## DR. JOHNSON'S BALTIMORE LOCK HOSPITAL.

It has discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE.

BEHOLD IN SEX TO TWELVE HOURS.

NO MERCURY OR NOXIOUS DRUGS.

A Cure Warranted, or No Charge, on From One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Lassitude, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin. Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the "Solitary Habits of Youth"—those secret and solitary practices more fatal to their victims than the song of Siren to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

**YOUNG MEN**

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entered listening seats with the thunders of eloquence or walked to ecstasy the living lyre, may call with full confidence.

**MARRIAGE**

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

Who who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

**ORGANIC WEAKNESS**

Immediately Cured, and full vigor restored.

This distressing affection—which renders life miserable and a curse to the possessor—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prodigal. Besides being deprived the pleasure of healthy offspring, the most serious and distressing symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

Office, No. 7 South Frederick Street, Left hand side, going from Baltimore street, a few doors from the corner. Fall not to observe signs and numbers.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

**DR. JOHNSON,**  
Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greatest part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head, ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent dizziness, attended sometimes with derangement of mind were cured immediately.

**TAKE PARTICULAR NOTICE**

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

**MARRIAGE**

The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

**YOUNG MEN**

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

When a pity that a young man, the hope of his family, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons start, before contemplating

**MARRIAGE**

Reflect that a sound mind and body are the most necessary requisites to promote domestic happiness. Indulge, without these, the contrary through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with his own.

**DISEASE OF IMPRUDENCE**

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease; it too often happens that an ill-timed season of shame or dread, or the covary deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, fill his pecuniary substance, keep him trudging month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, &c., progressing with frightful rapidity; and send him to that undiscovered country from whence no traveler returns.

**INDORSEMENT OF THE PRESS.**

The many thousands cured at this Institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Observer, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee for the afflicted.

**SKIN DISEASES SPEEDILY CURED.**

### FROM CHARLESTON

#### MORRIS ISLAND EVACUATED BY THE REBELS.

#### CUMMINGS POINT HELD BY OUR FORCES.

Fortress Moultrie, Sept. 9.

The Richmond Enquirer of the 8th contains the following important news:

CHARLESTON, Sept. 7.—Morris Island was evacuated yesterday afternoon. The enemy advanced their campers up to the mural of Wagner, and it being impossible to hold it, Gen. Beauregard ordered its evacuation, which took place at noon.

The enemy now hold Cummings Point, in full view of the city.

Heavy firing is now going on between the Moultrie and our batteries on Sullivan's Island and Fort Moultrie.

The enemy are active both above and below Charleston.

ATLANTA, Sept. 7.—A few of the enemy are at Washatch, and another force is advancing on Rome, Georgia.

### FURTHER PARTICULARS.

#### LATEST FROM CHARLESTON.

#### THE EVACUATION CERTAIN.

#### Surrender of Sumter Demanded.

#### Heavy Fire Opened on Sumter.

Fortress Moultrie, Sept. 9.

The following are the dispatches from Charleston contained in the Richmond Whig of yesterday:

CHARLESTON, Sept. 7.—The bombardment was kept up without intermission all day yesterday and far into the night.

About 15,000 of our men were killed and wounded in batteries and Fort Gregg.

The attempt to assault Gregg was repulsed before the enemy had completed their landing.

Great havoc is supposed to have been played in the enemy's boats by our grape and canister.

At dark on Wednesday, the enemy having advanced their campers up to the very mounds of Wagner, and it being impossible to hold the Island longer, Gen. Beauregard ordered the evacuation, which was executed between 8 P. M. and 1 A. M., with success.

We spiked the guns of Wagner and Gregg, and withdrew noiselessly in forty barges. Only one barge containing twelve men was captured.

The enemy now holds Cummings Point in full view of the city. All is quiet this morning.

[RECORD DISPATCH.]

CHARLESTON, Sept. 7.—A dispatch from Major Stephen Elliott, commanding at Sumter, announces that a flag of truce demanding the immediate surrender of that Fort, has just been received from Admiral Dahlgren by Lieut. Brown, of the steamer Palmetto State.

General Beauregard telegraphed to Major Elliott to reply to Dahlgren that he can hold Fort Sumter when he takes it and holds it, and that in the meantime his demands are futile and unbecoming.

[THIRD DISPATCH.]

CHARLESTON, September 7.—8 P. M.—At six o'clock P. M. the Iron clads and monitors approached Fort Sumter closer than usual, and opened a hot fire against it. Our batteries on Sullivan's Island, including Fort Moultrie, replied heavily.

The firing is still going on.

### Operations in Middle Tennessee.

#### GENERAL ROSECRANS' REPORT.

#### IMMENSE CAPTURES.

Washington, Sept. 9.

Major General Rosecrans' report of the operations in Middle Tennessee is officially promulgated.

It embraces the preliminaries which resulted in driving the rebels out of that portion of the State from the occupation of Murfreesboro, a point of two hundred and twelve miles from the nearest supplies.

Our total loss was eighty-five killed, four hundred and sixty-two wounded, and thirteen missing.

We captured many small arms, three field pieces, six caissons, three hundred and three mules, and a large quantity of baggage, arms, stores, eighty-nine flags, and three thousand five hundred sacks of corn meal.

The total number of prisoners taken was fifty-nine commissioned officers and fifteen hundred and seventy-five non-commissioned officers and privates.

### FROM ATLANTA, GA.

#### THE UNION FORCES AT WASHATCH.

#### ROME TO BE ATTACKED.

ATLANTA, Sept. 9.

