GRAND EXCURSION!

To Meet the Loyal Men of the Old Guard in Council!

LOYAL MEN OF DAUPHIN COUNTY, ATTENTION!

An excursion train will leave the Pennsylvania railroad depot on Saturday morning next, at 8 o'clock, for the purpose of carrying a delegation to Lancaster city, to participate in the Grand Mass Meeting to be held in that city on that day.

The fare has been reduced to \$1.15 for the round trip. The train to return will leave Lancaster at 9 o'clock, p. m.

Arrangements are being made to engage a full band of music to accompany the delegation.

TOWN AND COUNTRY. TO-MORROW

Is the LAST DAY on which you can be assessed, to entitle you to a vote at the coming election. See to it that every Union man is assessed on or before tomorrow! Don't let a vote be lost by failing to be assessed.

The Perry Freeman says that heavy frosts have nipped tender vegetation in that county.

ANOTHER DEATH has been caused by rowdy copperheads. For particulars read the article on our first page, headed "Death of Mr. F. J. Grand."

SALV OF FURNITURE.—On Saturday next, at one o'clock, a large assortment of household furniture will be sold, without reserve, in the lower market house, by Eschminger & Adams, auctioneers.

ATTEND THE UNION MEETINGS.—Attend all the meetings you can! The Union party only needs to be waked up, to give the bragging copperheads their death-blow at the polls! Like the rebels, they boast and fume the more, the more desperate their cause is.

DROWNED.—Frederick Hunt, an employee of the Pennsylvania railroad company, was drowned in the Allegheny river, at Pittsburgh, on Tuesday morning. He is supposed to have fallen through timbers of a bridge which he was crossing.

ACCIDENT.—Mrs. Elizabeth Robinson, a highly esteemed lady of Pittsburgh, was killed on Tuesday afternoon. She stepped on the platform of a moving train of cars, and in doing so lost her balance and fell between the bumpers of two cars, by the wheels of one of which she was instantly killed.

WARREN CLARK, a colored man, who is said to have been from Harrisburg, died at Folly Island, S. C., on the 17th of September, of typhoid fever. He joined company F, 56th Regiment Massachusetts Infantry, in June last. His friends can obtain further information concerning him by addressing Capt. Sigourney Wales, Co. F, 56th Regiment Massachusetts Infantry.

AN EFFICIENT QUARTERMASTER.—Capt. E. O. WILSON is a quartermaster, who not only understands, but attends to his business. No prospect of business can come upon him, which he has not the energy to meet. When the sick and wounded came in from York by the car load requiring transportation, they were not kept wandering through the town awaiting their papers, but an adequate force was put to work and the soldiers sent to their homes according to orders.

WE would ask why it is not the same thing be done in Philadelphia. Can not clerks enough be found there to transact the business of the office. A soldier who prefers to have his transportation charged on his furlough, is entitled to it by orders of the War Department, and it is unjust to him to keep him waiting for his papers.

REBEL PRISONERS IN THE HOSPITALS AT THIS PORT.—We have had, lately, several communications, and at divers times, conversations with citizens, in regard to the issuing of passes to the rebels confined in the hospitals at this port while loyal patients confined in the same establishments, and it a work involving much humiliation before they can get the coveted boon of a pass to afford them a few hours' recreation in the streets of the city. To print such communications or to listen to such conversations, is neither a pleasure or a profit, however much we desire to see fair dealing in all concerned in the public business. It is always a work involving humiliation and re-creation, and fraught with much ill feeling, to engage in the course of much derelict in the performance of their public duties. And yet, it is hard to hear with patience, that passes are issued to these rebel prisoners, and that they are to be taken out of the city by a class of rebel sympathizers, who furnish said prisoners, with liquor, who acquiesce with them in sentiment, and who are sent back reeling drunk to the hospitals, their mouths dirty with abuse of the Government and their lips curled with swaggering contempt for Union men. If these things are true, some officer in charge of these hospitals, who should care for the health of a faithfulness which should cost him his sword. Hence, we want to hear as possible of these occurrences, we want them stated as a nuisance which is offensive to the eyes and the nostrils of loyal men, and as it will be our duty to expose the guilty and bring them to prompt punishment if much longer urged to do so.

SALE OF HORSES AND MULES.—Forty horses and mules will be sold at the Government corral in this city, to-morrow (Friday) at ten o'clock. Terms cash, on delivery.

WESTWARD, HO!—Several car loads of foreigners, consisting of men, women and children, passed through here this morning, to seek homes in the distant West.

