HARRISBURG, PA.

Thursday Evening, October 23, 1868.

TOWN AND COUNTRY.

HEER'S HOTEL, BAR AND RESTAURANT, having been refitted and remodelled, is now open to the public. Mr. S. Robinson, formerly of the U. S. Hotel, has taken possession of the place, and will be happy to see his friends. oct23-d34

PENNSYLVANIA'S quota of men to be furnished under the late call for 800,000 volunteers, will be 38,709.

JOE—Jack Frost was around last night, and traces of his icy fingers could be seen this morning, wherever water had been exposed to his touch.

REV. E. BADMAN preached his farewell sermon to the German Reformed congregation of Chambersburg, on Sunday last. He has accepted a call from Reading, Pa.

CHAMBERS BLAIR MILLER was the name of the man killed by the cars, near Lancaster, yesterday. He was a half-witted personage, who earned his living by doing little jobs of work for different persons.

GOKE WEST.—The Ohio soldiers who were sent to our hospitals to recover from wounds received in the battle at Gettysburg, left this city yesterday morning. They were ordered to report at Cleveland, Ohio.

DEATH IN THE CARS.—A soldier, whose name we have not learned, died in the cars, when coming into this city, last evening. He belonged to Lancaster. His remains were placed in a coffin, at the depot, and forwarded to his home.

SUICIDE.—Mrs. Kelly, wife of Robert Kelly, Esq., of Bloomfield, Perry county, committed suicide on Tuesday, by hanging herself to a rafter in the garret of her residence. She had been laboring under a fit of melancholy for several months.

TAKING THE CENSUS.—In a number of counties the Assessors have commenced taking the census, as required by law, for the purpose of ascertaining the number of inhabitants, in view of making the apportionment of members of the Senate and House of Representatives, at the next meeting of the Legislature. It is important that a full and true return be given to the Assessors, when they call, so that each county may receive its proper credit in the apportionment.

THE PROPOSED AMENDMENT TO THE CONSTITUTION.—An adjourned meeting of Ministers of the Christian Denominations in favor of amending the National Constitution, was held on Tuesday afternoon in Dr. Presley's Church, Allegheny, Pa. The committee, appointed at a previous meeting, reported a lengthy address to the people of the United States, respecting an amendment to the Constitution, recognizing more distinctly the existence of God as the Supreme Ruler, which was adopted. The report will be published for distribution. The meeting adjourned to meet at the call of the President.

TO THE BENEVOLENT.—The soldiers who occupy the Exchange building, in this city, have no bed clothes to protect them from the cold. The nights are uncomfortably cool, and persons who have no bedding, must suffer more or less from exposure. We hope something may be done at once to render these soldiers comfortable. Let our citizens take the matter in hand, and see that the necessary articles are provided immediately. We would suggest to our patriotic ladies the propriety of making a move in the right direction—and we know that a suggestion is sufficient. Our ladies have always promptly attended to all calls in behalf of the soldiers, and need only to be informed of the fact that they are in need.

"Oh, Lizzie, my dear, I love you like beer, I love you like wine, I wish you were mine."

Such were the lines addressed by an ardent lover to his sweetheart, to which she made the following pointed reply: "Johnny, if you buy me that fine set of Furs, which I saw at Oshcart & Bro's Store, I will be yours for life." And John went.

In addition to an immense assortment of Furs of every description, at Cash and Under Garments, for ladies' gents' and children's wear ever brought to Harrisburg. They have also a splendid stock of Gloves of all sorts and sizes, besides a very great variety of Fall and Winter Dry Goods, which have been selected with great care. The constant rush of customers to the store of Cathcart & Bro., is the best evidence that they sell good goods at low rates.

THE GOVERNOR'S CALL FOR SOLDIERS.—We publish, to-day, a proclamation issued by Governor Curtin, in which he earnestly calls upon the people of Pennsylvania to enlist in the service of the United States, under the proclamation of the President, so that the quota of our State may be made up before the fifth of January, and a draft avoided. The quota of the State is 38,268. Veterans who enlist will receive \$402 bounty, and one month's advance pay; others than veterans will receive one month's pay in advance, and \$302 bounty. Information can be obtained from the Provost Marshals of the various districts. It is earnestly hoped that the Governor's call will be promptly responded to. The handsome bounty offered, and a desire to crush out the rebellion will doubtless induce thousands to volunteer their services at once.

