Medical.

DR. JOHNSON'S BALTIMORE LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPUDENCE.

RELIEF IN SIX TO TWENTY HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in From One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach, Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entered listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS

Immediately Cured, and full vigor restored. This distressing affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that demands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the present. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

OPIONS, No. 7 South Frederick Street, Left hand side going from Baltimore street, a few doors from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greatest of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MORALE.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, morbid aversion to society, self distrust, love of solitude, timidity, &c., are some of the evils produced.

YOUNG MEN

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are, impotency, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shrouded with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPUDENCE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it is too often happens that an ultimate sense of shame or the dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing quacks, who, incapable of curing, flock his pecuniary substance, keep him a trifle month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, &c., progressing with frightful rapidity. Still he persists in a period to his dreadful sufferings by sending him to that untried country from whence no traveller returns.

INDORSEMENT OF THE PRESS.

The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Clapper, and many other papers, notices of which have appeared again and again before the public, beside his standing as a gentleman of character and responsibility, is sufficient guarantee to be afforded.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow IMPOTENCY, FACILITY, EPILEPTIC FITS, In one of which the patient may expire. Who can say that they are not frequently followed by those "dreadful diseases,"

INSANITY AND CONSUMPTION.

Many are aware of the cause of their sufferings, but none will confess. The records of the Insane Asylums and the melancholy deaths by Consumption, bear ample witness to the truth of the assertion.

THE CONSTITUTION, ONCE AFFECTED WITH ORGANIC WEAKNESSES, Requires the aid of medicine to strengthen and invigorate the system, which HELMHOLD'S EXTRACT BUCHU invariably does. A trial will convince the most skeptical.

FEMALES—FEMALES—FEMALES, OLD OR YOUNG, SINGLE, MARRIED, OR CONTINENTALING MARRIAGE,

THE VOICE OF A SOLDIER. The Heroes of the Field Appealing to the Patriots at Home to Vote for Andrew G. Curtin.

Extract of a Private Letter Received by a Citizen of Middle-town, dated

CAMP OF THE 6TH REG. P. R. V. C., Near Rappahannock Station, Va., Sept. 9.

DEAR SIR—I acknowledge the receipt of your kind letter. I am proud to think that my conduct is appreciated by one that I little thought was taking any notice of me. I do not consider that I have done anything more than my duty, and that I will, by the help of God, try to do either in the army or out of it. I joined the army with pure motives—to serve my country, that I knew needed my services. I had no other object in view then, and have not now. But a just God, a grateful people, have rewarded me for my labors. I have not only ranked in rank, but my health, that was very poor, has been restored. For these blessings I am thankful. Walter, my heart does not throb for the blood of men. Yet I like soldiering in a cause like this. You may think, perhaps, that I have not been enough to try my soul. But I have. One time and place I will mention. At Gettysburg, on that memorable night of July 2d, 1863, in my own native State, and only 10 hours march from where I was born, I was put in a position to be tried. When darkness had stopped the work of that day, I was ordered to take charge of the pickets for the night. I posted them in an open field, about fifty yards in front of the line of battle (The men on post had to lie down all the time for safety.) I did the posting and relieving. I was fired at several times during the night. One man was shot down by my side just as I got him to his post. A few moments later I took another man to the same post in safety. The night was beautifully calm and moonlight. The cries of the wounded to be taken from the field were loud and pitiful. One man of a New York regiment lay close to the pickets. Every time I came near him he would beg me to get him off. About 2 a. m. four ambulances came on the field. They could not get full loads in the rear, so I begged of them to get this man. They said they did not like to go so far from the front. I told them I would go first. They followed. I went to the man and told him to keep quiet. My stooping down for the wounded man was a signal given upon for the ambulance men to advance. We got him off in safety. A Vermontier that I had taken to the rear myself, they also hauled away that trip, leaving me still two wounded men as comrades, with which to pass the dreary hours away. I did not sleep at all that night, and spent only two hours the night before, (Judge for yourself my feelings.) I must speak of one that did his duty with me that night, George Place, of Middle-town. He took the advanced post and remained at it all night. All the boys fought like heroes. I cannot speak too well of them. (Frederick Houser is a block.) I would like to see you fetch out thirty five ladders to match these thirty five lads. Can you do it? I have no news to give you—all is quiet here. The health of the army is good. I am obliged to you and friends for your kind letters, and am and company G. We have no favor to ask of you now, OTHER THAN TO ELECT A. G. CURTIN GOVERNOR OF PENNSYLVANIA, AND SEND US MORE BRAVE MEN. With this I close. Yours ever, LT. BENJAMIN, Of company G.