ROBERT.—On Friday last, the house of Jacob Hoffman, of Fernmanough township, Juniata county, was entered, and thirteen hundred dollars, mostly in gold and silver, was stolen. No clue as yet to the robber.

WINTER FUEL.—Most of our citizens are now laying in their supply of coal, &c., for winter use. Now is the time to attend to this matter—before winter sets in, when you will have to pay for snow and water mixed with coal, at the rate of five or six dollars a ton.

STOLEN KEY.—A stolen key was offered for sale at a Market street store, yesterday, by a boy, who stated that he had purchased it from another boy. It had been left in a door on Second street, where it was stolen—the thief afterward trying to "make a raise" by selling it.

ESCAPE.—On Sunday night last, Sept. 27th, John Brooks, a man who was confined in the Blair county jail, on a charge of larceny, made his escape. He had a false key, with which he made his way to the jail yard, and thence he ascended to the top of the wall by means of strips of bed ticking fastened together, and which he had tied to the iron bars of his cell window, before he came down stairs.

SOLDIERS GOING HOME TO VOTE.—Some thirteen cars, well filled with passengers, mostly soldiers, passed through here this morning on their way home. These veterans were stationed in the various hospitals throughout the city and have obtained a furlough for twenty days to cast their votes. This will enable them to cast their votes at home and will at least add five thousand to Gov. Curtin's majority.

UNITED PRESBYTERIAN SYNOD OF PITTSBURGH.—The Pittsburgh Dispatch says this Synod met at Newville, Pa., on the 24th inst., and was opened with a sermon by the retiring Moderator, Rev. Robert Gracey, D. D. The officers for the present year are Rev. Samuel Taggart, Moderator, and Rev. A. G. Wallace, Assistant Clerk, Rev. J. G. Carson, Stated Clerk. The attendance is reported small, only about one-half of the members being present. Friday was spent in hearing reports, appointing committees, &c.

A COPPERHEAD CONGRESSMAN TAKEN DOWN BY A SOLDIER.—While the distinguished copperhead, Bill Miller, and his two lackeys, who style themselves attorneys at law, were abusing the Administration and the proprietor of the TELEGRAPH on Tuesday night last, at the depot, a soldier stepped up very quietly, and gave the distinguished Congressman to understand that he was lying, and ignorant of the affairs of his country. Mr. Soldier talked very plain to Miller, who, with his two imps, was glad to get rid of the veteran, and escape the castigation which he feared was indicated in the clenched fist of the loyal man he had aroused.

We advise this copperhead Congressman to be a little more cautious hereafter, or his contemplated ride on a rail by the citizens of Lewisburg might be carried into effect by loyal soldiers in Harrisburg.

RAILROAD AFFAIRS.—At an early hour this morning a smash-up occurred on the Pennsylvania railroad, near North street in this city. The passenger train going West was behind time, and when at the point above named ran into a freight train that was backing on a side track. The engine (No. 310) of the freight train was thrown from the track, and badly broken. The engine (No. 61) attached to the passenger train was also damaged to a considerable extent. Fortunately no person was seriously injured. One passenger received a slight scratch on his head. Engine No. 310 had made but a few trips over the road, having been built very recently.

The express train coming East this morning ran into a freight train, at or near Milling station. We have not learned the full extent of the damage caused by the accident, except that the fireman of one of the engines was killed.

The passenger train from the North on the Northern Central railroad, due here at two o'clock this morning, did not arrive until nine. We learn that the delay was caused by an accident to a freight train, by which a number of coal cars were thrown from the track and obstructed the road. The passenger train could not "run the blockade."

MONSIEUR "W. B. HOWARD."—On Monday evening we noticed an attempt to swindle one of our banks, by a man calling himself W. B. Howard. Since leaving here suddenly on Saturday, he has been trying the same game elsewhere. The Philadelphia Ledger says that on Monday he appeared at a country bank in the coal region, and went through nearly the same programme of his performance here. During his negotiations there the cashier's suspicions were so strongly awakened that he gave expression to this belief, that the transaction was fraudulent, and that he would have him arrested. At this he protested his innocence in the matter, declaring that if there was anything wrong he was the victim of those by whom he was engaged to use the proceeds of the money realized in the purchase of coal, &c. He manifested distress even to tears at the injury to his reputation, and the suffering that would ensue to two dependent sisters, should he be arrested. He was allowed to depart. Howard is represented as an Englishman, about 54 feet high, quite stout, of round full face, and apparently some 30 years of age. He wore a light gray suit, a stove pipe hat, and in appearance came within the term "shabby-genteel." Inquiry of the New York papers, and of the cashier of the Girard Bank, whose names were used, prove the transaction at the country bank named, held attempts to swindle. As a guard against any future efforts of this Howard in the same line, we are informed that he has lost the thumb and two of the fingers of his left hand.

