### DR. JOHNSON'S BALTIMORE LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedies in the world for  
DISEASES OF IMPUDENCE.  
KNOWN IN SIX TO TWENTY HOURS.  
NO MERCURY OR NOXIOUS DRUGS.  
A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Dimness of Sight or Giddiness, Diseases of the Head, Throat, Neck or Skin. Affections of the Liver, Lungs, Stomach or Bowels—these terrible disorders arising from the Solitary Habits of Youth, these secret and solitary practices more fatal to their victims than the song of Sirens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN  
Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of our Young Men of the most exalted talents and brilliant intellect, who might otherwise have adorned listening States with the thunders of eloquence or walked to ecstasy the living lyre, may call with full confidence

MARRIAGE.  
Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.  
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS  
Immediately Cured, and full vigor restored. This distressing affection, which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by these falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental functions weakened, loss of procreative power, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, a wasting of the frame, cough, consumption, decay and death.

Office, No. 7 South Frederick Street,  
Left hand side going from Baltimore street; a few doors from the corner. Fall not to observe name and number.  
Letters must be paid and contain a stamp. The Doctor's Diploma hangs in his office.

DR. JOHNSON,  
Member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges in the United States, and the greatest part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.  
These are some of the sad and melancholy effects produced by early habits of youth; viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c.

MARRIAGE.—The fearful effects on the mind are much to be dreaded—loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self distrust, loss of confidence, timidity, &c., are some of the evils produced.

YOUNG MEN  
Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life; by the consequences of deviating from the path of nature and indulging in a certain secret habit. Such persons now, before contemplating

MARRIAGE.  
Reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DISEASE OF IMPUDENCE.  
When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an unlimited sense of shame or the dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, fill his pecuniary substance, keep him trudging month after month, or as long as the smallest fee can be obtained, and in despair leave him with ruined health, to fight over his galling disappointment, or by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Neck, etc., progressing with frightful rapidity till death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveller returns.

INDORSEMENT OF THE PRESS.  
The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Evening Star, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

### The Great "American Remedies,"

KNOWN AS "HELMHOLD'S"  
GENUINE PREPARATIONS, VIZ:  
HELMHOLD'S EXTRACT "BUCHU,"  
"IMPROVED ROSE WASH,"  
HELMHOLD'S  
GENUINE PREPARATIONS.  
"HIGHLY CONCENTRATED"  
COMPOUND  
FLUID, EXTRACT BUCHU,  
A POSITIVE AND SPECIFIC REMEDY  
FOR DISEASES OF THE  
BLADDER, KIDNEYS, GRAVEL,  
AND DROPSICAL SWELLINGS.

This Medicine purges the system of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY or CALCAREOUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as pain and inflammation, and is good for MEN, WOMEN or CHILDREN.

HELMHOLD'S EXTRACT BUCHU  
FOR WEAKNESSES  
Arisen from Excesses, Habits of Disipation, Early Indiscretion, or Abuse.

ATTENDED WITH THE FOLLOWING SYMPTOMS:  
Indisposition to Exer-Dryness of the Skin, Loss of Memory, Difficulty of Breathing, Trembling, Weak Nerves, Wakelulness, Horror of Disease, Dimness of Vision, Pain in the Back, Universal Lassitude of the Body, the Muscular System, Eruptions on the Face, Hot Hands, Pallid Countenance.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow in one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases,"

INSANITY AND CONSUMPTION.  
Many are aware of the cause of their sufferings, but none will confess. The records of the Insane Asylums and the melancholy deaths by Consumption, bear ample witness to the truth of the assertion.

THE CONSTITUTION, ONCE AFFECTED WITH ORGANIC WEAKNESS,  
Requires the aid of medicine to strengthen and invigorate the system, which Helmholt's Extract Buchu invariably does. A trial will convince the most skeptical.

FEMALES—FEMALES—FEMALES,  
OLD OR YOUNG, SINGLE, MARRIED, OR CONTINUING WARE, &c., &c.,

In many affections peculiar to females the Extract Buchu is unequalled by any other remedy, as in Chlorosis or Retention, Irregularity, Painfulness, or suppression of the customary Evacuations, Ulcerated or Schirrous state of the Uterus, Leucorrhoea or Whites, Sterility, and for all complaints incident to the sex, whether arising from Indiscretion, Habits of Disipation, or in the

DECLINE OR CHANGE OF LIFE.  
NO FAMILY SHOULD BE WITHOUT IT.  
Take no Balm, Mercury, or Unpleasant Medicine for Unpleasant and Dangerous Diseases. HELMHOLD'S EXTRACT BUCHU,  
Cures Secret Diseases in all their stages; at little expense; little or no change in diet; no inconvenience and no exposure. It causes free and healthy action, and gives strength to Urinate, thereby removing obstructions, preventing and curing Stricture of the Urethra, relieving pain and inflammation, so frequent in this class of cases, and expelling Poisonous, Diseased, and Worn-out Matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "Poison" has by the use of "powerful Astringents," been dried up in the system, to break out in an aggravated form, and perhaps after marriage.

