Let no man deceive himself on this point. The election of Wood-

Elect Woodward Governor, and the traitors of the South will at once prepare to admit Pennsylvania as a State into the Confederacy. Elect Woodward Governor, and preparation for another invasion will be made, which will not be stopped in the borders of our State, but which will be welcomed by Woodward and his followers to the very capital of the Commonwealth. We, too, have tried our hand at a calculation of the majorities in each county of the State, and make Curtin safe by at least 18,000, and believe he will probably double that. The worst discouraging fact we have seen for months past is this copperhead calculation, which only claims to elect by 950 for Woodward.

> Suppressing the Fact of the Rebel Interest in the Election in Pennsylvania and in the Ohio.

The telegraphic dispatches which appear in the morning and evening editions of the TELE-GRAPH come to to us through the agents of the Associated Press, men known for their integrity and honesty. The Tory Organ is a member of this Association, so that the same dispatches This morning we published a dispatch dated also appearing on the outside of this even-

THE ATLANTA APPEAL, SPEAKING OF

-We want the reader particularly to note the object of the suppression on the part of the Tory Organ. The Atlanta Appeal confirms the purpose which the Tory Organ desires to conbut he is franker than his Northern copperhead ally. He comes out boldly and declares that

t sink into mere bankrupts and beggars at the doors of the nations of the world.

Freemen of Pennsylvania! are you willing to contribute to this condition of affairs? If you are, vote for George W. Woodward. His election will end the war by recognizing the Con federacy, and reducing the free States of this Union to an insignificance more contemptible than that occupied by some of the free States o Europe, the mere dependants upon the whime and the will of tyrants.

The Tory Organ, this morning, in a headless article, goes off on a tremendous dash to defend certain brainless individuals whom our correspondents and ourselves have held up to just ridicule and merited contempt. It talks about storms which are to be aroused, and about people keeping well within their enclosures when the aforesaid storm begins to blow, else erious consequences may befall humble individuals like ourselves. So far as any danger to ourselves is concerned, which may spring from the action of those who support or believe in the treason fulminations of the Torg Organ, we are are ready to meet it, whenever and wherever it may show itself, with a defiance, in the mean time, for its speedy development. But one thing is certain, neither the threats of the Tory Organ,

tlemen, you may as well prepare for a far se- ers. But it also insures him the respect, the confidence and the applause of true, decent, last Wednesday. They served very well for an sober, loyal men! And for all other men, excuse to lazy copperheads to stay at home. Harry Thomas, like ourselves, has a supreme contempt.

A Base Slander.

One of the white faced shyster lawyers who tre now perambulating the county assailing the Government, occasionally, by way of diversion turns his slanders on the defenders of that Government. An instance of this occurred at Shellstown a few nights since, while a copper-

head conclave was in full operation in that vicinity. A certain shyster lawyer assailed Col. Jennings as a coward, alleging that the gallant Colonel was not with his regiment at the battle of Fredericksburg. A bolder falsehood than this was never uttered. A meaner or more contemptible fabrication to serve a petty political purpose, was never attempted. The lie should have stuck in the villifier's throat, as it came from his corrupt heart. It should have choked the puppy, and then society would have been rid of at least one bad example in the shape of a lying miscreant and coward.

-The real facts are, that Col. Jennings was with his regiment at the battle of Fredericksburg gallantly leading it into the fight, sharing its dangers, earning its glory and winning its admiration and confidence. If the shyster lawyer who made the assertion at Sheets' tavern repeats it to any of the brave fellows of the 127th regiment, we venture to say that he will lose his cars for his aspersions.