COL. HAMBRIGHT.—Col. Hambricht of the 78th regiment Pennsylvania volunteers, arrived in this city to-day. He looks somewhat thin, but we hope his health may be speedily restored. The Colonel is a brave soldier.

ACCIDENTS.—A boy named Sheppard, of Patterson, Juniata county, had both his feet smashed by a train of cars, the other day.

A son of Jacob Sulouff, of Millintown, was run over by a wagon, and had an arm and a leg broken.

INFANTICIDE.—A girl who has heretofore borne a very respectable character, has been arrested in Chambersburg, charged with infanticide. Her child was found dead in an outhouse. The examining physicians, after a post-mortem examination, expressed the opinion that the child was born alive.

BEYOND THE ELECTION, copperhead journals sang:

"Rockaby coony on the tree top,
When the winds blow your chances will rock,
As election day comes your curtain will fall,
And down will come Andy and Agnew and all."

Since the election they "sing dumb," and reluctantly listen to the following:

"Rockaby copperheads, new hid in the rocks,
When the winds blow, your safe from its shocks;
As the election is past and our Curtin did fall,
Behind it are Woodward and Lowrie and all!"

THANKSGIVING PROCLAMATIONS.—Gov. Curtin has issued a proclamation setting apart the Thursday of November as a day of thanksgiving. This day having been selected by the President as a national thanksgiving day, we presume it will be observed as such in all the loyal States. A number of Governors have already named it in their proclamations, and urged its observance. No doubt the citizens of Pennsylvania will abstain from all labor on said day, and unite in a general thanksgiving for the numerous blessings that have been bestowed upon us as a people.

ARREST OF A SUPPOSED SEX.—This morning Dr. Woods, of the Cotton Factory Hospital, arrested a man who called there and represented himself as being on the hunt of a refugee from South Carolina. The attention he bestowed on the rebel prisoners there, led the Doctor to suspect him of being a rebel spy; hence the arrest. He was to have a hearing this afternoon, before Provost Marshal Bumford. If there is evidence that he is a spy, we hope he will receive the punishment due such wretches. It would have a good effect.

The Harrisburg Theatrical Society has issued a splendid bill for Saturday night. Three excellent pieces will be produced. The request "Toadies" and "Number One" are both Irish Tutors, and "Number One" is the best amusing, and will be "acted out" in the best style. As we stated heretofore, the Theatrical Society was organized for charitable purposes. The following committee of citizens has been appointed to distribute the money donated by the Society: Judge Murray, Henry Thomas, Oliver Edwards and John L. Speck. Let our citizens encourage the Theatricals in their good work.

NARROW EVE.—We are extremely happy to announce to the juvenile portion of the community that next Saturday night is "Hallow-e'en" or "Hallow eve," as common parlance has it. According to old Scotch tradition this was the night on which the fairies and witches held their high old carnivals; and at all classes of people it was celebrated among warty makings. Fortunes were told and woe remedied by many strange devices. In this practical age of ours of course nobody believes in fairies and witches, and therefore the young folks take it up as a mere amusement to the old customs, nearly as circumstantially will allow, by raising the ancient Nick-stones on their own account.

ADAMS EXPRESS COMPANY ROBBED.—We learn to-day that a robbery of unusual boldness was perpetrated at Uniontown on Sunday night. It appears that the building occupied by the Adams Express Company for the transaction of their business, was entered some time during the night by burglars, and the safe, containing about \$2,500 in money, carried off. The authorities have been very active in their endeavors to discover the thieves, but thus far have been unable to discover the slightest trace of their whereabouts. The robbery was a most bold undertaking, and if the perpetrators are ever discovered, it will be found that this was not, by any means, their first essay in the burglary line.

RIOTS IN SCRIPPSVILLE COUNTY.—Quite a number of riots have taken place lately in Schuylkill county. On Saturday last a severe disturbance took place in St. Clair township, during which Patrick Hussey, a blacksmith of that place, was shot in the groin, with buckshot, and killed. Michael Gorman, also of St. Clair, was shot in the back, and Peter Bummer, back was shot in the arm. The two latter will recover. It seems that a brother of Hussey was engaged in the fight; that Hussey went to assist him, and during the melee was shot by some person, unknown. On Sunday a military force was sent out to preserve order, and there have been no acts of violence since, although some of the citizens of St. Clair have been threatened. On Sunday evening, a member of the 48th Pennsylvania volunteers was fired at in St. Clair, the ball passing through his coat sleeve.

