Ben. Butler. The advent of this hero statesman into Pennsylvania, has invoked the bitterest ire of the entire copperhead press of the State, simply because Butler is a true Democrat, but is now zealously engaged in defending the Government. Not satisfied with their own abuse, some of these tory organs are calling in the aid of the issues were fairly drawn. The question of sheets at a distance, among them the Buffalo Courier, to add wehemence to their detraction and if possible give the character of generality to their abuse. It is objected that Butler should be placed in position as Governor of Charleston. after that nest of traitors has been snatched from the hand of the treason hatchers who have long been in possession. This opposition is urged, simply because Butler is a man of vigor, who has shown a disposition to hurt traiturs while he is fighting them. He is denounced as a butcher, because he turns the keen edge of his sword against treason. And thus in the vilest strains, such sheets as our own Tory Organ and the Buffulo Courier, are assailing Maj. Gen Butler, simply because he is a loval man. The Buffulo Carter has been held under bonds for its suspected treason. At home it is regarded as the mouth piece of Jeff Davis. 116 whole course is one of apologics for traitors and assaults on the Government. Hence its abuse of Ben. Butler is perfectly consistent. It could not be true to Jeff. Davis and fair to Ben. Butler.
