NOTICE TO ADVERTISERS.—All advertisements, Business Notices, Marriages, Deaths, &c., to secure insertion in the TELEGRAPH, must invariably be accompanied with the CASH. Advertisements ordered in the regular Evening Edition are inserted in the morning edition without extra charge.

HARRISBURG, PA.  
Saturday Evening, January 9, 1884.

## TOWN AND COUNTRY.

WANTED.—A stout BOY who can read manuscript. Apply at BERGNER'S STORE.

SILVER SOAP for cleaning and polishing silver, plated and britannia wares, and for cleaning mirrors, marble, tin, &c., containing nothing that can injure the finest plate or jewelry, and saves much labor and trouble. Try it. For sale at C. A. Bannvat & Co.'s Drug Store. j8-8t.

MISSING.—A young New Foundland dog, color black and white. A handsome reward will be paid for his recovery. W. A. Cathcart, Market Square. 2t

ANOTHER lot of fresh French candies and gum drops received at C. A. Bannvat & Co.'s drug store.

CHESTER'S RESTAURANT, under Bushler House.—Turtle soup and terrapin will be served up this (Saturday) evening. All lovers of the article should be on hand.

An adjourned meeting of the Good Will Fire Company will be held in their hall on Monday evening at seven o'clock. Punctual attendance is requested.

STATE AGRICULTURAL SOCIETY.—The annual election of the Pennsylvania State Agricultural Society will be held at their rooms in this city on Tuesday, January 19th, between the hours of 2 and 4 o'clock, P. M.

REV. DR. WATSON, of Milton, will preach in the Old School Presbyterian Church to-morrow morning and evening. Communion in the morning. Preparatory services in the lecture room this evening.

SUDDEN DEATH.—Mrs. E. McCool of West Pennsboro' township, Cumberland county, was found dead in her bed, on Sunday morning last.

Quite a number of sudden deaths have occurred in our neighboring counties within the past week or two.

A CHANGE IN THE MARKET HOURS.—It will be a source of gratification to the people of Harrisburg to learn that the market hours have been changed by the action of Council, and that hereafter those who attend market will not be compelled to grope through dark and muddy streets, at an unseasonable hour in the morning, to find their way to the market place, and after they have reached that, run the chance of finding, in the dark, what they want to supply their tables. The ordinance published in another column, will inform the reader of the hours, as fixed. We believe that this reform, after it has been fully tested, will meet the approval and the accommodation of all the people.

A NOVEL STORY.—The *Amotropy of Fat Cattle*.—Quite a crowd was attracted to the neighborhood of Second below Mulberry, immediately in front of the residence of Alexander Koser, this afternoon, to witness the novel proceeding of amotropy a lot of fat cattle. The operation was very successful, and copies of the photographs will shortly be issued to the public.

—These splendid beef cattle were brought to this city from the pastures of the West, on the order of Mr. Koser, by whom they have been stalled and carefully fed for more than a month, preparatory to their being slaughtered on Wednesday next. It is the purpose of Mr. Koser to slaughter the cattle on the day alluded to, so as to have the beef ready for the following Saturday's market, and also for the occasion of the inauguration of Gov. Curtin, to honor which event, in fact, the cattle were brought to this market by order of Mr. Koser. We venture the prediction that when this beef finds its way to the market, it will be pronounced by the public to be the most superior article of the kind ever offered for sale in the State of Pennsylvania.

Oh, How COLD!—The cold weather is the principal topic of conversation among those who have nothing more profitable to talk about.—Our citizens have no cause for complaint, and may congratulate themselves that "old zero" is still absent. In many places there has been an immense amount of suffering. We have accounts of persons, cattle, hogs, &c., freezing to death. Away down at Memphis, in Tennessee, the mercury was at ten degrees below zero several days ago. The following figures will exhibit the state of the weather at different points: Lafayette, Ind., 28 degrees below zero; Wheeling, Va., 20; Toledo, O., 27; Oshkosh, Wis., 38; Milwaukee, 35; Galena, Ill., 39; Fort Snelling, 50; Evansville, Ind., 22, &c. Trains have been blocked up by the snow, in various parts of the West—in some instances the passengers being without food or fire for twenty-four hours. At Milwaukee a number of persons had their arms and feet frozen, while walking a few squares; and a stage driver was frozen to death on his box. At Evansville, Ind., the thermometer fell sixty degrees in twelve hours.

