HARRISBURG, P. A. Friday Evening, August 28, 1893.

PRINTING PRESSES FOR SALE.

The undersigned having purchased several new presses of the most approved machinery... ADAM'S POWER PRESSES, old pattern, can be run by hand or steam, will print 1,000 copies per hour.

TOWN AND COUNTRY.

THAT PICNIC.—A grand picnic is announced to come off at Hoffman's woods, on Saturday, August 29th, for the benefit of a well known and respectable citizen who was drafted by the "wheel of silence" on the 11th inst.

A SEVERE heavy hunting case capped gold watch will be sold to-morrow morning, at Barr & Co.'s market auction. The property of a drafted man. Cost \$120.

RESIGNED.—The Adams Sentinel says that Prof. Muhlenberg has resigned his chair in Pennsylvania College, at Gettysburg.

CLOTHING, &c.—Yesterday Captain Clement, Provost Marshal of this District, received a large quantity of clothing, blankets, &c., for the men going into service under the recent draft.

BARN BURN.—We have been informed that, on Sunday, August 16th, the barn of Joseph Winslow, of Gaskill township, Jefferson county, was struck by lightning, and burnt to the ground, together with some grain, farming implements, and several head of young cattle.

PEACHES.—There appears to be a fair supply of peaches offered for sale here, but the supply would not equal the demand were the prices reasonable. But few families can afford to pay from \$4 to \$5.50 per bushel for peaches.—These are the figures at which they are sold here.

NEW COUNTERFEITS.—Counterfeit \$2 bills, purporting to be on the Stroudsburg Bank, Monroe county, Pa., are in circulation. The vignette is the figure of a train of cars going to the right, and figure 2 in each corner. The paper is light and flimsy, and the whole note badly executed.

TERIBLE ACCIDENT.—Miss Mary Souder, employed at Shober's paper mill, Lancaster, was instantly killed on Wednesday afternoon. Her dress came in contact with the gearing of the mill, and she was whirled around a shaft that was but twelve inches from the wall of the building, at the rate of fifty revolutions a minute, her body striking the building at each revolution.

GREEN CORN IN WINTER.—Those who are fond of green corn in winter do not all know that it may be preserved by packing it tightly in casks or barrels, and covering it with a brine strong enough to keep cucumbers. The corn should be taken with the husk on. Corn thus prepared, if kept covered with brine, will keep in good order for a year or more, and will be sufficiently fresh for the table when boiled.

EXAMINATION OF DRAFTED MEN.—The examination of drafted men of this county commenced to-day. The number to be examined included those of Conewago and Derry townships, and the first fourteen of the First ward of the city of Harrisburg.

ON TO-MORROW the remainder from the First ward, and thirty-four from the Second ward will appear for examination.

END OF THE DOG DAYS.—According to the Almanac makers, last Monday was the end of the "dog days," for the present summer. This season is usually characterized by great sultriness, and is conducive to hydrophobia and all virulent affections, and to contagious diseases. It is particularly, however, as the season when snakes go blind, and when the venom of reptiles (copperheads and all) is most malignant. What a relief, therefore, to know that this season, so unpropitious of good, is at a close once more, that snakes may again peregrinate with restored visions, and humanity be partially freed from surrounding evil.

MIDDLETOWN ITEMS.—We learn from the Journal that the iron bridge over the canal at Middletown has been completed. The Pennsylvania railroad company is about to build an iron bridge over the Swatara river. The iron to construct the bridge is on the ground, and the mason work was completed some time since. The Journal has the following on the subject of railroad communication: "There is a strong feeling prevailing in this community against the present arrangement of the Pennsylvania railroad company. There is a great deal of travel from this place to Harrisburg, and from the necessity of being there early in the morning, especially during the seasons of court, and on numerous other occasions, a morning train is demanded by our business men. This can easily be done, as was formerly the case, by attaching a passenger car to the first freight train westward. We hope the company will see to this matter."

