We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might

e saved that otherwise will be lost. We call particular attention to the following of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters:"
PHILADELPHIA, August 23d, 1862.

Messrs. Jones & Evans :—Well, gentlemen, your Hoofland's German Bitiers has saved my your Hoonand's German Bitters has saved my life. There is no mistake in this. It is vouch-ed for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain R.
B. Ayers. Through the exposure attendant
upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swal low anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread archer, frankly told me they could do no more for me and advised me to see a clergyman and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the bospital, Mr. Frederick Steinbron, of Sixth below Arch street, advised me, as a forlorn hope, to try your bitters, and kind-ly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Boyal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my

protest privilege of again chaping to my posom those who are dearest to me in life.

Very truly yours, ISAAC MALONE,

We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.
