GRAND TOWNSHIP MEETINGS.

FREEMEN TO THE RESCUE!

A Day Given to the Crushing of Rebellion May Secure an Eternity of Peace and Prosperity.

The Union County Committee, in order to accommodate the loyal men of all portions of Dauphin county, have been induced to make arrangements for additional meetings besides those already advertised for different localities.

STOUTER'S SCHOOL HOUSE, in Lower Paxton township, Tuesday evening, October 6.

DAUPHIN—Joseph Cockley's hotel, Wednesday evening, October 7.

PROGRESS—Rhoads' tavern, Thursday evening, October 8.

Eloquent and popular speakers have tendered their services to address the people who assemble at these meetings.

The Chairman of the County Committee trusts that the active men in the different localities will see that a full attendance of all the friends of the Government is secured at all these meetings.

HENRY THOMAS, Chairman Union County Committee.

WILLIAM S. CHILDS, Secretary.

TOWN AND COUNTRY.

FRIDAY NEXT.

Is the LAST DAY on which you can be assured, to entitle you to a vote at the coming election. See to it that every Union man is assured on or before that day! Don't let a vote be lost by failing to be assured.

A SUBJECT, named Clark T. Lundy, was accidentally shot, at Meadville, on Sunday afternoon, by a fellow student. He lived but an hour.

NEW NATIONAL BANK.—A number of the leading citizens of Bethlehem, have united for the purpose of establishing a National Bank in that borough, with a capital of \$100,000, but to go into operation when \$50,000 are subscribed. We understand that the greater part of the stock necessary to ensure its success has been taken already.

THE MASS MEETING AT LANCASTER ON SATURDAY NEXT.—We understand that arrangements are being made to organize a large delegation of loyal men in Dauphin county, to attend the mass meeting at Lancaster on Saturday next. No donations are now going on for an extra train, and when these have been completed, the price of the excursion, with the time of starting from this city, will be announced.

We learn that on Monday next the schools will open in the building occupied as a hospital on East Walnut street. This is a good movement, and will be the means of benefiting many boys who have been idling away their time on the streets and at other places where they should not have been. The soldiers who have occupied the above building have been moved to the other hospital in the city.

MARKET.—The attendance at market this morning was large, as usual, and produce commanded high prices. The farmers are beginning to offer beef and pork, at prices below that demanded by butchers. The following were the prices at which the articles named were sold: Butter, 23 to 28c; eggs, 18@20c; potatoes, (1 peck) 10@15c; sweet potatoes, 15@25; apples, 10@15c; onions, 10c; turnips, 10c; chickens per pair, 25 to 60c. Peaches are selling at from 25 to 40 cents per half peck.

POLICE AFFAIRS.—The following cases were before Alderman Kline: John Platt, arrested by Costello, and Thomas Harper, arrested by Loyd, having occupied the lock-up during the night, were discharged this morning.

William Jones was arrested by officer Stock for assault and battery on Geo. W. Parsons. Committed to prison, but subsequently entered bail in \$100 to appear at Court, and was discharged.

Frederick Myers, (arrested by Stock,) for assault and battery on his wife. Committed to prison, in default of bail.

THE JONES HOTEL.—Change of Proprietors.—We understand that Mr. Joseph E. McCallan, of the Jones House, has sold out his interest in the furniture and lease of that establishment, to Mr. Charles H. Mann, of Baltimore, Md. We part with "Little Mac" with regret, because he was an able, courteous and liberal business man, who is bound to succeed in any new enterprise in which he may engage. Mr. Mann has had a large experience as a hotel keeper in Baltimore, where he was at the head of a leading house for more than fifteen years. We have reason to believe that he will maintain the reputation of the Jones House, and that under his management that hotel will continue to enjoy the popularity and patronage which have long distinguished the establishment. Though coming from Baltimore, Mr. Mann is still a Pennsylvanian, being originally from Doylestown, Bucks county.

AN EXCELLENT APPOINTMENT.—Lieut. Col. R. F. Moore, of the 21st Penna. cavalry, has been appointed Inspector of Cav'ry, in this Department, by Gen. Stahl. Col. F. served as Captain in the 7th cavalry, and afterward commanded a detachment of three months' cavalry—the only three months' cavalry in service. As soon as mustered out, he was appointed Lieutenant Colonel of the 21st cavalry. His rapid promotion is sufficient evidence that he is an excellent soldier, and his appointment as Inspector of Cavalry has been conferred on one who will discharge the duties of the office to the satisfaction of the Government and all with whom he may come in contact while discharging his duties.

