THE DRAFT IN CUMBERLAND COUNTY .- We see by the Carlisle papers that the drafting in the tian persuasion, at once irresistible, overwhelm-15th district, composed of York, Cumberland ing and powerful. His description of a world and Perry counties, did not commence on Tuesday last. The delay was occasioned, from the most reliable information we can get on the seal, because there would be no friend to imsubject, by the lists, tickets, etc., not being pre- press such a mark of regard upon its portals, pared—the rebel raid having interrupted and and no enemy to break it after it had been im detained the work for some time. PROMOTED.-We print the following article from the New Orleans Era, of the 11th instant, announcing the promotion of Captain A. N. Shipley to a Brigadier Generalship of volunteers. Captain Shipley enlisted in this county as a common soldier. He has advanced regularly, from one position to another, on the ground of real personal merit, until he has reached his present distinction. The honor is well bestowed, and his host of friends here will be gratified to learn of his promotion:

'Captain A. N. Shipley, of the United States Army, and who is well and favorably known in this department, has, we are happy to aunounce been appointed a Brigadier General of Volun teers, by General Emory, subject to the approval of the General commanding the department and of the President of the United States. ing deserters from the army, heretofore five General Shipley has been assigned to duty on dollars, has been increased, by order of the right bank of the river, and has already entered upon the discharge of his duties. He has now an honorable position by merit, he having been promoted from the ranks of the regular army for meritorious services. In appointing him to his present position, General Emory has honored a worthy soldier, and we doubt not he will perform his duties in a very satisfactory and creditable

REV. THOMAS A. STOCKTON IN THE LOCUSE STREET METHODIST PULPIT.—Yesterday morning the most eloquent divines in the country, occuannouncement had gathered an uncomonly heard and could appreciate its profound excellence and elequent truthislness. His theme was the Bible: The world without and the world with the Bible. Upon this the Reverned erator discoursed for one hour in a strain of fervid beauty, lucid argument, and Chris without a bible was thrilling. He compared it to would have an origin without an endinga creation without a creator. Man would be WILL HAVE TO SERVE HIS TIME.—A young compelled to give up all memory and all hope.

This ence and importance, it was to be regarded as of more value than all other created things. It was God's word. The sun in its noonday glory was a creation of grandeur which man can scarcely comprehend. The Bible in its simple truthful ness was within the comprehension of man, and would survive when the sun had been veiled in darkness. The Bible represented the sum of God's greatness, because it is the record of His word. His word given in promises of salvation and covenants of mercy. With the B ble we are now off-ring very low. HISTORY.-The faithful historian is the medium through which the doings of the past is presented to the mind. Fiction may amuse the leisure hour or feed the romance attached to young life, but when the stern reality of every day life overtakes us, we then realize how false is its teaching and how wasted our time in its perusal. These thoughts have been suggested to our mind, even from the misreprese tations sometimes seen in an advertisement The object of one style of advertisements is to have the public read, and from reading learn where they can at all times purchase day goods at the very lowest cash cash prices, southeast corner of Front and Market streets C. Ayer's Sarsaparilla

IS a concentrated extract of Para Sarsaparilla L so combined with other substances greater alterative power as to afford an effective antidote for diseases Sarasparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of on afflic ed fellow citizens. How completely this compound will do it has been proven by ex periment on many of the worst cases to be found

in the following complaints : OPTILA AND TIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES BLOTCHES, TUMORS, SALT BREUM, SCALD HEAD SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISCASE, DROPSY, NEURALGIA OR TIO DOLORBUX. DEBILITY, DYSPERSIA AND INDIGESTION, ENTERPRISE LAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from In-

PURITY OF THE SLOOD.

This compound will be found a great promo ter of health, when taken in the spring, to expe the foul humors which fester in the blood a that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself o corruptions, if not assisted to do this throng the natural channels of the body by an altera tive medicine. Cleanse out the vitlated bloo whenever you find its impurities bursting through the skin in pimples, eruptions or some cleanse it when you find it is obstructed and singgish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Ever o particular disorder is felt, people eniov better health, and live longer, for clean ing the blood. Keep the blood healthy, and all is well: but with the pabulum of life disor dered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or over

During late years the public have been mis led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Mos of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever.— Hence, pitter and painful disappointment ha followed the use of the various extracts of Sar saparilla which flood the market, until the nam itself is justly despised, and has become synony mous with imposition and cheat. Still we call this compound Sarsaparida, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. Prepared by Ds. J. C. AYER & CO., Lowell Mass.
