## MEDICAL. THE GREAT "HELMBOLD'S" KNOWN AS GENUINE PREPARATIONS, VIZ: HELMBOLD EXTRACT "BUCHU" HELMBOLD EXTRACT SASSAPARILLA HELMBOLD IMPROVED ROSE WASH.

HELMBOLD'S  
GENUINE PREPARATIONS.  
"HIGHLY CONCENTRATED"  
COMPOUND  
FLUID, EXTRACT BUCHU,  
A POSITIVE AND SPECIFIC REMEDY  
FOR DISEASES OF THE  
BLADDER, KIDNEYS, GRAVEL  
AND DYSORICAL SWELLINGS.

THIS Medicine increases the power of Digestion, and excites the ABSORPTIONS into healthy action, and the WATERY OR CALCULOUS deposits, and all UNNATURAL ENLARGEMENTS are reduced, as well as pain and inflammation, and is good for MEN, WOMEN or CHILDREN.

HELMBOLD'S EXTRACT BUCHU,  
FOR WEAKNESSES  
Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse.

ATTENDED WITH THE FOLLOWING SYMPTOMS:  
Indisposition to Exertion, Dryness of the Skin, Loss of Power, Dimness of Breathing, Horror of Disease, Dimness of Vision, Universal Lassitude of the Pain in the Back, Muscular System, Hot Hands, Pallid Countenance.

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow.

IMPOTENCY, EPILEPTIC FITS,  
IN ONE OF WHICH THE PATIENTS MAY EXPIRE. Who can say that these are not frequently followed by those "terrible diseases."

INSANITY AND CONSUMPTION.  
Many are aware of the cause of their sufferings, but none will confess. The records of the insane asylums and the melancholy deaths by consumption, bear ample witness to the truth of the assertion.

THE CONSTITUTION, ONCE AFFECTED  
WITH ORGANIC WEAKNESS,  
Requires the aid of medicine to strengthen and invigorate the system, which Helmbold's Extract Buchu invariably does. A trial will convince the most skeptical.

FEMALES—FEMALES—FEMALES,  
OLD OR YOUNG, SINGLE, MARRIED, OR CONTENT  
WITH MARRIAGE.

In many affections peculiar to females the Extract Buchu is unequalled by any other remedy, as in Chlorosis, Menstrual Disorders, Catarrhs, preventing, curing the customary Evacuations, Ulcerated of the Cervix of the Uterus, Leucorrhoea or Whites, Sterility, and for all complaints which attend the female system, arising from Indiscretion, Excesses, or Habits of Dissipation, &c., &c., &c.

DECLINE OR CHANGE OF LIFE.  
NO FAMILY SHOULD BE WITHOUT IT.  
Take no Balsam, Mercury or Unpleasant Medicine for Venereal and Dangerous Diseases.

HELMBOLD'S EXTRACT BUCHU,  
Cures Secret Diseases in all their stages; at little expense; little or no change in diet; no inconvenience and no exposure. It causes frequent discharges, and gives strength to the system, thereby removing the morbid condition, preventing the curbing Stricture of the Urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling Poisonous, Disordered, and Wormed Matter. Those who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "Poison" has by the use of "quack" preparations, been driven up into the system, to break out in an aggravated form, and perhaps after marriage.

HELMBOLD'S EXTRACT BUCHU for all Affections of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing. Diseases of these Organs require the aid of a "Diuretic," being driven up into the system, to break out in an aggravated form, and perhaps after marriage.

Blood—Blood—Blood. Helmbold's Highly Concentrated Compound FLUID EXTRACT SASSAPARILLA SYRUP, &c., is an affection of the Blood, and attacks the system, by the use of "quack" preparations, being driven up into the system, to break out in an aggravated form, and perhaps after marriage.

An excellent Lotion for diseases of a Syphilitic Nature, and as an injection in diseases of the Urinary Organs, arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases is recommended. Evidence of the most responsible and reliable character will accompany the medicines. CERTIFICATE OF CURES from eight to twenty years standing, with names known to Science and Fame. For Medical Properties of Buchu, see Dispensary of the United States. See Professor DEWEY'S valuable works on the Practice of PHYSIC, Philadelphia. See remarks made by Dr. SYDNEY McWHY, a celebrated Physician and member of the Royal College of Surgeons, and published in the Transactions of the King's and Queen's Society. See Medical-Chirurgical Review, published by HENRY TRAYLOR, Fellow of the Royal College of Surgeons. The most of the late standard works on Medicine. Extract of Buchu, \$1.00 per bottle, or six bottles for \$5.00. Extract of Sarsaparilla, \$1.00 per bottle, or six for \$5.00. Improved Rose Wash, 50 cents per bottle, or six for \$2.50, or half a dozen each for \$12.00, which will be sufficient to cure the most obstinate cases, if directions are adhered to. Delivered to any address, securely packed from observation. Describe symptoms in all communications. Cures guaranteed. Advice gratis.