Here, at Harrisburg, we have not had any suffering from the cold, unless there may be instances in which families are destitute of the necessities of life. We have not heard that the thermometer was more than one degree below zero. We would advise our citizens, however, to see that no poor families are permitted to suffer for want of fuel or food. Let all be supplied, and those who contribute to alleviate the wants of the poor will have the consciousness of knowing that they have performed a good work.

REV. DR. HARBURG has formally accepted the Theological Professorship at Mercersburg, Pa.

SECOYD LUTHERAN CHURCH.—There will be divine service in the lecture room of the Baptist Church to-morrow morning, at half past ten o'clock.

In the list of patents granted to Pennsylvania we notice the following:  
Shingle Machine—Smith Head (assignor to B. G. Steever), of Millersburg, Pa.

A STATED MEETING of the Friendship fire company will be held in their hall on Monday evening at the usual hour. Punctual attendance is requested, as the officers for the ensuing year will be elected.

SPIRITUALISM.—Dr. L. K. Coonley, trance medium, will lecture in Sandford's Hall, Sunday, Jan. 10th inst., at 2½ and 7 P. M. Admission free. All are invited to attend. If Mr. Gates expects to "review" some other time must be chosen.

WORK OF PRAYER.—Exercises this evening in the Methodist Episcopal Church, Locust street. Prayer for God's blessings—personal, social, national—the revival and extension of pure Christianity throughout the world.  
Sunday, January 10—Sermons. Subject: The Christian Church—its unity, and the duty and desirableness of manifesting it.

THE DAUGHTER OF THE REGIMENT.—The Holman Opera Troupe have stamped themselves as favorites in this city as in all others. Their houses are excellent, and their performances need no further comment at our hands than the emphatic approval which they have received nightly during the past week from delighted thousands of our music-loving citizens. To-night the opera of *The Daughter of the Regiment*, with the charming Miss Sallie Holman as the Vivandiere, forms the principal feature of their excellent bill of fare, and will ensure a crowded house.

We have just learned that this popular troupe has been prevailed upon to remain six nights longer, when they go to Baltimore.

The County Superintendents are to meet in convention at the court house, in this city, at 10 o'clock, A. M., on Tuesday the 12th inst.—We trust there will be a full attendance of these officers—they exert a controlling influence upon the educational interest of the Commonwealth, and as many of those now in this field of labor are new men, it is desirable that they come together, compare notes, and gain information from the more experienced. It is hoped, also, that the members of both branches of the Legislature will drop in to see what these public servants are doing, and thus learn whether or not they are the men for the places they occupy.

"Go In."—Hunt up your bells, brush up your sleighs, shake your buffalo robes and get ready for the merry rides over the frozen snow! What a pleasant thing is sleighing—when contemplated on a hot summer day! But with feet tingling, hands stinging and body suffering, it takes a lively imagination to realize the pleasure. Still there are some who can find pleasure in it—it takes all kinds of people to make up a world—and let the watchword of such be—go it!

"Hear the sledges with their bells—  
Silver bells!  
What a world of merriment their melody foretells!  
How they tinkle, tinkle, tinkle,  
In the icy air of night!  
While the stars that over sprinkle  
All the heavens seem to twinkle  
With a crystalline delight;  
Keeping time, time, time,  
In a sort of Runic rhyme.  
To the tinnitulation that so musically wells  
From the bells, bells, bells, bells,  
Bells, bells, bells—  
From the jingling and the tinging of the bells!

ADVICE TO SKATERS.—A lady correspondent sends us the following useful hints to skaters, taken from Hall's *Journal of Health*. They are timely, and will prove of great benefit, especially to the ladies, who it seems are so fond of this exhilarating and healthy sport. Lives have been lost, and if the following advice is carried out there will be no danger:

