BRILLIANT SUCCESS of the nation's heroes, whose life, to use hi own language, "has been saved by the Bitters:"

PHILADELPHIA, August 23d, 1862. Messis. Jones & Evans :-- Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayers. Through the exposure attendant upon my arduous duties. I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debili y, heighten d by an attack of dysentery. I was then remov-ed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since which I handed on the 25th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swal low anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread archer, fiankly told me they could do no Steam Weekly to Livernool.