THE POTATO ROT prevails to considerable extent in Susquehanna county.

COL. F. MONTGOMERY, late editor of the Vicksburg Whig, and A. H. Chase, Esq., of New York, will address the Union people of Carlisle, to-morrow (Friday) evening, at the Court House in that place.

NECK BROKEN.—A young lady of Springfield, Ill., broke her neck, a few nights since, to escape being kissed. This should serve as a warning for all beautiful Harrisburg girls.

COL. SANDERS, chief of the propagating garden, at Washington, goes to Gettysburg, Pa., immediately, to lay out the grounds for the National Cemetery, which will be consecrated on the 22d of October. Gov. Curtin's efforts in this matter have met with great success.

POLICE AFFAIRS.—Before Alderman Kline.—There are but few police items to report. Three drunks made up the list for today. Austin Rice, arrested by Cline, and Elizabeth Green arrested by Loyd, were discharged this morning. Peter Ellinger, arrested by Massey, was fined a dollar, which he paid, and was discharged.

ACCIDENT.—The Junata Sentinel says: On Friday last as the "Iowa boy" was following in the "Democratic Managerie," a horse belonging to Alexander Ellis, became frightened, as did almost everything else, and ran off with the wagon in which Mr. Ellis and his son were riding, they were both thrown from the wagon. Mr. Ellis received a kick from a horse standing near where he was thrown which broke two of his ribs. His son escaped uninjured. We think an action for damages could be sustained against the managers of the managerie for thus exposing their noisy animals.

IMPORTANT DECISION.—Provost Marshal-General Fry has issued a circular providing for the refunding of commutation money in cases where men were drafted and paid their \$300 without being examined, but who, on examination, were found to be exempt; also, those who had substitutes in service March 3d, 1863, and being drafted, paid commutation money. In cases where drafted men furnished substitutes under these circumstances, they are entitled to have returned the amount actually paid for such substitute, on presenting proper proof.

LOOK OUT, DESERTERS.—The most profitable business now-a-days is that of picking up deserters. It seems, however, that the wise men at Washington have determined to increase the present price. A dispatch from Washington says that the reward for the apprehension and delivery of deserters is to be increased to \$30, which is intended to include all expenses incurred by the party making the arrest. When such a price is set upon them they will have to look sharp.

FRANKLIN COUNTY.—Alexander Cluyton, of Quincy township, was shockingly mangled by a threshing machine, on the morning of the 21st ult., and died shortly afterwards.

A little girl aged five years, who resided in the family of John Sowers, in Chambersburg, was so badly burned, by her clothes taking fire, on Saturday last, that she died on Sunday morning.

A grand Union mass meeting will be held in Chambersburg, on Saturday, Oct. 10. The Union meetings that have been held in the county were largely attended, and a decisive victory may be expected at the polls.

THE ARMY HOSPITALS.—The number of soldiers returned to duty from the army hospitals of this Department during the past week was 284; discharged, 41; died, 17. There are now remaining 8011, distributed as follows:—At West Philadelphia, 2181; Chestnut Hill, 1,049; Nicotown, 781; York, 769; Chester, 766; Germantown, 378; South Street, 240; Christian Street, 218; Filbert Street, 197; Turner's Lane, 175; Sixty-fifth and Vine, 121; Broad and Prime, 92; Chestnut Street, Harrisburg, 70; West Walnut Street, Harrisburg, 58; Camp's Woods (officers), 40; Invalid Corps, Harrisburg, 21; Lillington Lane, 5.

CUMBERLAND COUNTY.—A County Musical Society was organized in Cumberland on Saturday last, and permanent officers elected. A Musical Convention is to be held at an early day, and a correspondence has already commenced between the society and Professors Geo. F. Root, Wm. B. Bradbury and Lowell Mason, with a view to perfecting the arrangements. Prof. W. B. Linn has been elected President of the Society. A meeting will be held by the Society in Carlisle, on Saturday next. Each township in the county is requested to send a delegate.

A Union meeting will be held in Carlisle on Saturday, the 10th inst. There will be a Copperhead pow-wow in Carlisle, on the 8th inst. Keller's drug store, in Shippensburg, was entered by a thief, on Saturday night, and the money-drawer, with its contents, was stolen. A keg of whisky was stolen from a hotel in Shippensburg, the same night.