The Ladies' Relief Society again gratefully acknowledge the receipt of two baskets of vegetables from Mr. Wm. E. Hargret, and a basket of tomatoes from Mr. Wm. Sheesley for the hospital.

NO POLICE REPORT.—No cases worthy of notice had been disposed of up to the time of going to press, consequently we have no police affairs to chronicle in this evening's TELEGRAPH.

DOWN IT GOES.—Gold is still on the decline. It is selling at twenty-two and a half premium in New York. At Pittsburgh it was offered at sixteen yesterday, without any disposition to buy.

SENTENCED.—A fellow named Hockenberry, convicted of rape at the late term of Court, held in Huntingdon, was sentenced to undergo an imprisonment of eight years in the Western Penitentiary, at hard labor.

THE WHOLE FAMILY.—Mr. Ellis Brown, of Wolf township, Lycoming county, has lost two sons in the present war, he has three now in the service, and the sixth one was drafted on Saturday last. This is making a pretty clean sweep.

A BEQUEST.—Mr. Daniel W. Hall, of Washington city, recently, by his will, left the Pennsylvania College, at Gettysburg, three thousand dollars in seven and a half scholarships. The widow of the deceased was entitled by will to the use of the money during her life, but she generously relinquished the right, and sent, by Rev. Mr. Butler, a check for the amount of \$3,000.

DECISION UNDER THE HOME STRAP.—The following information from the Commissioner of the General Land Office, upon which all the decisions of that office are based, is of importance. When a party has made an actual location by pre-emption or otherwise, in virtue of a bounty land warrant, he cannot lift the land warrant and enter under the homestead act, because, having elected to satisfy his claim to a specific tract of land by locating a warrant he must abide by his own act. A pre-emptor who has filed a declaratory patent, cannot convert his pre-emption into a homestead claim.

AN APPEAL FROM MRS. A. M. HOLZTEIN, "Matron in Chief" of the hospital near Gettysburg, is made to the citizens of Harrisburg. She writes, "We would be very glad to receive almost any and everything that could be sent. As there are now here twenty-two hundred wounded soldiers, of course daily supplies must be immense. Government does supply the usual field hospital necessities, but all additional delicacies and comforts, we look to friends at home to fill." The articles most needed are—cotton or woolen shirts, colored overalls, dried fruits of any kind, dried rusks, pickles, preserved or canned fruit stimulants, white sugar, butter and eggs. Contributions will be received on Tuesday, Sept. 1st, from 9 until 12 o'clock, a. m., at the hospital store room, on Walnut street, near Fourth, by the Ladies' Relief Society, and forwarded immediately.

THE LADIES OF THE RELIEF SOCIETY, attending the hospital at Camp Curtin, acknowledge the receipt of contributions from the following persons, to procure transportation to and from hospitals:

PENNSYLVANIA MILITIA and Recruiting Claims, United States Pension, Bounty, Arrears of Pay, and Subsistence Claims, &c., &c., made out and collected by EUGENE SNYDER, Attorney-at-Law, Office: Third Street, Harrisburg, Pa. [027-1y]

TO THE SPECIAL ATTENTION OF THE PUBLIC.—The protracted and depressing incident to the human system from the continued hot and dry weather, has, within a few days, been buoyed up and invigorated by the cool and bracing atmosphere we are now experiencing. While our feelings are thus relieved by the change in the weather and cool air, prudence reminds us of the necessity of preparing for the approaching fall and winter. In the dry goods connection, we would remind purchasers of the determined and steady advance in all kinds of domestic dry goods, and suggest the advantage of supplying their wants at once. O. L. Bowman, in view of the advance, has visited New York this early in the season, and from his business capacity, and his facilities for obtaining goods at the very lowest cost prices, and with a disposition to please those who patronize him, we respectfully call the public attention to his stock of dry goods, which will arrive on Friday and Saturday of next week, at the southeast corner of Front and Market streets. au27-32t

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposure and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again. I could not even keep a glass of water on my stomach.