THE TOMATO AS FOOD.—Dr. Bennett, a professor of some celebrity, considers the tomato an invaluable article of diet, and ascribes to it important medical properties: 1st. That the tomato is one of the most powerful aperients of the liver and other organs; where calomel is indicated it is probably one of the most effective and the least harmful remedial agents known to the profession. 2d. That a chemical extract will be obtained from it that will supersede the use of calomel in the cure of disease. 3d. That he has successfully treated diarrhæa with this article alone. 4th. That when used as an article of diet it is almost sovereign for dyspepsia and indigestion. 5th. That it should be constantly used for daily food; either cooked, raw or in the form of catsup it is the most healthy article now in use.

LADIES RIDING.—Miss Dr. Hambricht of Danville, New York, has come out in favor of ladies riding astride. The present style of riding, she truly says, is unsafe, ungainly, unhealthy and unnatural. Dr. James C. Jackson, in his work on consumption, takes the same view. He says that the present style in which the ladies ride, when long continued, is productive of numerous diseases, but thinks if women could have dresses fitted for the purpose, and could ride astride as men do, horseback riding might be used not only as a means of occasional relief from the monotony of life, but it might be elevated into a national characteristic. The only difficulty is, that if the ladies once got the trousers on they will not be content with wearing them only when on horseback. But in the march of improvement, this reform in female equestrianism is sure to come about. We may as well make up our minds to it. A few dashes, determined fair ones, bravely the denunciation and ridicule which old foggies of the sterner sex will heap upon you, will introduce the custom, and in a few years thousands of handsome Amazons, mounted upon their steeds in the masculine and sensible style of the Empress Catherine of Russia, will be scouring along our highways in all directions. That will be the ultimate outcome of this one-sided question.

Card of Thanks.
U. S. A. GENERAL HOSPITAL, MULBERRY ST., HARRISBURG, Oct. 23, 1868.
The inmates of this hospital desire to return thanks to the citizens, and to the farmers in the vicinity of the city, for their many acts of disinterested kindness. We are well aware that paper thanks or gratitude expressed in words, is but a poor return for all the kindness shown us; but as it is not in our power to do better at present, we can only hope that our acts in the future may prove our sincerity, and that our words are not mere form.

Painting.—The art of painting in all ages has commanded the attention of Governments and the citizens, and to the farmers in the vicinity of the city, for their many acts of disinterested kindness. We are well aware that paper thanks or gratitude expressed in words, is but a poor return for all the kindness shown us; but as it is not in our power to do better at present, we can only hope that our acts in the future may prove our sincerity, and that our words are not mere form.

PARTICULAR NOTICE.
There are many preparations sold under the name of Bitters, put up in quart bottles, composed of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.
This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds of deaths of the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.
For those who desire and WILL HAVE A Legitimate Bitter, who wish the following reasons for the purchase of HOOFLAND'S GERMAN BITTERS and not some other Bitters and not some THREE QUARTS of GOOD BRANDY OR WHISKY, and the result will be a preparation that will FAR EXCEED in medicinal virtues and true excellencies any of the numerous Liquor Bitters in the market, and will COST MUCH LESS. You will have all the virtues of HOOFLAND'S GERMAN BITTERS with the addition of a GOOD ARTICLE of Liquor, which few men know these inferior preparations will cost you.

ATTENTION, SOLDIERS!
AND THE FRIENDS OF SOLDIERS.
We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S GERMAN BITTERS" is a medicine of the diseases induced by exposure to privations incident to camp life. In the lists, published almost daily in the newspapers, of a very large proportion are suffering from debility. Every case of this kind can be cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.
We call the attention of all having relations or friends in the army to the following remarkable and well-authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters!"
PHILADELPHIA, August 28, 1862.
Messrs. Hoofland & Evans:—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouchsafed for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayers. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House and sent to this city on board the steamer State of Maine, from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a glimmer of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again. I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread angel, frankly told me they could do no more for me, and advised me to seek a clergyman and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbrun, of Sixth below Arch street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them, the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.

Very truly yours, ISAAC MALONE.
We fully concur in the truth of the above statement, as we had prepared of seeing our comrade, Mr. Malone, restored to health.
