HARRISBURG, PA.

Saturday Evening, August 8, 1863.

WANTED IMMEDIATELY.

SEVERAL BOYS to learn the Printing Business. None but active, intelligent boys need apply. For further particulars enquire at 808 1/2.

WAY IS SO HOT.—A late astronomical discovery shows the earth to be nearer the sun by several millions of miles than has been supposed.

FREN BAPTIST CHURCH.—Services will be held tomorrow morning at the usual hour. The evening services will commence at 6 o'clock instead of 8 o'clock.

THE SIXTH WARD MARKET HOUSE.—The foundation for the new market house in the Sixth Ward is completed, and the masons are now engaged on the walls of the building, which, owing to the small force employed, are progressing slowly. It is expected the new market house will be finished in October or November.

THE FRIENDSHIP PICNIC.—The picnic of the Friendship fire company, next Tuesday, promises to be one of the leading ones of the season. Those who do not desire to go in carriages can reach the woods on cars, as trains will run from the depot at 8 o'clock A. M., and at 1 1/2 P. M. Returning, the train will leave the woods at 7 o'clock P. M.

ACTIVE.—The Provost Guard were unusually busy yesterday, and had an active time, arresting drunk and disorderly soldiers. Armed patrols now go around the town in the morning and evening, and arrest all soldiers they meet, who cannot show good reasons for their absence from camp. The prisoners are confined in the old Zouave Armory, Exchange Bank, Walnut street.

TO HA.—CONTRACTORS.—We call attention to the advertisement of Captain Mark L. De Mott, A. Q. M., U. S. A., in another column, headed "Notice to Contractors." The Captain will receive proposals at his office, No. 24 Second street, for two hundred tons best quality of hay, to be delivered in this city, at the rate of fifty tons each week, as stated in the advertisement.

CAMP CURTIN VARIOLA HOSPITAL.—The hospital at Camp Curtin, used last winter for small pox patients, has been thoroughly cleaned and whitewashed, and will be ready for the accommodation of other sick and wounded soldiers in a few days. There is not the least danger of contagion resulting from patients being placed in the building, as the banks and every article of clothing which the small pox patients used were burned immediately after they left the hospital. The building will accommodate, when ready for the admission of sick and wounded, about forty patients.

NOR FURTHER.—The Provost Marshal General has ordered that deserters from the rebel army who have taken the oath of allegiance to the rebel government, persons residing south of the outbreak of the rebellion, and who were compelled to take the oath of allegiance, or civilians who have been captured and paroled on the condition of taking an oath never to take up arms against the so-called Confederate Government, are not exempt from the draft, but they must in each case present their written statements to the Board, so that they may not be assigned to duty against the insurgents.

IN CAMP.—Major Ditzinger's "emergency" battalion, composed of Cambria, Centre and Huntingdon county men, is now in Camp Curtin. It came hither direct from Hopewell, Bedford county. During the emergency, the battalion was stationed, for the most part, along the borders of the State near Bedford, Somerset county, where a majority of the companies comprising the battalion, saw nearly two months service. The officers of the battalion expect to be furnished with muster-out rolls immediately, whereby they can settle the accounts of the company, be paid off and sent home.

HORSES FOR GOVERNMENT USE.—A new plan has been adopted for the purchase of horses for the use of the Government. Open markets have been established at several military posts in the North, where a standard price is to be given by the Quartermasters of the U. S. Army, for such horses as are brought here to be sold, and pass Government inspection. Capt. J. C. Johnson, Quartermaster, now stationed in this city, is authorized to purchase Government horses under this new order, and will pay the cash for such horses as are brought in to be sold, and pass the inspection. He gives one hundred and twenty dollars each for horses thus purchased.

PRESENTATION OF A SWORD, SASH AND BELT.—The members of Co. B, 177th regiment Pennsylvania drafted men of the nine months service, presented to their late commander, Capt. R. T. Knox, a magnificent sword, sash and belt prior to their being mustered out of service and departure from the State Capital. The presentation took place in front of the White Hall Hotel, on Monday evening. Capt. Barrett, of Co. E, 177th, made the presentation in a neat and complimentary address, alluding to the faithful manner in which Capt. Knox had discharged his duty as a soldier, and the warm confidence which the gift of the sword testified to on the part of the commanded-for. The presentation was accepted by the late commander. Capt. Knox accepted the sword, sash and belt with the free gift of brave men, of those who had followed him in the fight, and would ever entertain the most pleasing recollections.—The affair was one of those pleasant surprises which do not always attend the disbanding of military organizations, and reflected great credit on all concerned.