A "STILL HUNT" FOR "ETHNIC KASE".—Every nation has its peculiarities. The Italian loves his macaroni. The Frenchman worships a frog. The Russian licks his lips at the sight of a tall candle, deeming its consumption for illuminating purposes a gross imposition upon the sacredness of appetite and digestion. An Englishman is enamored of raw beef and brewed hops. Thus we might enumerate the eccentric peculiarities of all nations, each running into extremes, each the opposite of the other; and while all nations are thus differently disposed to satisfy appetite, food fit for the gods, while all other cuisines compounds are regarded as unpalatable stuff, fit only for the dogs. And while all nations are thus differently disposed to satisfy appetite, the people of the States of the American Union are almost wide apart in their taste in this respect, as are the nations of the world. Here in Pennsylvania we differ about politics. We wrangle among ourselves and antagonize each other as to the security of State or National politics, but when it comes to a particular article of the cuisine, harmony is produced as magically as we are told that stillness followed the wonderful discovery of a speechless woman in Heaven. This harmony in respect to our local pride on the subject of edibles, was illustrated this morning, in the joint "still hunt" of two of our most esteemed personal friends, the opposites in politics as wide apart as the poles. They were on what we can only describe as a "still hunt" for "ethnic kase." The chase and the search were most exciting. Up one side of the street and down the other—through one market into the other—peering into baskets, blandly propounding the question to blushing maidens and austere dames, "Hast du Shink-Kase?" John Gilpin, in his famous ride or Sancho Panza in his glorious sleep, was not more interested than our two friends in their search for "Shink Kase." We are not able to inform the curious reader whether or not the "Kase" was found. Our task is fulfilled when we prove by this incident, the power of appetite, and the influence which so simple an article can have in leading men together in harmony and good neighborhood. Surely the nation is safe in the hands of such men and their descendants.

THE POOR MANAGED CONSCRIPTS!—The "local" of the Tory Organ says that "in every city in the North is every day presented the spectacle of manacled hands of conscripts and deserters, being marched along between files of armed soldiers." Harrisburg is a city. If the above humiliating spectacle is witnessed "every day" the said "local" must have seen "that of which he speaks." Did he see one conscript with manacled hands here? He did not. He knows that conscripts are not "manacled," and knows that his assertion is not correct. Would he grumble because deserters are hand-cuffed? Does not a deserter from his country's service deserve such treatment? Denunciation of the Union cause, fault-finding with the acts of loyal men, and defence of traitors, ronegads preachers, etc., are the principal objects aimed at by the Organ and those who control its columns.

OUR EVENING MARKET.—Persons who attend our evening market, to make their purchases, are considerably annoyed by the crowds that assemble there, who have no business to transact, no marketing to purchase, and in many instances no money with which to purchase. There may be seen idlers of every description—little boys, big boys, aged "boys," and the brazen strumpet. Buyers must pass through these crowds the best way they can, and in many instances are insulted. We have heard the question asked, "Where are the Police?" but no answer was given. We would suggest to his honor, the Mayor, that he attend the evening market, and, with a basket on his arm, pass through the market house for the purpose of purchasing any article there offered for sale. This done, we think he would have the nuisance complained of abated at once. Gentlemen of the "star" profession, your presence is badly needed at market on Tuesday and Friday evenings.

GRAND UNION RALLY AT HALIFAX.—An interesting meeting of the friends of the Union was held at the public house of John Byrode, in Halifax, on Monday evening. The township well represented, together with large delegations from the adjoining townships, of a class of men who are not in the habit of attending political meetings. Old gray-haired veterans vied with young America in their patriotism for their country and their enthusiasm for the Union ticket. The meeting which was a complete success, was called to order by Christian Lyter, Esq., upon whose motion the following named officers were unanimously chosen:

President—Leonard Clenison, Esq. Vice President—C. O. Meredith, Isaac Rutter, Major Valentine Ulrich, Philip Umbarger and Jacob Gilbert.

Speeches were made by Rev. J. C. Young, Wm. T. Bishop, Esq., Col. H. C. Alleman and J. M. Wierling, Esq., which produced a good effect in strengthening the wavering and giving the party generally fresh vigor and increased energy. A good report will be made by Halifax on the second Tuesday of October. The people here are determined to do their duty in adhering to their beloved country.

JOHN ALGER announces to the public that he is prepared to do handling of any description, either by the day or load, at reasonable rates. Nons but faithful and obliging drivers are employed. Persons having anything to do in his line would do well to leave their orders at his residence in Broad street, or deposit them in his box at this office. sept14 5odf

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivaled by any, and in all cases of Lameness arising from Sprains, Bruises or Wrenching, its effect is magical and certain. It will also cure Speedily, Spavin and Ringbone, in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horses to travel with comparative ease. Every horse owner should have this remedy at hand. It is timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless. So advertisement. aug19-4aw5m

DAVID MUMMA, Esq.—We regret to learn that the above gentleman has been confined to the house for some time past with sickness. This will account for his absence at the Union meetings which he had engaged to address. He is now recovering and we hope to see him on the stump ere the campaign closes.

FOUND.—George M'Neal, one of the workmen engaged in repairing the platform outside of the Pennsylvania railroad depot, found, yesterday, on removing the old boards, twelve table spoons, ten tea spoons and six forks (all silver) and one tea knife. It is supposed that the articles were stolen somewhere, and had been placed under the platform by the thief.