1. Avoid skates which are strapped on the feet, as they prevent the circulation, and the foot becomes frozen before the skater is aware of it, because the tight strapping bounces the foot and deprives it of feeling. A young lady at Boston lost a foot in this way; another in New York, her life, by attempting to thaw her feet in warm water after taking off her skates. The safest kind are those which receive the fore part of the foot in a kind of toe and stout leather around the heel, buckling in front of the ankle only, thus keeping the heel in place without spikes or screws, and aiding greatly in supporting the ankle.
2. It is not the object so much to skate fast as to skate gracefully; and that is sooner and more easily learned by skating with deliberation; while it prevents over-heating, and diminishes the chances of taking cold by cooling off too soon afterwards.
3. If the wind is blowing a veil should be worn over the face, at least of ladies and children; otherwise fatal inflammation of the lungs or pneumonia, may take place.
4. Do not sit down to rest a single half minute, or stand still, if there is any wind; nor stop a moment after the skates are taken off; but walk about so as to restore the circulation about the feet and toes, and to prevent being chilled.
5. It is safer to walk home than to ride; the latter is almost certain to give a cold.
6. Never carry anything in the mouth while skating, nor any hard substance in the hand, nor throw anything on the ice; none but a careless, reckless ignoramus would thus endanger a fellow skater.
7. If the thermometer is below 30, and the wind is blowing, no lady or child should be skating.
8. Always keep your eyes about you, looking ahead and upwards, not on the ice, that you may not run against some lady, child or learner.
9. Arrange to have an extra garment, thick and heavy, to throw over your shoulders the moment you cease skating, and then walk home, or at least half a mile, with the mouth chilled by the cold air dashing upon them through the open mouth; if it passes through the nose and head it is warmed before it gets to the lungs.
10. It would be a safe rule for no child or lady to be on skates longer than an hour at a time.
11. The grace, exercise and healthfulness of skating on the ice can be had without any of its dangers, by the use of skates with rollers attached, on common floors; better if covered with oilcloth.

APPOINTMENT.—Mr. William L. Curriden has been appointed post master at Shippensburg, Pa., in place of E. W. Curriden, resigned.

A BOATMAN named James McBride, of Reading, accidentally shot himself, a few days ago, while his boat was on the way from Washington to Philadelphia. The charge entered his heart, killing him instantly.

BURNED TO DEATH.—A little girl of John Graff's, of Greensburg, aged about six years, was so severely burnt on Saturday evening last, by her clothes catching fire, that she died in a few hours afterwards.

DROWNED HIMSELF.—On New Year's morning, Mr. Michael Morthland, of Warrington township, York county, Pa., being delirious from the effects of fever, jumped from his bed and rushed to a well on the premises, into which, before he could be stopped, he precipitated himself and was drowned.

BASELINS, of the *Lebanon Advertiser*, (copperhead), has been sold. In his last issue he published the following lines, which were afterwards discovered to constitute an *acrostic* as well as a "poem" to the General of Peninsular notoriety:

TO GEN. M. CLELLAN.  
Bring out the banners—wave them high—  
Sing hosannas to the sky;  
E'en praises true, from shores to shores  
Shall mark thee her's evermore—  
Long may the brave, by country blest  
In honor and in glory rest  
'Neath the old flag thy arm so true  
In battle fields and gay review  
Shone out the spangles on the blue,  
And showed the world what men could do—  
Now shall thy name forever be  
A beacon for the just to see—  
Shall in the future as in past  
Shine on the country to the last.  
CORNWELL, Jan. 2, 1864. MARY.

If you wish to impart vigor and clearness to the voice, relieve hoarseness and bronchial affection, get at once a box of Bannvat's Bronchial Troches, the only effectual remedy in the market. **USEFUL AND VALUABLE DISCOVERY!**  
**HILTON'S INSOLUBLE CEMENT!**  
Is of more general practical utility than any invention now before the public. It has been thoroughly tested during the last two years by practical men, and pronounced by all to be  
**SUPERIOR TO ANY Adhesive Preparation known**  
Hilton's Insoluble Cement is a new thing, and the result of years of study; its combination is on  
**Scientific Principles,** and under no circumstances or change of temperature will it become corrupt or emit any offensive odor.

**BOOT & SHOE Manufacturers,** using Machines, will find it the best article known as Cementing for the Chanels, it works without delay, is not affected by any change of temperature.  
**JEWELERS** will find it perfectly adhesive for their use; it has been proved.  
It is especially adapted to Leather, and we claim as an especial merit, that it sticks Patches and Linings to Boots and Shoes sufficiently strong without stitching.  
It is the only LIQUID CEMENT! Extant, that is a sure thing for mending Furniture, Crockery, Toys, Bone, Ivory, and articles of Household use.  
**REMEMBER** Hilton's Insoluble Cement is in a liquid form and is easily applied as paste. Hilton's Insoluble Cement is in a liquid form and is easily applied as paste. Hilton's Insoluble Cement is in a liquid form and is easily applied as paste.