REQUIRE REVENUE STAMPS.—Another item of importance to those paying \$300 for the purpose of being exempted in going the rounds in the papers. It is, that receipts from the Internal Revenue Collector, showing that \$300 has been paid by drafted men, requires a five per cent. revenue stamp to be affixed thereto.

ANOTHER PICNIC.—The lively and hackmen of this city are getting up a grand picnic, to come off at Hoffman's grove, on Thursday, August 20. Ladies and children will be conveyed to and from the grove free of charge.—No pains will be spared to make this one of the most pleasant parties of the season. The tickets are placed at only twenty-five cents.

DEFAUCED POSTAGE CURRENTLY.—Many of our readers are not aware that the United States currency depreciates in value when pieces are torn from notes, large or small, in proportion to the size of the piece so torn off. For instance, a ten cent note with half torn off, is worth five cents, and so on. This is a matter that will be of interest in a short time, as the notes in circulation are fast wearing out, and so far as we know, there has been no provision made for their exchange for new ones.

ERECTOR OF A GOVERNMENT WAREHOUSE.—The United States Quartermaster's Department at this post, has entered into a contract with Alfred Steltz, one of our most enterprising and efficient master carpenters, for the erection of a large warehouse, on the lot immediately in the rear of the old Pennsylvania Railroad Machine Shops. The building is to be devoted to commissary and quartermaster's uses, and will be fifty seven feet wide by one hundred and forty feet long.—to be placed on brick pillars 12 by 21 inches square, 8 feet apart, at such elevation from the ground as will make the floor six inches below the bed of cars or rail road track alongside the building, a convenience designed to facilitate the unloading or loading of the heavy articles to be stored in this building. Mr. Steltz is fitted in every particular, with fully to execute a contract of this character, as he is among the most reliable, enterprising and skillful of the master mechanics of the State. The building is to be completed and ready for occupation on or before the 5th day of September next ensuing.

THE WOUNDED IN THE HOSPITALS AT CURTIN.—The Adams Sentinel of the 4th inst. contains the following items of interest:

We are pleased to mention that Gen. Paul, who was severely wounded in the first day's fight here, and reported as killed, has now recovered from his severe wound as to sit up yesterday, and will be able to leave in the latter part of the week.

It gives us gratification also to say that our brave, noble hearted friend, Lieut. Col. Flanagan, of the 24th Michigan, (Iron Brigade) who lost his leg in the first day's fight, in a splendid charge upon the rebels on the ground west of the Seminary, capturing 600, was able yesterday evening to ride out in a carriage and view the scene of his successful charge, and where he received his wound. He is doing well.

A large number of brave soldiers are dying in the several hospitals. Every care is being taken, however, for the comfort of the wounded.

MEETING OF THE PENNSYLVANIA STATE TEACHERS' ASSOCIATION.—The Pennsylvania State Teachers' Association was held at the Adams Sentinel Hall, on Wednesday, August 4th, at 5 o'clock of the present month. In consequence of the President's proclamation, no meeting was held on Thursday, as was intended. There were more teachers in attendance than was anticipated. The proceedings were interesting, and will be published in full in the Pennsylvania School Journal. In the absence of the President, Asahel Smith, of Millin, Vice President, S. D. Ingram, of Dauphin, presided. Reports were read by Professor S. D. Hillman, of Dickinson College, Rev. J. S. E. Emswiler, Superintendent of Berks, and W. F. Wyers, Esq., of the West Chester Academy. The following questions were discussed with much ability. "What are the prominent objects of text books, and to what extent should they be used?" "Should a military spirit be encouraged among the pupils of our schools?" A beautiful poem was read by Miss Annie F. Kent, of Chester county. On Wednesday evening Major General Siegel attended the Association and delivered an able address; he was enthusiastically received. Major General Stabel was also present and made a few remarks. The State Superintendent, Professor Coburn, also addressed the Association. Dr. Burrows made a statement in reference to the Teacher's canon, and a report of funds received, which was perfectly satisfactory, completely exonerating himself from any censure. S. D. Ingram, of Dauphin, was elected President for the ensuing year. The Association adjourned to meet at Altoona next August.

