity? If she is guilty, why is she not confined in th place assigned for the reception of persons wh have given aid and comfort to the enemies of our country's liberties? We ask again, why this favoritism ?
