AND THE PRIENDS OF SOLDIERS. We call the attention of all having relations or friends in the army to the fact that "HOOF AND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspape the arrival of the sick, it will be noticed that a very large propertion are suffering from debil ty. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following markable and well authenticated cure of one or the nation's heroes, whose life, to use his own language, "has been saved by the Bitters."
PHILADELPHIA, August 23d, 1862.
Messrs. Jones & Evans:—Well, gentlemen,

your Hoofland's German Bitters has saved my Is of more general practical life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain B. B. Ayers. Through the exposure attendant upon my arduous duties, I was attacked in No-vember last with inflammation of the lungs, and was for seventy-two days in the hospital This was followed by great debility, heightened by an attack of disentery. I was then removed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swal low anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread archer, frankly told me they could do no more for me and advised me to see a clergyman nd to make such disposition of my limited funds as best suited me. - An acquaintance who visited me at the hospital, Mr. Frederick Steinbron, of Sixth below Arch street, advised me. bron, of Sixth below Arch street, advised me as a forlorn hope, to try your bitters, and kind angements with the largest manufacturing of the stablishments in New York, Philadelphia and Baltimore, and being in daily receipt of Furniant, that it sticks Patches and Linings to Boots and Linings to Boots and Linings to Boots and better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife to a tetes, Marble Top Dressing Bureaus, Ward-out stitching.

It is the only sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again classing to a content of the place of again classing to the place of Auctioneers, next to State Capital Bents. glorious privilege of again clasping to my posom those who are dearest to me in life.
