HARRISBURG, PA. Monday Evening, Sept. 21, 1883.

TOWN AND COUNTRY.

Loss.—At the Market House, last evening, a Child's Plaid Woolen Shawl...

JOHN ALEXANDER announces to the public that he is prepared to do hauling of any description...

The editor of the Hollidaysburg Whig saw two dollars in silver, last week. Lucky fellow.

LEAD MINES.—It is stated that an extensive lead mine has been discovered near Bethelohem...

CHAPLAIN.—Rev. Joseph Mateer, of Clarion, has been elected chaplain of the 155th Regiment Penn's Vols.

LARGE GUNS.—A number of monster cannons passed here on Saturday, on their way from Pittsburg to New York.

APPOINTMENTS.—Col. B. Biddle Roberts, of Pittsburg, has received the appointment of Pennsylvania State agent at Washington.

THREE HUNDRED AND FIFTY FLOUR BARRELS, and a lot of condemned beef, ham and pork, will be sold at the Government bakery...

SANBORN'S OPERA TRUPE closed its season at Pittsburg on Saturday night, and left for New Orleans to day.

UNION MEETINGS.—A Union meeting will be held at Tittle's Hotel, in Hammetstown, this evening, and at Schell's Tavern, in East Hanover township, to-morrow (Tuesday) evening.

THE WOUNDED AT GETTYSBURG.—The Sanitary Commission is still supplying the wounded at Gettysburg with delicacies. The patients are reported to be improving slowly.

THE SCORN OF WIND and rain on Friday did considerable damage along the Northern Central Railroad. Trees were blown on the track, and a bridge over a stream near Goldsboro, was swept away, detaining some of the trains several hours.

REV. B. BAUSMAN is called to the care of the First German Reformed Church in Reading, and is also drafted in Chambersburg. He very much respects the latter "call," on the principle that "the office should seek the man, and not the man the office," but which call (if either) he accepts, bodily, does not appear.

TO-DAY, according to custom, "the sun crosses the line," to use an old expression. The day and night are of equal length. Autumn commences. Cool evenings and frosty mornings may be looked for. In the country "apple-outing parties" will be the "order of the evening," for a time, to be followed by husking frolics, which are highly enjoyed by the youngsters.

FATAL ACCIDENT.—A man named William Coulter, a resident of Summitville, Cambria county, was instantly killed near Johnstown, on Saturday last, by falling off a freight train in full motion. He fell upon the track, several cars passing over him and literally cutting him to pieces. His remains were taken to Summitville on Saturday and interred. The deceased was a brakeman, and engaged in the duties of his avocation when he met his death.

DRAFT NOTICE.—The drafted men of the 4th, 5th and 6th Wards of the city of Harrisburg, will report, on postponement, to the Board of Enrollment on the mornings of the following days: Nos. 846 to 400 of the Fourth Ward, on Tuesday, 23d inst. Nos. 401 to 451 of the same Ward, on Wednesday, 24th inst. Nos. 452 to 495, Fifth Ward, on Thursday, 24th inst. Nos. 496 to 548, of the Sixth Ward, on Friday, 25th inst. Nos. 549 to 589 of the same Ward, on Saturday, 26th inst.

THE ASSESSOR IN THE FIRST WARD.—We have heard a great many complaints in regard to the assessor of the First ward, concerning the discriminations which he makes between "Democrats" and "Republicans," and the quibbles to which he resorts to evade assessing the latter. We have no anxiety to come in contact with the assessor in question, but we will deem it our duty to advise him to be on his guard, else he might find that his impertinent treatment of loyal men, seeking him to discharge a plain duty, may lead to consequences more serious than he could possibly imagine. It is the duty of the assessor to place every man on his list, who calls upon him to that end, and when an assessor fails in this, he fails in complying with his oath of office. He is not competent to try the eligibility of a voter. He is not an elective officer. He is a plain clerk, whose duty it is to assess all men who call upon him for that purpose, and if any wrong is done, it can be corrected at the polls, and if not there, in the courts of the county. By the zeal of the assessor in the First ward for his party, he is actually depriving the city treasury of vast sums of money, in the shape of the taxes of those who are anxious to have their names placed upon the roll.

The interior of the Pennsylvania Railroad Depot is receiving a coat of whitewash, which will make quite a change in its appearance.

There was some fast riding done on Second street, this morning. One or two individuals barely escaped being knocked down by the horses, at the street crossing.

SLAUGHTER OF COPPERHEADS.—On Sunday last a lady of Belfast township, Fulton county, came across a den of the regular old fashioned Copperheads, and attacking them in full force, completely routed them, capturing their works and killing nineteen of the spotted reptiles.

A STRAW.—A vote was recently taken for Governor in Goodspeed's Ohio battery, which is now with Gen. Roscorans' army, resulting as follows: Brough, Union, 145; Fallandingham, copperhead, 1.

