PHILADELPHIA, Sept. 16, 1863. The Committee congratulates the friends of the Union throughout the State on the glorious greeting MAINE sends to us to day, and ven-tures to express the hope that it will prove at once an incentive to generous rivalry of her majority, and an omen of the victory which

awal's us in October.

To make that victory decisive, our great need now is local organization and local effort; and wherever two or three are gathered together in the name of LIBERTY AND THE UNION, w beg them to direct their labors by township meetings, by circulation of documents, and by all the proper agencies of an active and thor-ough TOWNSHIP CANVASS, to counteract the slauders and falsehoods which the enemies of the Government are busily sowing in the agricultural regions, in the rural districts, and in the more thinly settled portions of the State.
California, Kentucky and Maine have pronounced the doom of all Northern sympathizers with treason; and when Ohio and Pansylva nia shall have decisively ratified their verdict, the rebellion will be virtually ended, and peace

will soon gladden the land. In this good hope of the near future, let us all take courage and go forward to renewed labors and eacrifices for the safety of the Re-