From the 9th Penna. Cavalry.  
(Correspondence of the Telegraph.)

CAMP 9TH PA. CAVALRY, EAST TENN.,  
NEAR MOSSY CREEK STATION, Jan. 24, 1864.  
Capt. Hancock, Co. B of our regiment, is about to start home on leave of absence. This affords me an opportunity, in the entire absence of mail facilities, of dropping you a line. Your letter from Indianapolis was received in Sparta before we crossed the mountains. We have now been three weeks in East Tennessee, having passed through Knoxville one week after the termination of the siege.

Our division, under the command of General Elliott, marched immediately to Strawberry Plains. After a few days delay, we marched to New Market, nine miles northeast. Here the two brigades separated, the second advancing on Mossy Creek, and the first (ours) upon Dandridge. To reach this place we left at 4 A. M., the morning of the 23d, and arrived at about ten. After stopping to breakfast, we marched on in pursuit of a brigade of rebel cavalry, which was encamped in the neighborhood. About three miles north of Dandridge we struck their pickets, and pushed on so fast as almost to stampede the whole brigade. The enemy retired immediately to a strong position in a woods, between two wooded hills, and near the French Broad. The 9th Penna. was thrown forward to feel the enemy, and if possible, smoke him out. The 1st East Tennessee held the right, and the 2d Michigan held the left. The 9th Penna. being in the center, while two or three pieces of artillery were holding forth from a hill in front. Matters appeared to be progressing finely, when, apprehensive of a snare, our commander, Col. Campbell, of the 2d Michigan, recalled the advance. The 9th had not regained the position of the advanced artillery, when the lead horses, servants and stragglers came rushing forward in the utmost haste and confusion. A rapid and heavy firing was heard in the rear. The 9th Penna. being this time the nearest to the scene of disaster, was ordered to charge immediately. Col. Jordan gallantly led the charge with about one-third of the regiment, all that he could get up in time. The troops behaved extremely well, and their gallant efforts were repaid by an immediate repulse of the rebels, and the rescue, at the last moment, of two of our guns which they had just seized. At the very commencement of the charge, Lt. Theophilus J. Morgan, commanding company E, was shot in the face, and almost instantly killed. We drove the enemy for some distance, when the Colonel commanding, fearing the return of the brigade of rebels, repulsed at the beginning of the action, ordered the withdrawal of the 9th, and a retreat by the right flank. While the troops were being rallied and the dead and wounded gathered together, a road was discovered, and a fighting retreat immediately began. The rebels filled in a few moments after our charge and renewed the attack. The 9th Pa. and the 2d Mich. covered our left flank, and for about two miles, the rebels had to be beaten back and held at bay at every point that presented an opportunity for defence. The situation for about two hours was extremely critical, and the fighting very obstinate and severe on both sides. Finally our perseverance triumphed, and the rebels finding they could not swallow us whole concluded to give up the effort. Our regiment and the 1st East Tenn. bore the brunt of the fight, and to them especially are due the honors. They have been highly complimented by the commanding general for their conduct on the occasion.

Col. Jordan served more bravely than any other individual. I have no time to be more particular at present. We marched over to New Market, and next day came up to Mossy Creek. On the 27th our division, in conjunction with other troops, made a heavy reconnaissance in front of Mossy Creek Station. The enemy held their ground so well, and had so good a position, that it was not thought advisable to make an attack. We retired to our camp, after making a show of fight nearly all day. The day following our camp was moved forward to the enemy's position of the previous day. Next day, 29th December, we were ordered to fall back slowly from our position, in order to draw the enemy on better ground. The rebels took the bait very greedily, and followed up our pickets very closely. They seemed to think we had lost part of our force, and advanced with great confidence. As the two lines advanced with their several lines of skirmishers served more bravely than any other individual. I have no time to be more particular at present.