ANOTHER VOICE.—The following communication was received yesterday, but owing to the unusual amount of other matter, we could not very well publish it until to-day. We believe that a committee was appointed over a year ago to collect money for the purpose of buying instruments for a brass band, but they never made a report, though we understand that money was subscribed by a number of persons to assist in the good work. Now, with the money then raised, and a few "toes" added to it, we might soon have a basis for the formation of an excellent band. Read what "A Citizen" says on the subject:

Mr. Editor:—It pleased me to see a communication in your paper of this morning, from a "Market Street Man," who, complains of the nuisance created by the ill played music we hear nightly in Market street. Why can we not adopt such nuisances in the future, by having a first class band in the city? There are plenty of good musicians in the city.—can they not be induced to organize themselves into a band? Let us try. To induce them to do so, I will be one of a hundred who will pay \$10 toward the object, and the only stipulation I would make, if, for \$1,000 a year, a band can be organized in this place—that every Saturday evening, from the first of June to the last of September, they shall give concerts in the Capital Grounds, and in the winter season, they give concerts in one of the halls, for which an admission fee shall be charged. By this course, Mr. Editor, I think a love for music can be created in our midst, and at least once a week, in the summer, we should have the pleasure of listening to good music. I would like to hear from you, there on the subject through the columns of your paper.

A SPECIAL MEETING of the Friendship fire company will be held in their hall this evening, at 7 o'clock. Every member is requested to be present to make arrangements for the Picnic.

CHALLENGE DANCE.—We learn that Messrs. Fayette Welch, of the Fielding Troupe, and Hugh Daugherty, will dance a challenge dance at the Gaiety Music Hall this evening, for \$25 a side.

THE DRAFT.—The drawing of the gifts for the male citizens of Dauphin county, will commence in the Court Room, (first floor of the Court House,) Monday morning at seven o'clock.

RETURN OF COL. ALLEMAN'S REGIMENT.—The 86th Regiment, P. V. M., Col. H. C. Alleman, relieved from duty at Gettysburg yesterday, returned to Harrisburg this afternoon, to be mustered out of service. The regiment numbered about eight hundred effective men.

ASSAULT AND BATTERY CASE.—A negro named George Carney was arrested yesterday evening for committing an assault and battery on a mulatto named Ann Perry. He was confined in the lock-up until this morning, when he had a hearing before Alderman Kline, who committed him to prison to answer at court.

PAID OFF BY THE STATE.—The 85th regiment Pennsylvania volunteer militia (Colonel M. Kaine) was paid off yesterday, by Major David M. Cormick, State Paymaster, and left for their homes yesterday and this morning.

The 39th regiment Penna. emergency men (Col. Magle) received their pay last Monday, and left the next day for their homes, in Schuylkill county.

The 41st militia (Col. Myers) were also paid off, Tuesday, and went home the next day. Major David M. Cormick, of this city, paid off and settled the claims of these three regiments. In justice to the Major we will here state that he has been a true friend of the soldier since the commencement of the war, always seeking to do good among them, and in such a patriotic and generous spirit as to elicit the praise of all with whom he came in contact. He receives nothing for his services, and when not employed by the State Government, he takes the responsibility of doing his duty on his own shoulders, thereby endangering his life to the citizen and soldier. God bless the Major!

THE 177th PENNSYLVANIA REGIMENT.—This regiment, which reached Camp Curtin last Sunday morning, has since been mustered out of service, paid off and the men returned home. The regiment was organized at Camp Curtin over nine months ago, and was made up from seven companies—two from Dauphin, two from Lycoming, two from Luzerne, one from Iadana, and from Susquehanna, one from Perry and one from Lancaster—with the following field and staff officers:

Colonel—Geo. B. Weistling, of Harrisburg. Lt. Col.—Hugh J. Brady, Indiana county. Major—John Power, Williamsport. Adjutant—John G. Weistling, Harrisburg. Quartermaster—Jacob Miah, Dauphin county. Surgeon—Peter Wager, Phila. delphia. First Asst. Surgeon—John Flowers, Montgomery county. Second Asst. Surgeon—William Jack, Indiana county. Chaplain—Jeremiah Mickley, Lancaster.

Shortly after the regiment was organized and mustered into service, it was ordered to Suffolk, Va., where the men remained, doing fatigues duty, and acting as recruits, until their term of service was drawing to a close. Shortly before their return home, the regiment was attached to the 12th Army Corps, and suffered the trials and hardships of the forced march after Lee's army when they skedaddled from Gettysburg. About the 20th of July they received orders to report at Camp Curtin, where they arrived, and were encamped until mustered out of service. The regiment was highly complimented by the Governor for its splendid appearance while on dress parade last Tuesday afternoon, and elicited the remark from him that it was one of the best drilled regiments he ever saw in Camp Curtin.

When the regiment left Camp Curtin it numbered nearly nine hundred men, but its ranks were thinned by disease, and when mustered out of service scarcely seven hundred men were present to answer to their names.

A SINGING SONG.—We should like to hear some of the sturdy soldiers, who are now in Camp Curtin, sing the following song. Nothing that the war has produced in song, that we have seen or heard, equals the lines below. We print the song for the special gratification of our Union boys.

TUNE—"KINGDOM'S COMING."

