RETURNING TO THE FIELD.-A great number of nine months and two year's men are re enlisting, some in the capacity of substitutes. Several of the 127th have offered to serve as substitutes for their unfortunate friends who were drafted.

Hor Beaths.—A private letter from an officer on one of the iron clads off Charleston states that the thermometer there has been at an average of 104 degrees, and, owing to the necessity of keeping down the hatches, there is scarcely any ventilation. On one day seven of the crew died from the effects of the heat.

DIDN'T ARRIVE.—The report originating in the New York city dailies that one hundred and twenty-three of John Morgan's officers had been sent from Ohio to this city, to be confined in the "State prison" here, is incorrect. They were removed to Pittsburg, and are now safely lodged in the Western Penitentiary.

Messrs. Jones & Evans :- Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is youched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. am. and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayers. Through the exposure attendant upon my arduous duties. I was attacked in Noember last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heighten d by an attack of dysentery. I was then removed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swal low anything; and if I did force a morsel down. t was immediately thrown up again.

I could not even keep a glass of water on my tomach. Life could not last under these circomstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread archer, frankly told me they could do no nore for me and advised me to see a clergyman and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbron. of Sixth below Arch street, advised me, as a forlorn hope, to try your bitters, and kindly procured a bottle. From the time I com-menced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my osom those who are dearest to me in life

Very truly yours, ISAAC MALONE.
We sully concur in the truth of the above tatement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.