Passengers from Chattanooga report a force of the enemy at Washatch.

The number is not known.

We learn from Rome that another force is advancing on that point.

From East Tennessee there is no recent movement to report.

### FURTHER REBEL NEWS.

#### Our Forces Above and Below Chattanooga.

CHATTANOOGA, Sept. 8.

With the exception of a few of the 116 thrown to our pontons yesterday, nothing occurred to break the monotony at this place.

The enemy seems quite active, both above and below the place, but their is no further indication of an attack.

The best informed persons think that no attack will be made here, but an effort will be made to flank us.

Two privates and four regular soldiers of General Rosecrans' army were captured yesterday near Running Water Bridge.

## REPORT OF GENERAL AVERILL.

### Particulars of his Late Expedition.

WASHINGTON Sept. 9.

The following report has been made by Gen. Averill to General Kuyler:

HUTCHINSON, Va., Aug. 30th. 18 3.—General: I have the honor to report the safe return of my command at this place, after an expedition through the country of Hasty, Piedmont, Georgetown and Fincastle.

We drove General Jackson out of Pochontas and over the Warm Spring mountains in a series of skirmishes. We destroyed all salt-petre works and burned a camp at Warm Spring, and fought a severe engagement with a superior force under command of Major General S. M. Jones and Col. Patton at Rocky Gap near White Sulphur Springs.

The battle lasted during two days.

We drove the enemy from his first position, but want of ammunition and the arrival on the second day of three regiments to reinforce the enemy from the direction whence the co-operation of Gen. Scammon had been promised, compelled us to withdraw.

My command was withdrawn in good order, with the loss of only two men during the operation.

Our loss in the battle was probably over one hundred officers and men killed and wounded, among whom are Captain Paul Bacon Von Koenig, A. D. C., killed while leading a sally upon the enemy's right, and Major M. Nally, Second Vermont, and Captain Ewing, of artillery, dangerously wounded.

I have reason to believe the enemy's loss equal to if not greater than our own.

One Parrott gun burst on the first day, and becoming worthless was abandoned.

Great efforts up to noon to-day have been made by the combined forces of Tubb and Jackson to prevent our return, but without success.

We have brought in over thirty prisoners, including a Major and two or three Lieutenants, a large number of cattle, horses, &c.

Your Aid de-Camp, Lieut. J. B. Meigs, who accompanied us, is safe.

I am, general, very respectfully, your obedient servant,  
WM. W. AVERILL,  
Brigadier General.

### VARIETIES.

#### SINGULAR ENGAGEMENT.

In a town near Danbury, some men engaged in putting up lightning rods called upon a forehand farmer, well known in the county, and proposed to put some rods upon his buildings. He peremptorily declined the offer, saying that "if God Almighty owned him any grudge, he could destroy his property." Strange to say, that in less than a week afterwards (last week) a heavy storm passed over his premises, and he not only escaped his dwelling, killing him instantly, but doing no injury to any other person in the house, although there were several in it.—New Haven Palladium.

#### DON'T WANT TO "HEAR THE WRONG PARTY."

The Cleveland Herald says—"On Saturday evening, while the Grand meeting was being held at Crestline, the train with the 23d Connecticut on board arrived from Cairo. As the train rolled in towards the crowd, some of the soldiers commenced cheering, when one of them shouted 'Hold on, boys, let's know what we are cheering for.' Perhaps this is a Vallandigham meeting. In an instant there was a death like silence on the train, until a man in the crowd shouted 'This is a Union meeting.' Immediately the line of cars resounded with vociferous cheering, proving to be a sympathetic demonstration."

#### A CASE OF SUE TALKING.

We have reliable information from the Shenandoah Valley (of Virginia) to the effect that the leading rebel of that quarter are now transferring their property to men of straw, who make some pretensions to being done under the pretence of sales of the property to save it from confiscation under the law of Congress to that end. As such transactions made at this late day, will require to be backed by strong proof of actual payment of the value for the property to meet the views of the government's law officers, few of them will turn out to be worth a pinch of snuff.—Hush Star.

#### THE REBELS DENYING THEIR OWN CEMENT.

The Knoxville Register mentions "as a singular fact, that Confederate bonds were more in England than at home. Here our money is almost constantly depreciating." "It is difficult to make a purchase, however small," the Register continues, "without being reminded by the seller of the great depreciation of our money. From the man who sells you a horse for six or eight hundred dollars, down to the shop keeper who sells you an Almanac for twenty five cents, all pile on an enormous price, and by way of apology, give the currency a kick."

But what do the rebels propose to do about it?

#### THE NEW KENTUCKY EXECUTIVE.

Governor Thomas E. Bramlette is a Kentucky man by birth. He has resided for some years past in Columbia, the county seat of Adair county, a section of the State, until recently, subject to frequent incursions from guerrilla bands. Soon after the fall of Fort Sumter he commenced raising a regiment of Union volunteers, and became Colonel of the Third Kentucky—the first Union regiment raised in the State, composed of sixty of Kentucky men. Colonel Bramlette's regiment went to Camp Dick Robinson, where it remained for some time, forming part of the command of the gallant Nelson. The Colonel of the Third was soon afterwards promoted to a Brigadier Generalship, which rank he held when called upon to bear the standard of loyalty in the contest for the gubernatorial election of his native State.

He is of a medium height, well built, and little above the medium mode like a soldier than most of our brigadiers in the Army of the West.—He is about forty-eight years old, but has the appearance of a younger man. His hair and whiskers—he has a luxuriant crop of the latter—are slightly tinged with gray. His son is a member of the State Legislature.