HELMHOLD'S EXTRACT BUCHU for all Affections and Diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing. Diseases of these Organs require the aid of a Diuretic. HELMHOLD'S EXTRACT BUCHU is the Great Diuretic, and it is certain to have the desired effect in all Diseases for which it is recommended.

Blood—Blood—Blood. Helmholt's Highly Concentrated Compound FLUID EXTRACT BUCHU, SARSA-PARILLA SYPHILIS. This is an affection of the Blood, and attacks the Sexual Organs, Linings of the Nose, Ear, Throat, Windpipe, and other Mucous Surfaces, making its appearance in the form of Ulcers. Helmholt's Extract Sarsaparilla, purifies the Blood, and removes all Scaly Eruptions of the Skin, giving to the complexion a Clear and Healthy Color. It is prepared expressly for this class of complaints, its Blood-Purifying Properties are preserved to a greater extent than any other preparation of Sarsaparilla.

HELMHOLD'S ROSE WASH.  
An excellent Lotion for diseases of a Syphilitic Nature, and as an injection in diseases of the Urinary Organs, arising from habits of dissipation, used in conjunction with the Extract Buchu and Sarsaparilla, in with diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicine. CERTIFICATES OF CURES from eight to twenty years standing, with names known to Science and Fame. Mr. Woodruff, of Chester, offered the following preamble and resolution:  
WHEREAS, The State Legislature did, at its last session, adopt as the basis of distribution of the State appropriation, the number of pupils attending the school; And whereas, No legislative action has been had for the accurate enumeration of the pupils, by a competent agent making the returns under oath; And whereas, The returns made on the basis of the imperfect returns contained in the table for the annual report of 1863, injustice will be done; therefore,

Resolved, That this Convention of County Superintendents do hereby respectfully memorialize the Legislature not in session, to repeal so much of the act of last session as makes the number of pupils the basis of distribution, and that the number of taxables, as certified by the clerks of the commissioners of the several counties be substituted, restoring the basis of former years.

Mr. Woodruff, in support of the resolution, read statement from the Department, showing that great injustice was done to some districts by this provision, the basis of distribution not being accurate. Resolution adopted.

Mr. Waters offered the following:  
Whereas, It has been fully testified by observation and experience, that one of the most serious obstacles to the advancement and development of our system is the shortness of the school term; therefore,

Mr. Morrison, offered the following:

### FROM WASHINGTON.

Assistant Adjutant General Townsend has made a report containing a list of all the known desertions of non-commissioned officers and privates from the Regular Army to the rebels. The number is only 28, of whom 20 are from the 8th United States Infantry. He also furnishes list of the officers who have left the service by resignation or desertion to engage in the rebellion. The total number is 277, of whom 188 entered the rebel service, and 92 are presumed to have done so; one was dismissed for surrendering his command in the face of the enemy, and one made attempt to desert to the rebels, two of them resigned, twenty-six were dismissed and nine dropped.

Among the contingent expenses of the War Department for 1863, as exhibited by the report, is an item of one thousand dollars paid to the widow of the Pilot Pedrich, of the steamer Escort, as a reward for the relief of the beleaguered garrison at Washington, N. C. The entire sum of the contingent expenses is \$177,000.

Mr. Ermentrout, of Berks county, read a report on Co-operation of Parents, which was received and discussed by Messrs. Bates, Thompson, Mollwaine and Dickerson.

Private advices from Chattanooga indicate the concentration of large forces in front of Foster, in East Tennessee, and Grant at Chattanooga. It is believed that the campaign will open with an attempt to recover Knoxville, and that the bulk of Lee's army will be transferred to that army, Lee himself taking command of the western armies.

This being a correct supposition, it is not improbable that the rebel capital will be removed further south, and its defence entrusted to a strong garrison, while concentration for offensive operations takes place in the West. All the signs indicate this as the probable movement in the spring.

Gen. Grant left for Nashville, with a view, it is said, to prepare for the great conflict in East Tennessee.