Say, I have seen our Union soldiers, With their colors waving high, March on the road some time this morning, And their drums beat the sky.

For their country calls them forth; To sweep our war-battered hosts of traitors, Like tempests from the North.

Chorus—Divided we will fall, United let us stand, It must be now or never, Shall flow o'er all the land.

DESERTERS SENT FORWARD.—Seventy-five deserters were forwarded to Washington yesterday, to be sent to their respective regiments. Sixteen were sent on to day, and a large squad will be forwarded to Washington Monday. Captured deserters are being brought into this city, at the rate of fifty per day.

FIRST ENGLISH LUTHERAN CHURCH.—This church will be closed to-morrow, except for prayer meeting and Sunday School purposes, in consequence of the continued sickness of the pastor, who is recovering and hopes soon to be able to resume the discharge of his official duties.

It requests us to remind the congregation that Monday morning next is the time appointed for the bringing in of their gifts for the needy at Gettysburg. Articles of bedding and of clothing are particularly needed by many poor families who lost everything. They should be sent in to the lecture room at an early hour on Monday morning. No hospital supplies are at present needed at Gettysburg. If any such should be sent in by the congregation they will be judiciously distributed among the occupants of our own hospitals, where there is a present need in that direction.

A liberal contribution has already been made by the congregation to assist in refitting the Seminary and College buildings and grounds. Further contributions in behalf of that object will be thankfully received and may be handed in to Mr. Albert Hummel, Treasurer of the Church.

NEW PUBLICATION.—Map of the City of Harrisburg, in Dauphin County, Pennsylvania, as laid out under the Direction of the Commissioners for the City Survey in 1850 and 1851: By H. L. Barnes, Civil Engineer.

Mr. Hage laid on our table this morning a copy of the Map of Harrisburg, engraved from his surveys and published by H. L. Barnes, Philadelphia. It is the only complete map extant of the city of Harrisburg, and is in all respects the most complete survey that ever has been made of the city. Every street, lane and alley are well defined, the dimensions of the lots given, the wards indicated, and each particular locality of the city faithfully and concisely laid out. The idea of giving the full width of the river, immediately in front of the city is justified by the fact that the city limits extend to the ordinary water marks of the Cumberland side of the Susquehanna. We congratulate Mr. Hage upon the success in which his survey has been presented to the public by his publisher. This last work of Mr. H. is one upon which he can rest his reputation as a civil engineer. Every citizen of Harrisburg should at once possess himself of a copy of this map.

HOOFLAND'S GERMAN BITTERS!

Are not a new and untried article, but have stood the test of fifteen years' trial by the American public, and their reputation and sale are not rivaled by any similar preparation. The proprietors have thousands of letters from the most eminent

CLEBERGHEM, LAWYERS, PHYSICIANS AND CITIZENS.

Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

DO YOU WANT SOMETHING TO STRENGTHEN YOU? DO YOU WANT A GOOD APPETITE? DO YOU WANT TO BUILD UP YOUR CONSTITUTION? DO YOU WANT TO FEEL WELL? DO YOU WANT TO GET RID OF NERVOUSNESS? DO YOU WANT TO SLEEP WELL? DO YOU WANT TO BRISK AND VIGOROUS FEELING? If you do, use HOOFLAND'S GERMAN BITTERS.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum (20 to 40 cents per gallon), the taste disguised by Anise or Carduus Seed.

This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is that the horrors attendant upon a drunkard's life are averted.

For those who desire and WILL HAVE a Superior Bitter, we publish the following receipt: ONE OUNCE BUTTLE OF HOOFLAND'S GERMAN BITTERS & mix with THREE QUARTS OF GOOD BRANDY OR WHISKY, and the result will be a preparation that will FAR EXCEED in medicinal virtues and true excellence any of the numerous inferior Bitters in the market, and cost but ONE CENT LESS. You will have all the virtues of HOOFLAND'S GERMAN BITTERS in connection with a GOOD article of Liquor, at a much less price than these inferior preparations will cost you.

ATTENTION SOLDIERS!

AND THE FRIENDS OF SOLDIERS! We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S GERMAN BITTERS" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are especially removed. We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters." PHILADELPHIA, August 23rd, 1862.

Messrs. Jones & Evans:—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouchsafed for by numbers of my countrymen, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain B. B. Ayers. Through the exposure attendant upon my duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since that time I have been about as low as any one could be, and still retain a spark of vitality. For a week or more I was scarcely able to walk, low anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to restore me from the grasp of the dread order, frankly told me they could do no more for me and advised me to seek a remedy and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbock, of Sixth below Arch street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have been parted for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clapping to my bosom those who are dearest to me in life.

Very truly yours, ISAAC MALONE. We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.