PENNSYLVANIA RESERVE.—A member of Gen. Crawford's staff writes us that he saw in the York county papers the name of (late) Lieut. Col. S. N. Bailly as one of the speakers at a Wood street meeting, claiming him to be a true representative of army sentiment. In order that no possible mistake may occur in this matter, he wishes the vote lately taken at their camp, near Shippepper, Va., of the company, regiment and brigade to which this ex-Colonel formerly belonged.

In his original company (G) the vote stood— For Curtin 38, Woodward 2; in his regiment (12th) For Curtin 300, Woodward 21; in his brigade (8d) the vote stands as follows:—

Twelfth regiment Curtin 21
Tenth 388 9
Fifth 310 12
Ninth 317 8
Total 1,310 50

These figures, our correspondent adds, are an unfair and a more correct representation of our feelings on this subject than is Col. Bailly's.

A CARD.

OFFICE DEPOT COMMISSARY OF SUBSISTENCE, HARRISBURG, PA., Oct. 1, 1863. GENTLEMEN: My attention has been directed to a communication in your paper of this date, in which you state that "you were walked upon yesterday by ten white working men, Irish and Germans, who were summarily discharged (as employees of the U. S. Commissary Department at this post) for "no other reason than that they can't work;" but that they were "Democrats;" also, (as they state), that their places were supplied by "negroes."

The statement is unqualifiedly false in every particular. The laborers were discharged for want of use, being no longer requisite for the public service. Being an officer in the service of the United States, and not a politician, the statement that the "ten murdered innocents" were implicated upon the altar of "politics" is simply ridiculous. As to the "places" of the "white working men" being filled by "contrabands" or "persons of African descent," I beg leave to state that this department is conducted solely in accordance with "Revised Army Regulations, 1863," and that its humble representatives are remarkable for attending to their own business. I respectfully request that all such "statements" be "ruled out and retired from circulation" in future, or at least "until after the election," (as I exercise no "political power or influence," and beg leave most respectfully to state that should the "ten murdered innocents" require the practical exercise of your inherent philanthropy during the coming winter, my cordial co-operation shall accordingly follow. Very respectfully, your obedient servant, CHARLES E. ROBINSON, Capt. and Depot Commissary in charge.

Special Notices

MASTER GEORGE ENGINNER.—It is customary when any distinguished person arrives in our city to give notice of the fact through the public papers. In this instance we mention the name of George Enninger, of Denville, Perry county, not for the purpose of boasting over greatness of achievement, but, as a matter of course, with the intention of informing his friends that he has located at Harrisburg, with C. L. BURNHAM, of the cheap dry goods store, No. 1, corner of Market and Front streets, and would be pleased to have his friends call and see him.

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is the best remedy, and in all cases of Lameness arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate, or hopeless, but can be cured by this Liniment, and its faithful application will always remove the Lameness, and enable the horses to travel with comparative ease. Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render many otherwise valuable horses nearly worthless. PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 4 cents per gallon, the taste disguised by Anise or Coriander Seed.

This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death. For those who desire and WILL HAVE A LIQUOR BITTERS, we publish the following receipt.—Get ONE BOTTLE OF HOOFLAND'S GERMAN BITTERS and mix with THREE QUARTS OF GOOD BRANDY OR WHISKY, and the result will be a preparation that will FAR EXCEED in medicinal virtues and true excellence any of the numerous LIQUOR BITTERS in the market, and cost NOT MUCH LESS. You will have all the virtues of HOOFLAND'S GERMAN BITTERS in connection with a GOOD article of Liquor, at a much less price than these inferior preparations will cost you.

ATTENTION, SOLDIERS!

We call the attention of all having relatives or friends in the army to the fact that HOOFLAND'S German Bitters will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of this kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters."

PHILADELPHIA, August 23d, 1862. Messrs. Jones & Evans.—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I had been in the army for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayers. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed to the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to walk any thing, and if I did force a forward down, it would be immediately thrown up again. I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physician who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the death archer, frankly told me they could do no more for me and advised me to see a clergyman and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbrun, of Sixth below Arch street, advised me, as a forlorn hope, to try your Bitters, and kind ly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life, which has taken the place of vague fears—your Bitters will I owe the glorious privilege of again clapping to my own those who are dearest to me in life.

Very truly yours, ISAAC MALONE. We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.