A DARING ROBBERY.—A most daring robbery was committed in the house of Mrs. Strickler, in York, on Saturday morning last. The thief entered the house about 4 o'clock in the morning, while some of the family were at market, and breaking open a trunk took from it a large sum of money. He remained in the house until about 8 o'clock, when a young lady who was on a visit to the family, in passing through the house, came in contact with him, when he took hold of her and threatened to kill her if she made an alarm, then stuffing a handkerchief into her mouth threw her down stairs, and made his escape. The young lady was found in an insensible condition some time afterwards by the family. A man named Imers has been arrested, charged with the perpetration of the outrage.

Wm. Dock & Co advertise, to-day, the opening of a splendid lot of new and fresh groceries. This firm is now doing a business at once the evidence of the fairness with which it deals, and the proof of the superiority of the stock which it offers to the public. Every article advertised by Dock & Co. is selected with a view expressly to accommodate and meet the wants of the customers with whom they deal. The firm does not buy goods to run the chances of a fluctuating market. They deal with the best houses in the large commercial cities for the purpose of being able to deal with the best customers at home. Hence the immense success of Dock & Co. We recommend all who want superior goods in the line of dealing of Dock & Co., to give the firm a call, and we are certain that they will be satisfied with their purchases.

BITTEN BY A RATTLESNAKE.—In Petersburg, in this State, a few days since, a carpenter while engaged in removing some rotten timber, was bitten by a rattlesnake. In a few minutes his finger was swollen to four times its natural size, and the red streaks commenced creeping up his hand and wrist. A deadly languor came over him, and his vision grew dim, clearly indicating that the subtle poison that was coursing through his veins was rapidly approaching the citadel of life. But a remedy was tried, merely by way of experiment, the component parts of which were onions, tobacco and salt, of equal parts, made into a poultice, and applied to the wound, and at the same time a cord was bound tightly about the wrist. In two hours afterwards he had so far recovered as to be able to resume his work.

POLICE AFFAIRS.—Before Alderman Kline.—Yesterday Jessie Brooks and Jane Love, two lovely "nymphs of the pave," who had been arrested by officer Essig, had a hearing and were committed for twenty days. This was not their first appearance before an officer of the law—their offence being a repetition of their old crimes. Military camps and other places suitable for indulging in their lewd habits, were generally graced by the presence of Jessie and Jane. Twenty days imprisonment may have a tendency to induce them to reform, but their cases are extremely doubtful. They will certainly have time enough to reflect upon the folly of their course.

Catharine Little was in the lock-up again.—She was found yesterday, by officer Costello, under the influence of opium, liquor, or something of that nature. She promised to leave the city, and was discharged this morning. Catharine is a depraved creature, and had just ended a ten days' term in jail for vagrancy. John Diven was put in the lock-up to-day.—He was there on Friday, and again on Saturday. If John would stop diving into the gro-shops he would not be compelled to occupy the lock-up so frequently. Bad whiskey has a bad influence on him.

THE MONSTER HOTEL.—The Lindell House, at Saint Louis, is nearly completed, and will be entirely finished by the 1st of October. It is, with one exception, the largest hotel in the world. The erection of it was commenced in 1856. Persons who have seen the "Continental," in Philadelphia, can form some idea of the size of the Lindell, when we append the dimensions of both houses, which are as follows: Continental Lindell. Front, 275 feet. 272 feet. Depth, 198 " 227 " Dining-room, 90x27 " 45x238 " Capacity, (guests) 800 to 900 1,200 to 1,400 The Lindell is seven stories high. The bricks laid on the walls would be sufficient to pave an area of more than thirty-eight acres. This is in addition to 8,000 perches of rubble masonry in the foundation; 85,000 cubic feet of cut stone in the fronts; 740 tons of cast and wrought iron, twenty-seven acres of plastering; 810 windows, 650 inside doors; 3,240 pounds of copper for gutters; the plate-glass used would cover an acre of ground, the floors seven acres. The sheeting, or washboards, laid in a continuous line, would reach thirteen miles; and if a boarder desires to take a walk before breakfast, he may travel through the wide and lofty corridors one mile and a quarter without going over the same floor a second time. Besides the marble flooring and other flagging, 300,000 feet of flooring boards have been laid, requiring 80,000 yards of carpet to cover them. Thirty-two tons of wash-weights were used, 16,000 feet of gas pipe, 120,000 pounds of lead and 80,000 feet of iron pipe to supply it with water, besides 57,700 feet of steam pipe for heating it. Thirty miles of bell wire are used, and three water-

works, or reservoirs, are attached to the pipes of water are taken up and distributed to the parts of the house, rest upon the roof. The actual cost of the building is \$950,000, which, with the ground, (valued at \$228,400) makes the whole value \$1,178,400—not to speak of furniture, \$200,000 worth of which is now being imported and put in. So that when the house is completed next month, the whole property will have cost nearly a million and a half of dollars!

ATTENTION, HOPE.—There will be a special meeting of the Hope fire company this (Monday) evening at 7 o'clock. All active members are requested to be present. By order.
