B. Ayers. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swal low anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these cir-

stomach. Life could not last under these cir-oumstances; and, accordingly, the physicians who had been working faithfully, though un-successfully, to rescue me from the grasp of the dread archer, frankly told me they could do no more for me and advised me to see a clergyman and to make such disposition of my limited finds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Stein-bron, of Sixth below Arch street, advised me, as a forlora hope, to try your bitters, and kind-ly procured a bottle. From the time I com-menced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel-sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clarping to my

ocsom those who are dearest to me in life.