FROM WASHINGTON.

WASHINGTON, Sept. 16. The President will soon issue a proclamation suspending the writ of Habeas Corpus in all cases arising in the military or naval service; this matter is not yet decided under way, considered and resolved upon at cabinet meeting to-day.

LATE SOUTHERN NEWS.

Extracts from Rebel Newspapers.

CONFISCATION OF ENEMY'S PROPERTY.

On this subject the *Whig* says: "It would be well if our Legislature would take some action in respect to the rights of Virginia, in the matter of real estate owned by alien enemies within her limits. The Confederate Government has hitherto claimed, and still claims, an exclusive right to sequestrate such property, through men of sound legal judgment questioning their right to it. The question should undergo legal investigation, and the Legislature should provide. If necessary, the means to test the right of the State in the premises. Could they not institute some movement which would lead to a conference between the law officers of the State and Confederate Government on the subject, and thus, if possible, obviate a legal contest? The large amount of property involved should certainly make it the interest of the State to institute some move in the matter."

TOMATOES.

Tomatoes are selling in Richmond at fifty cents a quart; Irish potatoes and peas at the same price; sweet potatoes at \$1 a quart. (The *Whig* reporter counted six in a quart measure, making the cost one shilling each; and corn at \$1 50 a dozen. In meat the same exorbitant rates prevail. "Cuts of mutton are as high as \$2 50 a pound, joints at \$2 25," it shall at \$2 75 each, and chickens \$3 a dozen. Butter is \$4 a pound, and eggs \$2 a dozen.

TREASURY OF GOLD.

The *Whig* says: "The treasury for gold is as follows: Buying rate \$10 (10 for one); selling rate \$12 (12 for one). Parties who sell gold on commission are offering it at \$9 premium, or ten for one, and silver at \$7 premium. It is said by those conversant with the market that the demand for gold at this time is so limited that any considerable amount offered for sale would not find a purchaser at \$10. The business is confined at present to small amounts. The Legislature will shortly decide the question whether the traffic in gold, in this State, shall be suppressed or not."

FROM FOREIGN PORTS.

PORTLAND, Sept. 14. The flag of truce steamer from City Point brought more of our prisoners for exchange. Major Bradford, who superintended the reception of a large number of prisoners, came down from City Point yesterday evening. This afternoon the steamship Dan. Webster arrived from Fort Deane with nearly a hundred of our prisoners on board. They all probably will be transferred to the flag of truce boat and go up the river to-morrow.

The steam frigate Minnesota broke her shafts recently, whilst on the North Carolina coast; is to go North, probably to New York, for repairs.

UNIVERSALISTS' CONVENTION.

PORTLAND, Sept. 15. The United States General Universalists' Convention met to-day, at the new City Hall and was organized by the Rev. J. Washburn, Jr., of Indiana, president; Rev. J. L. Danvers, of Ohio, vice president; Rev. H. Borden, secretary and W. T. Parker, of New Hampshire, assistant secretary. The delegates were present from New Hampshire, Massachusetts, Rhode Island, Connecticut, New Jersey, Pennsylvania, Ohio and Maine.

Major Anderson's Flag Not Captured.

To-day's *Times* says: "A rebel dispatch of the 9th says that one of the colors taken was the flag lowered by Major Anderson, which Admiral Dabney intended to hoist again over Sumter. [This is not true.] The old flag, we understand is in this city, and if again hoisted at Fort Mifflin, it will probably be done by Fallens Hart, who so gallantly defended it in 1861."

The St. Domingo Insurrection—Fort Au Platte Bombaraded.

New York, Sept. 15. The steamer Plantagenet, from Kingston, Jamaica, to the 6th, and Fort au Platte on the 9th inst., has arrived. News had been received from Fort au Platte to the 6th inst., to the effect that two Spanish frigates had bombarded Fort au Platte, and nearly destroyed the place, killing a large number of inhabitants.

National Finances.

PHILADELPHIA, Sept. 16. The subscription agent reports the sale of three hundred and seventy-eight thousand three hundred dollars worth of bonds to-day, by the various agencies. Deliveries of bonds are made to August 20th.

PHILADELPHIA, Sept. 15. Breadstuffs move slowly. Flour dull and only 2,000 lbs. sold at \$5 50 for old stock extra family and \$6 25 for fresh ground family; superfine ranges from \$4 60 to \$5. No change in rye flour or corn meal. There is rather more demand for wheat and 6,000 bus. sold at \$1 29 for new red, \$1 32 for old and \$1 40 up to \$1 50 for white. Rye is steady at 30c.
