## FROM WASHINGTON.

WASHINGTON, Sept. 18. It has already been stated that the John Haderwood, recently captured near Ocoquan, was not John C. Und-rwood of the Esstern District of Virginia, but a Mr. John Underwood, a stanuch Union man, obnoxious by reas n of his having voted for Mr. Lincoln at the Presidential election, and on account of his uncompro-mising and influential exertions in behalf of the Union cause since the commencement of the rebellion. He was a resident of the neighborhood in which he was captured, and were it not for the grea er lenity which the decline of their fortunes has recently induced among the guerrillas, as well as the so called authorized agents and troops of the robel government, he would probably have suffered death. As it is,

he will be closely contined.

Some of the paymasters have already started to the Army of the Potomac, to pay off the troops for two mouths, now due. The law allows forly two dollars a year for clothing, which ordinarily, is a sum sufficient for it; but in the recent battles the soldiers, by order of their effigers, three away some of their equip-ments, &c. in order the better to prepare them for the conflict, they have been obliged to draw for additional supplies; thus exceeding the
