> use of my TAR CORDIAL, even in apparently hopeless cases. This assertion I make with the ability to present the most complete evidence of the truth. Space will not admit of my giving the contents of the many thousands of testi-monials to its value, which I have been and am receiving from men and women of unquestionable worth and reputation. I have had a number of these certificates printed in circular form which I will send you free on application. Whether you now determine to try the medicine or not, send for the circular. After years of study and experiment, I offer this medicine, believing it to be the best remedy for all pulmonary and bronchial diseases. If you cannot be benefitted by the use of the Tar Cordial, I believe you are beyond all earthly aid. Yet if there are better curate agents, I earnestly advise their use. The best remedies, the best care, are needed by those afflicted with this disease. Because I believe this to be the best, I ask you

to try it. Many, not only of the people, but physicians EXPRESS LINE leaves Harrisburg at 6.30 of every school and practice, are daily asking me, "What is the principle or cause of your Express Train from the West, arriving in New success in the treatment of Pulmonary Consump-

tion f". My answer is this:

The invigoration of the digestive organs—the trengthening of the debilitated system—the purification and enrichment of the blood, must expel from the system the corruption which scrouls breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cordial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving pain, subduing inflammation, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant reconcerative tendency, and the patient is saved. and Philadelphia at 3.30 P.
